**Interreligious Learning** Michael Barnes, 2011-12-15 Taking the theme of learning as central to the responsible practice of interfaith dialogue, Michael Barnes discusses a Christian spirituality which builds on virtues of hospitality and the welcoming of other traditions whilst maintaining the importance of difference and particularity in the search for meaning. Each chapter explores how faith grows as a person crosses a threshold into another religious world and learns sensitivity to echoes of the known in the unknown. Encounters with the religious other refracted through texts, conversations, artefacts and places are used to illustrate the ancient Patristic theme of seeds of the Word. Cumulatively they show that faith which learns how to engage imaginatively with another religious world constantly returns to the home tradition reinvigorated in its appreciation of the other. This book contributes to current comparative theology studies using a theological approach to interreligious studies complementary to one based on the experience of interpersonal relations.

Critical Conversations about Religion Sachi Edwards, 2016-10-01 Interfaith initiatives are increasingly prevalent on college and university campuses around the country. In large part, this trend responds both to ongoing religious violence throughout the world and to increasing religious tension in the United States. As such, these interfaith initiatives often attempt to bolster interfaith collaboration and increase awareness of different religious cultures, identities, beliefs, and traditions. In this book, Edwards reviews the various goals and processes associated with the interfaith movement and offers both warnings and suggestions for those who are interested in pursuing an approach to interfaith dialogue that is oriented toward social justice. In doing so, this book fills a critical gap in academic literature surrounding the impact of religious identity and interfaith relations on pedagogy, educational experiences, and campus climates. Through three descriptive case studies set in a large public university in the United States, Edwards explores the use of Intergroup Dialogue as a pedagogical model for interfaith dialogue. While the goal of this pedagogy is to increase student understanding of privilege, oppression, and social injustice pertaining to religious identity, the cases in this book demonstrate how and why social justice oriented interfaith dialogue can be easily derailed and if so, may potentially have harmful implications for religious minorities. Accordingly, Edwards offers five necessary conditions for assuring that social justice oriented interfaith dialogue which Intergroup Dialogue is intended to be successful. By focusing on the unique perspectives of four particular student participants, all of whom have religious identities outside of the three dominant Abrahamic religions, Edwards also highlights the experiences of those from religious identity groups that are the most overlooked and underrepresented in the discourse on interfaith dialogue.

Catholics in Interreligious Dialogue Anthony O'Mahony, Peter Bowe, 2006 This volume brings together a wide ranging and engaging series of studies that witness to the depth of theological reflection that the contemporary

Christian monastic and scholarly community are engaged in as the religious traditions seek to understand and relate to each other in a global context Catholic *Spirituality of Interfaith Dialogue* Ambrogio Bongiovanni, Leonard Fernando, 2019

*Spirituality of Interfaith Dialogue* is a call to live together sharing the richness and the goodness of one's own religious experience The strong dialogical approach found in this impressive collection of essays is far from being the outcome of a naive reading of the history of the various faiths or of any lack of awareness as to the violence that has stained their respective histories Rather it emerges from a powerful desire to open new horizons towards a better future for the entire world **The Wiley-Blackwell Companion to Inter-Religious Dialogue** Catherine Cornille, 2020-06-08 This comprehensive volume brings together a distinguished editorial team including some of the field's pioneers to explore the aims practice and historical context of interfaith collaboration Explores in full the background history objectives and discourse between the leaders and practitioners of the world's major religions Examines relations between religions from around the world moving well beyond the common focus on Christianity to also cover over 12 major religions Features a wealth of case studies on contemporary interreligious dialogue Charts a long term shift away from a competitive rivalry between belief systems and a change in focus towards the more respectful cooperative approach reflected in institutions such as the World Council of Churches Includes up to date commentary on the growing dialogue of recent years written by some of the leading figures working in the field of interfaith discourse *The Interfaith Imperative* Ross Thompson, 2017-01-30 Globally we seem torn between local exclusive forms of religion which can cause immense spiritual and physical damage to people and a bland secularism that confines the religions to safe havens each offering its own private options for spirituality within a secularized global politic In this context the religions tolerate one another but cannot engage in mutually challenging and transforming dialogue Thompson argues that it is only through dialogue that the distinctive truths of the faiths emerge Moving beyond the threefold paradigm that has limited dialogue and challenging modern secularism and postmodern relativism alike he argues for a dialogue based realism that is rooted in the Christian doctrines of creation and Trinity Turning to recent theological approaches Thompson both affirms and criticizes narrative and postliberal theologies liberation theology and the revival of negative theology The transfiguration of Jesus provides a model for the way theology proceeds in dialogue from an initial naivety through metaphysical construction and deconstruction to a new metaphorical interillumination Thompson sets forth a utopian hope for the interreligious city of God shining with the divine interilluminative rainbow light reflected from the many faiths including the secular faith *Religion Gone Astray* Don Mackenzie, Ted Falcon, Jamal Rahman, 2011 Welcome to the deeper dimensions of interfaith dialogue exploring that which divides us personally spiritually and institutionally We believe that interfaith dialogue holds the key to a healing that calls us back to purpose and to meaning We have risked confronting aspects of our traditions usually hidden and the consequences have been deeply life affirming We risk becoming vulnerable as we share awkward and even unacceptable texts and interpretations but it is this very vulnerability that allows our dialogue

to move forward from the Introduction Expanding on the conversation started with their very successful first book the Interfaith Amigos a pastor a rabbi and an imam probe more deeply into the problem aspects of our religious institutions to provide a profound understanding of the nature of what divides us They identify four common problem areas in the Abrahamic faiths Exclusivity Staking Claim to a One and Only Truth Violence Justifying Brutality in the Name of Faith Inequality of Men and Women The Patriarchal Stranglehold on Power Homophobia A Denial of Legitimacy They explore the origins of these issues and the ways critics use these beliefs as divisive weapons And they present ways we can use these vulnerabilities to open doors for the collaboration required to address our common issues more profound personal relationships and true interfaith healing *The Art of Interfaith Spiritual Care* Walter Blair Stratford,2016-06-23

