Spirituality In The Mother Zone Staying Centered Finding God:

Spirituality in the Mother Zone Trudelle Thomas, 2005 A blend of personal stories theological reflection and practical wisdom this book will help struggling mothers find comfort courage and an imaginative vision for the future *Twelve Principles of Effective Parenting* David Celio, 2011 This book is a practical guide for parents who are navigating the storms and stresses of raising middle school children in turbulent times In today s rapidly changing and demanding world parents are challenged to identify and follow sound ethical and educational principles to produce happy and successful children This book offers twelve principles which have been field tested by the author and formulated to serve as guidance for parents of middle school children If parents can put these principles into practice they will have secured the basic understanding of a psychologically healthy family life Dr Celio has provided this basic training to parents for decades and they have contributed to happier family lives He has not only applied these principles to his patients he has also applied them to his own family with good results Written by an experienced psychologist who has applied the principles he discusses in his own practice Has wide applicability to raising children of all ages but is aimed at tweens middle school children who are increasingly being identified as an important group for intervention Is clearly and succinctly written with examples in every chapter and a concluding chapter with a set of additional middle school crisis scenarios that parents might encounter Applicable to charter schools as well as parochial and private schools wherever parents want the best for their children *Calm and Quiet My Soul* Alyssa Lynn Bell, 2023-10-19 Self care and soul care are trending topics in Christian leadership circles because ministry leaders know they cannot care for their people unless they care for themselves Pastors who are mothers know this too and yet it can feel like just one more task to manage among the many they carry on their schedules and in their hearts The biblical truth is that spiritual rest is a gift from God not an achievement a refreshing reminder for women who hold the dual roles of mom and minister This book invites women leading in these spaces to remember that the God of the Old and New Testaments the one who pours out replenishment for weary hearts is a God who is Mother as well as Father and mothers them with tenderness and strength Starting here in the arms of a mothering God who whispers beloved changes the tone of spiritual care for her from a chore to an oasis of replenishment that grounds her in her identity in Christ as a daughter of Creator God **Mothershift** Jessie Harrold, 2024-11-12 Explore this supportive grounding guide for new mothers navigating the cascade of identity change and transformation that is motherhood Our modern Western societal understanding of what happens to a woman when she becomes a mother beyond emotional rollercoasters and healing her pelvic floor remains largely uncharted territory The transition to motherhood actually takes two to three years not six weeks or three months as we ve been led to believe Mothershift offers a supportive affirming road map to take women through this transformational process Jessie Harrold introduces her map for your becoming a research based four phase model that maps out how the transition to motherhood unfolds and helps women to navigate every step along the way She has used this model to guide

thousands of women through the shift into motherhood Harrold also includes self inquiry questions and journal prompts in each chapter to help women identify and thrive amidst the cascade of changes they can expect as they enter motherhood Topics include Normalizing the feelings of grief and loss of self you may feel along the way Navigating the discomfort of not knowing who you are anymore now that you re a mother Guiding you to cultivate a sense of empowerment and leadership in motherhood showing you how mothering is a counterculture act Showing you how to use the superpowers that motherhood can offer self tending creativity embodiment ritual community inner knowing and earth connection Gently guiding you to explore who you are becoming *Therapeutic Arts in Pregnancy, Birth and New Parenthood* Susan Hogan,2020-08-06

challenges and personal accounts she invites us to explore a new way of living beyond our steady state of distracted connectedness Most of us can't throw away our smartphone or cut ourselves off from the Internet But we can all rethink our relationship with the digital world discovering new ways of introducing balance and discipline to the role of technology in our lives This book is a must read for anyone wishing to rediscover quietness of mind and seeking a sense of peace amidst the cacophony of the modern world Praise for *The Joy of Missing Out* Crook's book does a marvelous job of examining where we've gone awry and how we might begin to take ourselves and our lives back while acknowledging the reality and importance of our wired world Dr Susan Biali MD Psychology Today Offers thoughtful consideration of how online communications have evolved as well as the value we place on being ever present in a digital world often to the detriment of personal space and quiet time Through practical examples and directions Crook champions developing healthier habits for a more mindful online experience Lori A May Portland Book Review **The Publishers Weekly** ,2010 *Journal of the Association for Research on Mothering* ,2005 *New Books on Women and Feminism* ,2005
