of the signs of the present time      **The New Experience of the Supersensible** Jesaiah Ben-Aharon,2007 According to Rudolf Steiner's spiritual science the greatest spiritual event of our time is the renewal and reawakening of our human suprasensory relationship to the higher spiritual worlds The force that leads to this development called by various names in different cultural and religious traditions is called the Christ impulse by Anthroposophy in accordance with Christian terminology Because of new naturally endowed suprasensory faculties human beings are increasingly able to experience and perceive through an act of grace the great spiritual force of the Christ impulse This experience is said to be a naturally given initiation and today we increasingly hear of such suprasensory experiences Today however a healthy approach to these natural phenomena requires us to comprehend suprasensory experiences with full awareness and clear thinking This book builds an all important bridge between the naturally given suprasensory experience and its conscious cognition As a result empirical suprasensory research can investigate the different aspects of Christ's etheric becoming and appearance in a way that both methodically and experientially fulfils the justified cognitive and scientific requirements of our age This new paperback edition adds a new introductory chapter      **The Spiritual Event of the Twentieth Century** Jesaiah Ben Aharon,1993-01-01 Jesaiah Ben Aharon is a co founder of the anthroposophical kibbutz Harduf in which diverse initiatives are linked together in new social and economic forms In 1986 he was invited to teach Rudolf Steiner's educational ideas in a teacher training college in Tel Aviv Through attempting to utilize and unite the spiritual paths in his research Jesaiah Ben Aharon was led to concentrate on the beginning of the second third of this century especially the 12 years 1933-45 This period can be said to encompass the Spiritual Event of the Twentieth Century Through coming to a fully conscious comprehension of this event we may gain the courage needed to renew and enliven anthroposophy as the universal human language of our age      **The Twilight and Resurrection of Humanity** Yeshayahu (Jesaiah) Ben-Aharon,2020-05-26 This unique work the fruit of many decades research and experience throws new light on the supersensible history and karma of the Michaelic movement since Rudolf Steiner's death It describes that movement's evolution and transformation in the etheric world during the twentieth century from the world changing apocalypse of the 1930s and 40s through to the beginning of its incarnation on Earth at the end of last century The book also focuses on developments in the practical and social work of building the community of the School of Spiritual Science which embodies the new Michaelic movement in our time As Ben Aharon indicates the Michaelic movement is searching for creative courageous and enthusiastic souls to foster a strong community that develops from one decade to the next as a living organism Based on the continuous resurrection of anthroposophy this community strives to create a fully conscious meeting and communication with the school of Michael and Christ in the etheric world in a form that is appropriate and demanded by the times The transcripts of these lectures bring together the author's experiences with anthroposophy over the last 42 years in the light of present communications from the spiritual world It is based on contemporary spiritual investigation and individual lived experience From the Contents The

How can our souls unite with the etheric Christ experienced in the etheric world since the end of the last century What steps should we take in the second century of the age of Michael to unite with Him At the centre of humanity's evolution stands the Mystery of Golgotha through which the Christ impulse entered the earth Anthroposophy said Rudolf Steiner was given at the beginning of the last century to prepare for the second major Christ event the etheric Second Coming beginning in 1933 This Event is the portal that leads to the mighty and transformative happenings taking place in the etheric world right now enabling us to meet the etheric Christ Michael and Anthroposophia At the heart of this book is an existential question Early in his anthroposophical work Ben Aharon came to realize that without the light of spiritual science the meeting with the etheric Christ remained simply a personal experience Likewise without the new life forces streaming from the etheric Christ anthroposophy was merely a body of knowledge frozen in time Both needed each other But how was that mutually enlivening bridge to be built Speaking candidly of his personal spiritual path and inner struggles of consciousness Ben Aharon tackles this fundamental dilemma as a prelude to the forthcoming second edition of his book *The New Experience of the Supersensible* Contents include The Ur Phenomena of the Modern Christ Experience Paul's Christ Experience and the Birth of Christian Platonism The Michaelic Yoga The Platonic Aristotelian Essence Exchange at the End of the Twentieth Century The Meeting with the Etheric Christ The Abyss and the Event of the Threshold The Knowledge Drama of the Second Coming The Meeting with Michael The Meeting with Anthroposophia **Searching for the Spirit of the West** Luigi Morelli, 2023-05-29

The twenty first century is the

second middle century of the three centuries of the present age of Michael and it is the most decisive one. If humanity again misses Michael's goal, it will hardly be possible to recuperate from it and human evolution will be derailed for a long time. The present age of Michael can therefore rightly be called the Apocalypse of the age of Michael. Yeshayahu Ben Aharon. In five lively challenging lectures, Dr Ben Aharon offers encouraging perspectives on the apocalyptic challenges facing humanity. The key Michaelic task for human beings today, he says, is to comprehend fully the new revelation of the etheric Christ. On the success of this depends humanity's resurrection from the abyss from the grave of civilization. However, it can still be achieved and the time is at hand. The author describes the global School of Spiritual Science's contemporary work to create a path to conscious recognition of the Christ and Michael impulses. Offering numerous fresh viewpoints into the trials of our time, *The Time is at Hand* is an essential handbook for any serious student of anthroposophy. The talks from 2017 and 2022 are titled *Ahrimanic Immortality, the Matrix and the Technological Singularity, Michaelic Immortality, The Two Apocalyptic Beasts and the Mystery of the Wound, Follow This Star and The Time is at Hand*. *Spiritual Science in the 21st Century* Yeshayahu Ben-Aharon, 2017-10-09. With love, humour and brilliant insight, Ben Aharon addresses some of the most critical questions of our age, ranging from artificial intelligence and global politics to education and postmodern philosophy. Although tackling diverse subject matter, this accessible anthology, delivered initially as lectures in locations as contrasting as New York, Oslo and Munich, features a coherent inner rhythm. With his lively and intense presentation, the speaker invites us to share and participate in the creative process and the dynamic activity of incarnating new ideas, indeed to awaken to the very Spirit of our Time. Ben Aharon discusses his investigations into the Spiritual Event of the 21st Century, the working of spiritual beings in America, Central Europe, Scandinavia and Israel, the renewal of education, the creative transformation of antisocial forces, Israel's diverse culture in the midst of the clash of civilizations, the new Christ Event and how it can break through our habitual patterns and our hardened thinking, feeling and will, and the mission of the anthroposophical movement in our time. Informed throughout by decades of spiritual research and intimate experience, this volume contains mature and illuminating explorations into contemporary culture, history and spiritual science. *The Future is Now* Sevak Gulbekian, 1999. Rudolf Steiner spoke at various times of a period that encompasses the end of the twentieth century and the beginning of the new millennium. He described it as a time of great spiritual struggle in which forces of destruction would wage war on benevolent forces and how the future of culture and civilization would depend on the outcome. In his many statements on this matter, Steiner warned in particular members of the Anthroposophical Society and movement that they would be called on to develop vital spiritual capacities that are becoming increasingly critical for human progress. In these eighteen essays, contributors offer their thoughts on the question of where anthroposophy in its earthly manifestation now stands and to what extent it is fulfilling its tasks. This commentary on the challenges ahead offers us all a chance to reassess, prepare and wake up. This compilation features eighteen essays by Jesaiah ben Aharon, Mario Betti, Terry Boardman, Peter Bridgmont, Gilbert Childs, Dor
