Spirituality Of Resistance Finding A Peaceful Heart And Protecting The Earth

Roger S. Gottlieb

Spirituality Of Resistance Finding A Peaceful Heart And Protecting The Earth:

A Spirituality of Resistance Roger S. Gottlieb, 1999 This personal and powerful book speaks to anyone who has ever wondered how to be happy when there is so much suffering in the world anyone who seeks a peaceful heart in a dark time

Tikkun Reader Michael Lerner, 2007 Tikkun teokun To heal repair and transform the world The Tikkun Reader is a collection of the best of Tikkun magazine from the past 20 years providing the most cohesive collection of writings that articulate the progressive left leaning religious perspective on the some of the most important issues in politics culture and society facing both Jews and non Jews today It includes contributions by such people as Naomi Wolf Arthur Green Harvey Cox Amitai Etzioni Daniel Berrigan Neale Donald Walsch Cornel West Vandana Shiva Dennis Kucinich Jim Wallis Deepak Chopra and Noam Chomsky

Spirituality and Deep Connectedness Michael C. Brannigan, 2018-09-15 What is spirituality Does it enable us to be better persons Is spirituality related to religion These days is it even relevant On college campuses does it promote student well being Does it further moral growth Can spirituality make a difference in healthcare What about social justice and service to the marginalized This rich collection of essays by respected scholars and practitioners in diverse fields in academic healthcare social justice and interfaith contexts addresses these questions in strikingly profound and meaningful ways Their voices offer alternatives to the prevailing notion of spirituality as a purely private matter and make a case for living spiritually through deep and genuine engagement with others bridging our inherent and original fault line of Self and Other Their keen observations resuscitate the spiritual fabric of defiance against and liberation from forces of oppression which show their face not only through chronic inequities and social injustice but in consumer capitalism s grip on our souls This volume s dispatch to our minds and hearts is timely in an age of looming cynicism pessimism fear and distrust In carving out a renewed sense of what lies at the heart of living a life of the spirit or spirituality it offers an antidote to our widespread hermeneutic of suspicion None of the authors claims to encapsulate one pure meaning of the spiritual Yet they share one collective voice spirituality is indeed genuine when it calls forth compassion and wears the worn and tangled face of humaneness freeing ourselves from the prison of ego Here we find messages of hope much needed in a time when our society seems increasingly shadowed by dark clouds These essays remind us of what s right in the world

Enough is Plenty Anne B. Ryan, 2009-11-16 Enough is an ancient master concept which today finds renewed expression in a variety of proposals for a transition to a better world Each one of us has an innate sense of enough everybody can play a part in the movement of enough and at the same time improve daily well being The book is a unique blend of ideas practice and resources integrating philosophy morality ecology spirituality self help citizenship leadership economics and politics

Liberating Faith Roger S. Gottlieb, 2003 Table of contents **Burning Center, Porous Borders** Eleazar S. Fernandez, 2011-10-17 Burning Center Porous Borders articulates what the church is and is called to be about in the world a world now globalized to the point that the local is lived globally and the global is lived locally The church must respond

creatively and prophetically to the challenges economic disparity war and terrorism diaspora ecological threat health crisis religious diversity and so on posed by our highly globalized world It can do so only if the church's spiritual center burns mightily Conversely it can burn mightily in the spirit of Christ only if its borders are porous and allows the fresh air spirit of change to blow in and out While there is much rhetoric about change the most common response to change is to continue doing business as usual This is particularly the case in the face of perceived global threats In spite of the hoopla and euphoria of the global village walls of division and exclusion are rising hearts are constricting and moral imagination shrinking In response to this context Burning Center Porous Borders proposes alternative ways or images of being a church burning center and porous borders wall buster and bridge builder translocal global mending healer radical hospitality community of the earth spirit household of life abundant dialogians of life and community of hope In Burning Center Porous Borders congregational vitality and progressive praxis kiss and embrace **Teaching Ritual** Catherine Bell, 2007-05-11

