Pasquale De Marco, 2025-08-09 *Wellness of Spirit A Fusion of Science and Spirituality* is a groundbreaking exploration of the

convergence of science and spirituality in the field of healing Drawing on the latest research in neuroscience psychology and medicine as well as ancient wisdom traditions from around the world this book offers a comprehensive guide to the mind body spirit connection and its implications for our health and well being In *Wellness of Spirit A Fusion of Science and Spirituality* Pasquale De Marco argues that the mind and body are not separate entities but rather two sides of the same coin Our thoughts emotions and beliefs have a profound impact on our physical health and conversely our physical health can also affect our mental and emotional well being Pasquale De Marco explores the role of spirituality in healing drawing on both Western and Eastern traditions He argues that spirituality is not about believing in a particular dogma or set of beliefs but rather about connecting with our true selves and our place in the universe This connection can be a source of great healing and transformation Pasquale De Marco also discusses the importance of ritual in healing Rituals can help us to connect with our inner selves to access our spiritual power and to create a sense of community Rituals can be as simple or as elaborate as we like and they can be adapted to fit any tradition or belief system Pasquale De Marco believes that the future of healing lies in the integration of science and spirituality He argues that by combining the best of both worlds we can create a more holistic and effective approach to healing that addresses the needs of the whole person not just the physical body *Wellness of Spirit A Fusion of Science and Spirituality* is a must read for anyone who is interested in the mind body spirit connection and its implications for our health and well being It is a book that will change the way you think about healing and will empower you to take control of your own health and well being If you like this book write a review
