James Tobin,2014-07-02 From the 1920s to the 1950s neoclassicism was one of the dominant movements in American music Today this music is largely in eclipse mostly absent in performance and even from accounts of music history in spite of and initially because of its adherence to an expanded tonality No previous book has focused on the nature and scope of this musical tradition Neoclassical Music in America Voices of Clarity and Restraint makes clear what neoclassicism was how it emerged in America and what happened to it Music reviewer and scholar R James Tobin argues that efforts to define musical neoclassicism as a style largely fail because of the stylistic diversity of the music that fall within its scope However neoclassicists as different from one another as the influential Igor Stravinsky and Paul Hindemith did have a classical aesthetic in common the basic characteristics of which extend to other neoclassicists This study focuses in particular on a group of interrelated neoclassical American composers who came to full maturity in the 1940s These included Harvard professor Walter Piston who had studied in France in the 1920s Harold Shapero the most traditional of the group Irving Fine and Arthur Berger his colleagues at Brandeis Lukas Foss later an experimentalist composer whose origins lay in neoclassicism of the 1940s Alexei Haieff and Ingolf Dahl both close associates of Stravinsky and others Tobin surveys the careers of these figures drawing especially on early reviews of performances before offering his own critical assessment of individual works Adventurous collectors of recordings performing musicians concert and broadcasting programmers as well as music and cultural historians and those interested in musical aesthetics will find much of interest here Dates of composition approximate duration of individual works and discographies add to the work s reference value      The Piano in Chamber Ensemble, Third Edition Maurice

**The Piano in Chamber Ensemble, Second Edition** Maurice Hinson,Wesley Roberts,2006-04-04 The Piano in Chamber

Ensemble describes more than 3 200 compositions from duos to octets by more than 1 600 composers It is divided into sections according to the number of instruments involved then subdivided according to the actual scoring Keyboard string woodwind brass and percussion players and their teachers will find a wealth of chamber works from all periods Complete Recorded Works in Transcription Sam Morgan's Jazz Band, 2012-01-01 Book URL <https://www.areditions.com/rrrra/a073.html> This edition consists of musical transcriptions of all eight recordings of Sam Morgan's Jazz Band made in New Orleans in 1927 These are among the first recordings of black New Orleans jazz bands made in their home city and as the band consisted of musicians who stayed on in New Orleans after the Great Exodus to Chicago and New York in the early 1920s the recordings preserve a purer form of the collectively improvised ensemble of the earliest black jazz bands It is a loosely integrated purely linear ensemble mass a collective projecting of melodic lines close to the unassimilated heterophonic singing of the Black Primitive Baptist and Sanctified Churches This proto jazz style was being rapidly eclipsed in the 1920s by more flamboyant and technically brilliant forms of New Orleans jazz being recorded by Louis Armstrong Sidney Bechet and Jelly Roll Morton The scores contained herein are the first complete transcriptions of this rare and distinctive music to appear in print *Jacobs' Band Monthly*, 1929 *Music from the House of Hammer* Randall D. Larson, 1996-06-28 In the 1950s Hammer Film Productions a small British filmmaking company introduced the world to a new genre of motion picture Referred to by some as horror by others as fantasy Hammer films had a unique look and feel that many other studios would later attempt and fail to capture Hammer films also had a unique sound For although the studio was small and the budgets limited those involved in making the Hammer films recognized that the musical score was just as important as the set the actors and the script in telling the story Consequently Hammer Films Productions recruited the best musical talent to make its films come alive Those artists and the work they did are chronicled here in careful detail by Randall D Larson From the studio's fledgling days through its great successes of the 60s and early 70s *Music from the House of Hammer* offers an inside look at how the Hammer sound was developed and nurtured The Saxophone Symposium, 1993 **Hammer Film Scores and the Musical Avant-Garde** David Huckvale, 2014-01-10 Music in film is often dismissed as having little cultural significance While Hammer Film Productions is famous for such classic films as *Dracula* and *The Curse of Frankenstein* few observers have noted the innovative music that Hammer distinctively incorporated into its horror films This book tells how Hammer commissioned composers at the cutting edge of European musical modernism to write their movie scores introducing the avant garde into popular culture via the enormously successful venue of horror film Each chapter addresses a specific category of the avant garde musical movement According to these categories chapters elaborate upon the visionary composers who made the horror film soundtrack a melting pot of opposing musical cultures *Billboard*, 1946-08-03 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music