Many teachers share an interest in bringing a better appreciation of ritual into their religious studies classes but are uncertain how to do it Religious studies faculty know how to teach texts but they often have difficulty teaching something for which the meaning lies in the doing How do you teach such doing How much need be done How does the teacher talk about the religiosity that exists in personalized relationships not textual descriptions or prescriptions These practical issues also give rise to theoretical questions Giving more attention to ritual effectively suggests a reinterpretation of religion itself an understanding less focused on what people have thought and written and more focused on how they engage their universe Many useful analyses of ritual derive from anthropological and sociological premises which may be foreign to religious studies faculty and even seen by some as theologically problematic This is the first resource to address the issues specific to teaching this subject A stellar cast of contributors all scholars of ritual and teachers experienced in using ritual in a wide variety of courses and settings explain what has worked for them in the classroom what has not and what they have learned from the experience of being more real about religion Their voices range from personal to formal their topics from ways to use field trips to the role of architecture The result is a rich guide for teachers who are new to the subject as well as the experienced willing to think about new angles and fresh approaches *Precious Precarity* Helen T. Boursier, 2024-05-21

Borders are places of collision People and politics compassion and cruelty law and lawlessness hope and despair idealism and ideology life and death all collide at the border But these collisions have human faces North and south rich and poor nuns and nones desperation and courage a spirit draws all these poles together and a spirituality animates their encounter Precious Precarity examines the spirituality that emerges between life and death when vulnerable raced migrants must leave their homelands and traverse harsh environments to seek safety in an often unwelcoming foreign land The spirituality of displaced people mingles with that of volunteers advocates and environmentalists at the southwestern US Mexico border creating a unique and distinct spirituality in the borderlands It's a spirituality shaped by the reality of death and the

passionate quest for safety and for life Informed by interviews activism scholarship original art and a practiced compassion Precious Precarity takes readers beyond the headlines policy debates good intentions and bad faith that too often dominate our understanding of the borderlands to reveal the ways in which human experience endures life's travails transcends its vagaries and vanities and persists in the face of danger and even death Mysticism and Social Transformation Janet K. Ruffing, 2001-02-01 Where do Mysticism and and political action meet How does faith empower its adherents to resist oppression What are the origins of authentic contemporary mysticism From the thirteenth century Franciscan movement to African American mystics this wide ranging volume of essays considers exemplars of Christian mysticism including Teresa of Avila Ignatius of Loyola the Quakers and the Society of Friends whose practices and influence brought about social change Linking major conceptual issues and social theory the essays examine the historical impact of mysticism in contemporary life and argue for a hermeneutical approach to mysticism in its historical context The contributors look at how mystical empowerment can serve as a catalyst for expressing compassion in acts of justice and long term social change We learn how Sojourner Truth and Rebecca Cox Jackson driven by mystical experiences to take up lives of preaching faced the same misogynistic religious environments as did women mystics throughout history which has submerged this key area of women's experience The final two essays describe the development of socially engaged Buddhism in Asia and America and the mystical roots of deep ecology *The Word Before the Powers* Charles L. Campbell, 2002-01-01 In this examination of the ethical significance of preaching Charles Campbell provides both fresh insights into the relationship between preaching and ethics and a challenging moral vision for the contemporary church Moving beyond a narrow focus on moral decision making or social issues sermons Campbell argues that a particular ethic nonviolent resistance is inherent in the practice of preaching and shapes the moral life of the church In the face of the powers the fundamental ethical task of preaching involves building up the church as a community of resistance Employing three dimensions of character ethics vision practices and virtues Campbell demonstrates the concrete ways in which preachers may undertake this task **The Routledge Companion to the Study of Religion** John Hinnells, 2009-09-10 The Routledge Companion to the Study of Religion is a major resource for courses in Religious Studies It begins by explaining the most important methodological approaches to religion including psychology philosophy anthropology and comparative study before moving on to explore a wide variety of critical issues such as gender science fundamentalism ritual and new religious movements Written by renowned international specialists this new edition includes eight new chapters including post structuralism religion and economics religion and the environment religion and popular culture and sacred space surveys the history of religious studies and the key disciplinary approaches explains why the study of religion is relevant in today's world highlights contemporary issues such as globalization diaspora and politics includes annotated reading lists a glossary and summaries of key points to assist student learning **Joining Hands** Roger S. Gottlieb, 2019-05-20 Did Martin Luther King's spiritual understanding of political struggle truly help the

