**Spirituality and Dialectics** Anthony E. Mansueto, 2005 Spiritual Dialectics Swami Mukundananda, 2013-04-18 What is Destiny What is Karma Yog Why do bad things happen to good people What does the soul look like Dialectics is a method of investigating into the nature of the Truth through discussions in the form of questions and answers Many a times resolution of the doubt creates an experience that is nothing short of an epiphany a sudden enlightenment or an intuitive leap of realization The satisfaction of having a troubling question answered after many years of intellectual discomfort is much like the gratification of taking off a tight shoe after wearing it all day except that the latter is a physical relief while the former is an intellectual deliverance Over the last 25 years Swami Mukundananda has been asked hundreds of thousands of questions from people across the world on diverse topics related to religion spirituality and God These discussions with devotees seekers and learners are now available as a source of guidance for sincere seekers worldwide The book is a compilation of answers to some of the most challenging questions regarding spirituality the goal of life philosophy the holy scriptures and more

Catholic Horror and Rhetorical Dialectics Gavin F. Hurley, 2024-06-15 Identifying an

important subgenre of horror literature this book argues that Catholic horror fiction works distinctively to inspire the philosophical theological and spiritual imaginations of readers from all backgrounds and faith traditions Hurley analyzes four novels that are foundational to the genre of Catholic horror J K Huysmans s *L Bas* 1891 Robert Hugh Benson s *The Light Invisible* 1903 and *A Mirror of Shalott* 1907 and William Peter Blatty s *The Exorcist* 1971 Putting these texts in conversation with the classical liberal arts the book shows how Catholic horror fiction coheres in a commitment to dialectical thinking that aims both to resolve and to accommodate contrasting world views Given its use of this methodology Catholic horror literature is uniquely positioned to draw readers into a contemplative mindset In presenting ghost stories tales of possession and narratives about evil Catholic horror invites audiences to confront and reflect on profound existential questions questions about the line between life and death the nature of being and the meaning of reality

**The Art of Spiritual Midwifery** Stephen Faller, 2015-06-02 What comes after reflective listening What comes after the ministry of presence Spiritual midwifery is a powerful framework for offering pastoral care in today's fast-paced environment Midwifery offers ways of thinking about those who are served the work itself and what it means to be a clinical caregiver within the tradition of the care of souls Spiritual midwifery has philosophical and spiritual roots that stem from the earliest seeds of Western thought even back to Jesus and Socrates Readers will find an inductive approach toward a conceptual model that offers insight for richer assessments and outcome-oriented goals of care Part One sets out the metaphors of the midwife and the dialogue Part Two unpacks the methodology behind the mechanics Part Three looks at creative applications of midwifery and is followed by a Symposium patterned after Plato's own Symposium A rigorous theory remains at the center of the work but the tone is poetically balanced enough to invite the transformation of the spiritual caregiver From the philosophy of Heraclitus to the theology of Kierkegaard to the spiritual direction of Guenther The Art of Spiritual Midwifery brings forth a comprehensive conception of pastoral care and its delivery

Methods for Intense Spiritual Transformation is a book that gives details about how we can resist the evils of this world and turn to higher goals

Against the Spiritual Turn Sean Creaven, 2014-04-08 The argument presented in this book is that the recent spiritual trajectory of Roy Bhaskar's work upon which he first embarked with the publication of his *From East to West* undermines the fundamental achievements of his earlier work *The problem with Bhaskar's new philosophical system* Transcendental Dialectical Critical Realism or simply Meta Reality from the critical realist Marxist perspective endorsed here is that it marks both a departure from and a negation of the earlier concerns of Bhaskar to develop a realist philosophy of science and under labour for an emancipatory materialist socio historical science The end result is a meta philosophy which is irrealist speculative under theorized internally self contradictory and which cannot provide philosophical guidance to liberatory social practices In opposition to theist ontological logics more generally including the rather more rational theism presented by Margaret Archer Andrew Collier and Doug Porpora the argument of this book is that the earth bound materialist dialectics of the classical Marxist tradition and the naturalistic humanism these dialectics under labour on the terrain of socio historical being offer a much more promising way forward for critical realist theory and for liberatory politics and ethics

*Dialectic of Enlightenment as Sport* Tom Donovan, 2015-10-01 In their *Dialectic of Enlightenment* Horkheimer and Adorno set out to explain why humanity instead of entering a truly human state is sinking into a new kind of barbarism Philosophy teacher Tom Donovan PhD UC Riverside offers a fresh reading of that classic text showing that it is first and foremost a critique of the metaphysical urge Describing our world of stupid consumption mindless entertainment and perverted games and relationships he notes these sorts of games have no end game as fantasy spectators never really win and yet they don't see it because they are too busy watching the other lose This is the secret of class society As long as there is someone below you then lack of reconciliation doesn't hurt so badly Citing the Super Bowl Clippers owner Donald Sterling basketball players like LeBron James plus the Kardashians mega churches and comedians like Jon Stewart Donovan gives us a new understanding of our age and how the broken threads that are today's Capitalism religion and sports contribute to unraveling the fabric of Modernity Against readings that claim that *Dialectic of Enlightenment* is a simple critique of instrumental reason that ultimately undermines rationality itself

Dr Donovan argues that the real critique is aimed at the metaphysical urge itself. As such, rationality itself is not the target of attack nor is the notion of enlightenment. Taking Adorno's and Horkheimer's example of the Marquis de Sade, the author observes Sade can only find pleasure in domination. The fear of the outside has morphed into fear of a reconciled world, fear of a world where everyone treats each other as ends in themselves. A society like this can tolerate porn but not socialism; a society like this won't miss the ice caps but wouldn't miss the Super Bowl; a society like this lets civilization sink into barbarism so long as they can watch *The Bachelor*. Stylistically, this book attempts to rationally mimic the fragmentary nature of *Dialectic of Enlightenment* so that through form and content the argument of the book will emerge dialectically. Readers will see that *Dialectic of Enlightenment* actually offers a positive conception of enlightenment and a philosophical instance of the use of dialectics. The book is for readers interested in critiques of capitalism and religion and sports in America as well as Marxism and Critical Theory. It will intrigue academics interested in the Frankfurt School and the idea of the Metaphysical Urge.

**Hearing God's Voice: Towards a Theology of Contemporary Pentecostal Revelatory Experience** Tania M. Harris, 2023-09-25. The revelatory experience or, in common parlance, hearing God's voice is prized by Pentecostal Charismatic Christians for its contribution to spirituality yet remains one of the most problematic areas of church life. Theological tensions and pastoral fallout have plagued the experience since the time of the New Testament. Drawing on the tools of practical theology, this book presents the findings of a unique and ground-breaking study among Australian Pentecostals. With a theological framework modelled on New Testament practice and undergirded by the accountability of the local church, many of the problems associated with revelatory experience can be addressed and the experience fully harnessed for kingdom purpose.

**Therapy by Modern Religion** Constantin Portelli, 2018-06-05. Humanity is ill because of materialist philosophy and medieval interpretations of historic religions. Both enter in contradiction with science, modern knowledge, and primordial truth inscribed in our souls. To require the psychic equilibrium man needs a new modern paradigm that is based on science, logic of divine creation, and primordial knowledge of soul. This means to achieve the progress of Christian religion and historic religions to universal religion projected by divinity; it introduces a credible paradigm suitable to achieve the psychic harmony of individuals and people in modern conditions of life. It has the power to cure many psychic illness and troubles.