Relationships between people are frequently compromised as a result of religious viewpoints but appropriate spiritual care requires bridges to understanding that will allow for trust and justice to become visible The pattern for this book is shaped on the recognition that while religious expressions differ markedly in their presentation we can discern at the core of all religious expressions a supposition of sacred presence It is therefore helpful for us all in the daily events of our lives that we approach people of other faiths with a degree of humility recognizing that neither we nor they have a final answer to the question of faith The book is divided into four parts each part containing some chapters in which elements of interfaith care are considered Part one explores the complexities of interfaith engagement Part two discusses ways for caring for each other in the search for meaning Part three claims that spirituality is most difficult if not impossible to define but can be visible in a variety of experiences The fourth part explores ways in which all that has gone before may be put into practice as spiritual care **Women and Interreligious Dialogue** Catherine Cornille,Jillian Maxey,2013-09-26

Though women have been objects more often than subjects of interreligious dialogue they have nevertheless contributed in significant ways to the dialogue just as the dialogue has also contributed to their own self understanding This volume the fifth in the Interreligious Dialogue Series brings together historical critical and constructive approaches to the role of women in the dialogue between religions These approaches deal with concrete examples of women s involvement in dialogue critical reflections on the representation of women in dialogue and the important question of what women might bring to the dialogue Together they open up new avenues for reflection on the nature and purpose of interreligious dialogue *Dialogical Transformation* Jesse F. Tanner,2016 In the midst of growing religious plurality and diversity interreligious dialogue has been an increasingly prominent response to this situation The present project analyzes the history and significance of interreligious encounter particularly in the U S American context but with implications that go beyond this setting Focus is placed on the hermeneutical character of dialogue and its transformative power examining what transformation means primarily through the lenses of philosophical hermeneutics The transformation that arises from interfaith encounter involves a realized experience of truth disclosure This event of growth is elucidated as transformation by integration incorporating elements of

the other into one's own religious identity. This involves a renewal, expansion and enhancement of understanding. For further illustration the Buddhist and Christian traditions and their soteriological frameworks for transformation are explored. It is argued that interreligious dialogue as a religious practice engenders and supports the liberating transformation present in each religious worldview. *Changing the Present, Dreaming the Future* Hans Ucko, Charlotte Venema, Ariane Hentsch, 2006

For over 30 years the World Council of Churches has been involved in interreligious dialogue. In the last decades there has been an increasing interest in dialogue due to the unexpected return of religion as a reality to reckon with in society and political life. In an unprecedented way in recent years and in numerous parts of the world many societies are marked by tension and conflict between and within religious communities yet where mechanisms for dialogue and encounter exist there is a greater possibility of fostering deeper knowledge and awareness among people of different religions. Good neighbourliness grows and thrives where there is mutual acceptance and mutual respect. The WCC affirms the importance of interreligious relations and dialogue today as a core issue for its work. Harvesting experiences in dialogue suggests that we are at a critical moment; thus in June 2005 the World Council of Churches organized the Critical Moment in Interreligious Relations and Dialogue conference facilitating reflection on future orientations in interreligious dialogue. The aim of this book is to share the highlights of the Critical Moment conference and to give food for thought and action to all involved in interfaith dialogue and cooperation. It presents the plenary speeches and a compilation of the working group reports as well as a summary of the answers from participants to a survey made before the conference. To make the material more alive and useful for those not at the conference the book includes a study guide meant for practical use in the local community. It links to issues raised at the conference and gives background information, thoughts for reflection and questions to work on. Although intended for those who already have some interfaith experience this book can also be useful to people who are new to the field. It gives insight into current issues and dilemmas and suggestions for further reflection. *Sourcebook of the World's Religions* Joel Diederik Beversluis, 2000. More than 300 articles, documents, prayers, poems and sacred texts explore the intersection of people's world views and commitments in the revised and updated edition of this comprehensive resource.

**Understanding Interreligious Relations** David Cheetham, Douglas Pratt, David Richard Thomas, David Thomas, 2013-11

*Understanding Interreligious Relations* is a multi-authored volume that explores the theme of the religious other from the perspective of five major religions: Hinduism, Judaism, Buddhism, Christianity and Islam, and discusses a range of issues in which interreligious relations are central. These include conversion, the impact and nature of religious extremism, the contemporary development of interreligious dialogue, the dynamics operating between majority and minority religious groups belonging to more than one religion or faith tradition, examples of cross-religious co-operation, religion in the public domain and the task of peace building among others. In a religiously plural world, how different religious communities get along with one another is not just an academic question; it is very much a focus of socio-political and wider community attention. The

challenge to understand interreligious relations is of critical importance in today's world      *Spirit and Nature* Steven C. Rockefeller, John C. Elder, 1992-06-05 As featured in Bill Moyers's PBS special *Spirit and Nature* leaders from major traditions around the world speak out in this volume about what spiritual resources we may turn to in our age of unprecedented danger to the planet