Civil Rights movement Can breast cancer victims incorporate both spiritual wisdom and political action in their fight for life
 Confronting questions that challenge the foundations of both politics and spirituality Roger S Gottlieb presents a brave new account Jsl Vol 15-N6 JOURNAL OF SCHOOL LEADERSHIP,2006-02-01 The Journal of School Leadership is broadening the conversation about schools and leadership and is currently accepting manuscripts We welcome manuscripts based on cutting edge research from a wide variety of theoretical perspectives and methodological orientations The editorial team is particularly interested in working with international authors authors from traditionally marginalized populations and in work that is relevant to practitioners around the world Growing numbers of educators and professors look to the six bimonthly issues to deal with problems directly related to contemporary school leadership practice teach courses on school leadership and policy use as a quality reference in writing articles about school leadership and improvement The History of Evil from the Mid-Twentieth Century to Today Jerome Gellman,2018-06-14 This sixth volume of The History of Evil charts the era 1950 2018 with topics arising after the atrocities of World War II while also exploring issues that have emerged over the last few decades It exhibits the flourishing of analytic philosophy of religion since the War as well as the diversity of approaches to the topic of God and evil in this era Comprising twenty one chapters from a team of international contributors this volume is divided into three parts God and Evil Humanity and Evil and On the Objectivity of Human Judgments of Evil The chapters in this volume cover relevant topics such as the evidential argument from evil skeptical theism free will theodicy continental philosophy religious pluralism the science of evil feminist theorizations terrorism pacifism realism and relativism This outstanding treatment of the history of evil will appeal to those with particular interests in the ideas of evil and good

Prayers of the Faithful James P. McCartin,2010-03-31 Examines the evolution of Catholic prayer from the traditional devotional practices that were common in the past to the ways Catholics pray and view prayer in modern times

Handbook of Citizenship Studies Engin F Isin,Bryan S Turner,2002 The contributions of Woodiwiss Lister and Sassen are outstanding but not unrepresentative of the many merits of this excellent collection The British Journal of Sociology From women s rights civil rights and sexual rights for gays and lesbians to disability rights and language rights we have experienced in the past few decades a major trend in Western nation states towards new claims for inclusion This trend has echoed around the world from the Zapatistas to Chechen and Kurdish nationalists social and political movements are framing their struggles in the languages of rights and recognition and hence of citizenship Citizenship has thus become an increasingly important axis in the social sciences Social scientists have been rethinking the role of political agent or subject Not only are the rights and obligations of citizens being redefined but also what it means to be a citizen has become an issue of central concern As the process of globalization produces multiple diasporas we can expect increasingly complex relationships between homeland and host societies that will make the traditional idea of national citizenship problematic As societies are forced to manage cultural difference and associated tensions and conflict there will be changes in the processes

