The People's Faith Nicholas E. Denysenko, 2018-10-19 Works of liturgical theology tend to be produced by experts who draw from the sources and explain the meaning of the liturgy to the lay people. When such explanations are firmly grounded in the sources, the academy accepts and celebrates them as genuine works of liturgical theology. Liturgical theology requires an examination from a different perspective: the lay people's. How do the lay people explain their understanding of the liturgy in their own words? Drawing from the results of parish focus groups and a clergy survey, *The People's Faith* presents the liturgical theology of the lay people in the Orthodox Churches of America. *The People's Faith* presents original findings on how ordinary laity experience the Divine Liturgy, Holy Communion, Lent, and Easter; liturgical change and gender roles in the Liturgy. The author brings the laity's views into dialog with the prevailing liturgical theology in the Orthodox Church and identifies several topics worthy of theological reflection. The people's veneration for tradition tops a list of liturgical issues worthy of further research, including ecumenical aspects of the Eucharist, the relationship between liturgy and theological anthropology, and a desire to receive divine compassion during ritual celebration.

Christianity, LGBTQ Suicide, and the Souls of Queer Folk Cody J. Sanders, 2020-05-15 While garnering the attention of professionals across disciplines from medicine to public health to psychology and frequently covered as a topic of public concern in the news media, the elevated occurrence of suicide attempts among LGBTQ persons has received little attention within the literature of theology and religious studies. This book fills that lacuna by addressing the role that religious spiritual and theological narratives play in shaping the souls of queer folk. Taking a narrative approach to qualitative interview material from LGBTQ individuals who survived their suicide attempts, Cody J. Sanders argues that theological narratives can operate violently upon the souls of LGBTQ people in ways that make life precarious and at times seem unlivable. The book critically addresses the violence of theological narratives upon queer souls, filling a crucial void in scholarship concerning the role of religion, specifically Christianity, in LGBTQ suicide. Ultimately, the author draws upon the interview material to move readers toward constructive methods of contributing to the resistance and resilience of queer souls in relation to soul violence, asking how we can intervene with practices of care in order to cultivate livability of life for queer people.
