Johnson, 1998 Aging is not the beginning of the end but is part of God's eternal plan for human happiness Through this book readers will tap into the wisdom and grace that come with aging and discover the keys to maturing in the way God intended Paperback **Living with Vitality** Aaron Lloyd U. Parnell, 2007-06-01 This book analyzes the mindset and lifestyle choices that truly healthy people make to reach their goals for mind and body wellness The author takes an otherwise complex subject and makes each concept of vitality simple logical entertaining and practical You will gain insight about where to focus your energy and how to find the right resources to achieve complete vitality Christian Responses to Spiritual Incursions into the 21st Century Church and Society Nikolaos Asproulis, Stuart Devenish, 2020-10-30 This volume provides an account of the surprising in breaking of spiritual life that persists in our culture despite the best efforts of atheist spokespersons and secular theorists Spirituality in its varying forms is irrepressible resisting our attempts to exclude it by continuing to seep through the cracks and leak through the gaps When it is allowed to manifest itself through the Christian faith tradition it has the power to surprise transform and renew everything it touches This volume contains a series of case studies each of which describes the inner functionings and out workings of the spiritual life as a transformative point of contact between God world society and self Each chapter contains high level inquiry drawing on best practice scholarship that is deeply aware of the needs and opportunities that confront 21st century society **Expository Preaching in a World of Spiritual Nominalism** R. T. Johnson Raih, 2021-10-06 The spiritual decay of nominalism threatens the established church worldwide While spiritual lethargy is often addressed from the perspective of theology and discipleship little attention has been given to the role of homiletics in revitalizing a congregation's spiritual health In this study Dr Johnson Raih explores the impact of preaching on members of Baptist churches in Imphal Manipur India from 2000 to 2015 He utilizes interviews and questionnaires from pastors church leaders and lay members to assess the presence of nominalism within church congregations along with the effects of various preaching methods on increasing or decreasing spiritual vitality Combining this qualitative research with scriptural and theological insight Raih suggests that expository preaching has the power to confront and even eradicate nominalism within the church He draws on biblical examples along with the methodology of John Stott and Timothy Keller to offer ten practical recommendations for countering nominalism homiletically whether in Imphal India or around the world Pentecostal Prophets Stephen D. Barkley, 2023-04-20 Prophets come in many varieties ecstatic worshipers inspired preachers social justice advocates and even political pundits Their messages vary accordingly The purpose of this book is to dig beneath the message to understand the how How do modern day prophets experience the prophetic impulse The phenomenological study at the core of this book answers that question directly by examining the experience of Canadian Pentecostals From there the experience of modern day prophets is compared with Old Testament prophets with special attention given to Jeremiah It

turns out that prophets today share in the same experience as their Old Testament predecessors This book can benefit three audiences For the academy this work provides the first phenomenological study of prophecy in Canada For pastors reading this book will be an exercise in empathy placing you in the shoes of the prophets in your congregation helping you to understand what goes on when someone prophesies For everyday prophets this book will affirm your connection through Jesus to the Old Testament prophetic tradition enabling you to read those Old Testament books in a new experiential light

have so many people left their homes and migrated to other parts of the world as we've seen in recent years. This phenomenon creates as many opportunities as challenges. We are witnessing a massive increase in urbanization, pluralization, multiculturalism, and interfaith dialogue. What are the implications for the church as it tries to reach the nations? Tides of Opportunity brings together experts from diverse backgrounds to consider the practical significance of this mass migration. The reasons for these population movements are as varied as the people. Sadiri Joy Tira explores several causes like military conflict, economic hardship, and natural disasters. The contributors not only explain such trends but suggest possible ways to engage with diaspora neighbors. Through case studies, this volume also examines lesser-known dynamics such as sex trafficking and the movement of immigrants to rural areas. This book challenges us to find more creative and integrated mission strategies for effectively reaching out to the various peoples on the move with the gospel. How will you respond to the tides of opportunity?

Ethics in the Age of the Spirit Howard N. Kenyon, 2019-10-29 What causes us as a people of faith to think and act the way we think and act? Are we motivated by whatever is most practical by a particular understanding of Scripture, by the influence of the culture around us, or by something more profound? On the premise that Pentecostalism does have much to contribute to the study of ethics, this book explores how one group, the American Assemblies of God, has wrestled with issues of racism, women in ministry, and Christian involvement in war. In the process, readers are invited to examine the connection or disconnect between what we believe and how we live out our faith.