by which states allocate citizenship and a differentiation of the category of citizen This book constitutes the most authoritative and comprehensive guide to the terrain Drawing on a wealth of interdisciplinary knowledge and including some of the leading commentators of the day it is an essential guide to understanding modern citizenship About the editors Engin F Isin is Associate Professor of Social Science at York University His recent works include *Being Political* Genealogies of Citizenship Minnesota 2002 and with P K Wood *Citizenship and Identity* Sage 1999 He is the Managing Editor of *Citizenship Studies* Bryan S Turner is Professor of Sociology at the University of Cambridge He has written widely on the sociology of citizenship in *Citizenship and Capitalism* Unwin Hyman 1986 and *Citizenship and Social Theory* Sage 1993 He is also the author of *The Body and Society* Sage 1996 and *Classical Sociology* Sage 1999 and has been editor of *Citizenship Studies* since 1997 *Lives in Exile* Honey Oberoi Vahali, 2020-08-09 This book explores the devastating consequences and psychological ruptures of refugeehood as it evocatively recounts the life histories of dislocated Tibetans expelled from their homes since 1959 Following the genre of a story the book offers dynamic understandings of unconscious processes and the intergenerational transmission of trauma across generations of an exiled and internally displaced people The book analyses the paradoxical spaces which Tibetans in exile occupy as they strive to preserve their cultural and spiritual heritage rituals religion and language while also dynamically remoulding themselves to adapt to their living realities Presenting a nuanced picture it narrates stories of refugees political prisoners and survivors of torture along with stories of loss and angst cultural celebrations and political demonstrations The author in this new edition highlights and explores the art artists and poetry in the exiled community The volume also looks at the significance of Buddhism and the philosophy of the Dalai Lama for the people in exile and the personal and collective will of the community to connect their lost past to a living present and an imagined future Rooted in the psychoanalytical tradition this book will be of interest to psychologists sociologists political scientists scholars of literature and arts and aesthetics It will also appeal to those interested in Sino Tibetan relations Buddhist studies South Asian Studies cultural and peace studies and those working with refugees and displaced persons

Slow is Beautiful Cecile Andrews, 2006-10-01 We re hammered we re slammed we re out of control Happiness is on the decline in the most affluent country in the world and Americans are troubled by the destructiveness of a lifestyle devoted to money and status Yet no one seems to have a clue how to exit from the fast lane *Slow is Beautiful* analyzes the subtle consumer and political and corporate forces stamping the joy from our existence and provides a vision of a more fulfilling life through the rediscovery of caring community unhurried leisure and life affirming joie de vivre The book discusses The frantic time poverty plaguing everyone a poverty that is being challenged by the growing slow life movement whose message is reverberating around the world The need to build a culture of connection with both people and the planet by challenging the consumer society and re creating vibrant life in our local communities The creation of a different experience of time where we live life in slower more reflective ways savoring our lives and recapturing exuberance and laughter Offering inspiration

and concrete ideas *Slow is Beautiful* will appeal to a broad audience of baby boomers nearing retirement harried professionals with a social conscience the one time middle class and twenty to thirty somethings who are now facing the sobering realities of constricted choices **A Buddhist in the Classroom** Sid Brown,2014-02-07 Sid Brown brings a Buddhist perspective into the classroom to explore the ethical quandaries lived experiences and intimacy of teaching Addressing such topics as attention community rage wonder consumerism and simple kindness Brown demonstrates how this centuries old tradition can inform and enrich classroom life Readers do not have to be Buddhists to appreciate the gifts of this tradition and Brown s fresh perspective on education Stories from Buddhist texts offer illustrative teaching moments and an archive of practical tools and suggestions make this book a valuable reference While Brown teaches at the college level teachers of students at all levels and those who are interested in the educational experience will gain insight from this book

The Ecological Life Jeremy Bendik-Keymer,2006-01-26 Written as a series of lectures *The Ecological Life* offers a humanistic perspective on environmental philosophy that challenges some of the dogmas of deep ecology and radical environmentalism while speaking for their best desires The book argues that being human centered leaves us open to ecological identifications rather than the opposite Bendik Keymer draws on analytic and continental traditions of philosophy as well as literature and visual media He argues for a sense of ecological justice consonant with human rights and shows how humanistic thinking is committed to deepening respect for life and our ecological orientation In a clear jargon free and conversational tone *The Ecological Life* presents a timely and important contribution to civic engagement in an ecological century
