## **Spirituality Of Friedrich Von Hugel:**

**The Spirituality of Friedrich Von Hügel** Joseph P. Whelan, 1971      The Mystical Element of Religion Friedrich von Hügel, 2021-05-07 Hügel's The Mystical Element of Religion features a critical but largely appreciative philosophy of mysticism. The author's three elements of religion are his most enduring contribution to theological thinking. The human soul, the movements of western civilization and the phenomena of religion itself he characterized by these three elements: the historical institutional element, the intellectual speculative element and the mystical experiential element. This typology provided for him an understanding of the balance, tension and friction that exists in religious thinking and in the complexity of reality and existence. It was an organizing paradigm that remained central to his project. The effort to hold these sometimes disparate dimensions together was structurally and theologically dominant throughout his writing. The main subject of Hügel's study are the life and teaching of Catherine of Genoa, 1447-1510, the Italian Roman Catholic saint and mystic, admired for her work among the sick and the poor and remembered because of various writings describing both these actions and her mystical experiences.

**Contents:** The Three Chief Forces of Western Civilization, The Three Elements of Religion, Catherine Fiesca Adorna's Life up to her Conversion and the Chief Peculiarities predominant throughout her Convert Years, Catherine's Life from 1473 to 1506 and its Main Changes and Growth, Catherine's Last Four Years, 1506-1510, Catherine's Doctrine, Catherine's Remains and Cultus, Battista Vernazza's Life, Psycho-physical and Temperamental Questions, The Main Literary Sources of Catherine's Conceptions, Catherine's Less Ultimate This World Doctrines, The After Life Problems and Doctrines, The First Three Ultimate Questions, The Two Final Problems, Mysticism and Pantheism, the Immanence of God, And Spiritual Personality, Human and Divine, Back Through Asceticism, Social Religion and the Scientific Habit of Mind to the Mystical Element of Religion.

Creative Tension Ellen M. Leonard, 1997. Ellen M. Leonard's study of Baron Friedrich von Hügel's life, thought and spiritual vision rediscovers this important Catholic voice from the turn of the 20th Century. Hügel was a lay theologian who maintained both his personal equilibrium and his spiritual leadership role during the complex days of the modernist movement. Hügel sees three elements of religion: the authoritative historical and institutional, the critical speculative and philosophical, the intuitive vocational and mystical. Leonard's study concentrates both on Hügel's writings and spiritual activities.
