Spiritwalker Messages From The Future:

Spiritwalker Hank Wesselman, 1996-07-01 I am about to tell you a most unusual story a chronicle of something that happened to me while I was living on the flank of an active volcano on the island of Hawai i I m a scientist I mention this because I do not feel that I was in any way predisposed for what was about to occur In fact my scientific training would seem to have preprogrammed me against such an experience From Spiritwalker The astonishing true story of an anthropologist s quest into a spiritual world of magic mysticism and meaning Not since Castaneda s tutelage under the Yacui Indian guide Don Juan has there been a spiritual autobiography quite like Spiritwalker Hank Wesselman s incredible story of a series of encounters that would forever change his life began with what he at first tried to explain away as particularly vivid dreams but which grew increasingly intense and insistent ultimately propelling him on twelve fantastic journeys across time and space Over the next three years his journeys proved to be far more important than mere reason could explain Eventually Dr Wesselman became convinced that he d been granted a visionary encounter with what tribal people from millennia past have called the spirit world During his epic travels Dr Wesselman met shape shifting entities spirit helpers and guardians and found himself traversing a mental physical and spiritual landscape on a path intersecting that of a fellow traveler a Hawai ian kahuna mystic named Nainoa Five thousand years into the future Nainoa had been sent by his Chief on a journey into what used to be America a once powerful land of machines and magic from which no previous voyagers had ever returned What did Nainoa seek from Dr Wesselman What did the anthropologist have to learn about his own world from this exotic traveler from another time and place Together scientist and mystic are initiated into knowledge of non ordinary levels of reality and given foreshadowings of imminent environmental political and spiritual challenges to their civilization Without abandoning his scientific objectivity Dr Wesselman abandoned himself to the mystical sometimes frightening yet always luminous experiences that brought him beyond the boundaries of ordinary consciousness The result is a fascinating and suspenseful adventure an exciting and important archeological discovery and the story of how a hard headed scientific realist stumbled on an important piece of the puzzle of human evolution Socially urgent and disturbingly prophetic Spiritwalker has a universal mythic resonance and an undeniable relevance for today as it challenges our perceptions of our world our reality and our future

[A Story of Love, Loss, and a Spirit Message](#) Elizabeth Parrish, 2022-01-25 Telling our stories is a sharing of community teaching and healing as we all walk the same road of life This is my story from the halcyon days of youth a near death experience and events of synchronicity that changed my life and search for meaning It s an abstract of life s wisdom lived and learned covering the spectrum of our

humanity its conflicts its joys and the value of love faith and family challenging us to question and reflect on what core values guide our lives and relationships to a healing process in remembering our essence of who we are **Medicinemaker** Hank Wesselman,2009-12-23 In the brilliant visionary tradition of Carlos Castaneda anthropologist Hank Wesselman first documented his spiritual journey in the acclaimed account *Spiritwalker* Now he continues his travels through the spirit world in this astonishing book leading us into the heart of one of the greatest mysteries of existence Dr Wesselman s inspiring quest began with a dramatic encounter on the island of Hawaii Though he had feared his connection to Nainoa a kahuna initiate and fellow mystic traveler would be severed when he moved to San Diego Wesselman would continue to merge minds with Nainoa Over the next five years the true purpose of their profound yet cryptic contact took shape Wesselman had gained access to some inner doorway putting him in the presence of a transcendent life force and intelligence On the threshold of a dazzling new understanding of nature he was a shaman in training an initiate into the sacred secret healing powers of the spirit world This remarkable book gives us an unprecedented glimpse into the origin and the destiny of our species Hank Wesselman has brought back from his extraordinary travels an extraordinary message the keys to personal power and to the healing of all humankind *Yoga Journal* ,1996-08 For more than 30 years *Yoga Journal* has been helping readers achieve the balance and well being they seek in their everyday lives With every issue *Yoga Journal* strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty **Inner Paths to Outer Space** Rick Strassman,Slawek Wojtowicz,Luis Eduardo Luna,Ede Frecska,2008-03-27 An investigation into experiences of other realms of existence and contact with otherworldly beings Examines how contact with alien life forms can be obtained through the inner space dimensions of our minds Presents evidence that other worlds experienced through consciousness altering technologies are often as real as those perceived with our five senses Correlates science fiction s imaginal realms with psychedelic research For thousands of years voyagers of inner space spiritual seekers shamans and psychoactive drug users have returned from their inner imaginal travels reporting encounters with alien intelligences *Inner Paths to Outer Space* presents an innovative examination of how we can reach these other dimensions of existence and contact otherworldly beings Based on their more than 60 combined years of research into the function of the brain the authors reveal how psychoactive substances such as DMT allow the brain to bypass our five basic senses to unlock a multidimensional realm of existence where otherworldly communication occurs They contend that our centuries old search for alien life forms has been misdirected and that the alien worlds reflected in visionary science fiction actually mirror the inner space world of our minds The authors show that these alien worlds encountered through altered states of human awareness either through the use of psychedelics or other methods possess a sense of reality as great as or greater than those of the ordinary awareness perceived by our five senses *Traveling Between the Worlds* Hillary S. Webb,2004-08-01

For anyone who's ever had the desire to look at the world through the eyes of our indigenous ancestors here is a unique opportunity. *Traveling between the Worlds* is a treasure trove of insight and exploration into the ancient spiritual wisdom of such diverse cultures as Ireland, Africa, and the Americas. The keeper of this wisdom is the shaman, a man or woman who can at will enter into altered states of consciousness in order to acquire extrasensory knowledge and healing power. In this important book, Hillary S. Webb invites us to eavesdrop on her conversations with some of today's most influential teachers and writers of shamanism. While the conversations cover a variety of topics pertaining to the shaman's path and practice, this book explores how we in the modern world can use these ancient teachings to help ourselves, each other, and the world around us. Included in this book are conversations with renowned author and environmentalist John Perkins who brings corporate executives to the Amazon to teach them the value of merging business and eco philosophy; Rabbi Gershon Winkler who uses the beliefs and techniques of the Jewish shamanic tradition to bring Israelis and Palestinians together on common and more peaceful ground; their indigenous roots; Renegade shaman Ken Eagle Feather of the Toltec tradition who explains how modern technology can help us evolve into the next level of perception; Peruvian shaman Oscar Miro Quesada whose ideas on life and death may alter your view of reality itself. And that is just the beginning.

My Journey Back to Oneness

Mark Allen Perkins, 2004-09-28. We spend a great deal of our lives both awake and asleep wondering about the great mysteries of our lives. Why am I here? What is the meaning of life? Why me? Is there a God? Many of these questions are unanswerable at this point in our path of enlightenment as humans. Many can be answered if we allow ourselves to learn our lessons and Reconnect with the Divine Source. Through *My Journey Back to Oneness* we will go on a journey of rediscovery. This journey offers you the probability of experiencing healing on physical, mental, and spiritual levels. A journey back to the place where we all started, a place of Oneness with the Divine Source. Our journey will begin with a refocusing of our perceptions of good and bad, us and them, and the other representation of duality that influences how we experience the world around us. We will then get a glimpse of the concepts behind Hawaiian mysticism and Shamanism and establish the basic understanding of energy and reality as defined in these concepts. A brief comparison of religious beliefs follows along with an exploration of a very powerful healing tool, prayer. This is followed by an exploration of the applications of these concepts. Next, we will investigate the ancient qualities and basic nature of the concepts discussed. Further, we will attempt to make ties between these concepts and the origins of human beings. Finally, there are several appendices outlining recommended readings and training that can enhance your personal journey back to oneness.
