How the Spitfire Won the Battle of Britain Dilip Sarkar, 2010-10-15 Finally lays to rest the myth that the Hurricane won the Battle of Britain rather than the numerically inferior yet more glamorous Spitfire

Battle of Britain Airfields Under Attack Dilip Sarkar, 2024-11-30 In this unprecedented series exploring the big story of the Battle of Britain renowned historian Dilip Sarkar investigates the wider context and intimate details of the epic aerial conflict in the summer of 1940 from all sides In so doing he gives due acknowledgement to the roles of Bomber and Coastal Commands in addition to the fabled Few of Fighter Command This unique narrative draws upon a lifetime of research the author having enjoyed a long relationship with survivors and the relatives of casualties his innumerable interviews and first hand accounts collated in addition to privileged access to personal papers providing essential human interest to this inspirational story In this the fourth volume *Battle of Britain Airfields Under Attack* Dilip continues to examine the fighting on a day by day combat by combat basis from 19 August until 6 September 1940 It is a period in which we saw the Luftwaffe s bombing of the all important 11 Group airfields intensify culminating in The Hardest Day of 18 August 1940 which saw both sides lose more aircraft than any other day throughout the whole Battle of Britain The tensions and problems between Fighter Command s 11 and 12 Groups also intensified It was a situation that eventually led to Squadron Leader Douglas Bader criticising Fighter Command tactics proposing the use of Big Wings contrary to the System of Air defense and strategy involved gaining the support of his 12 Group commander Air Vice Marshal Leigh Mallory Given its later significance this is investigated in depth Through diligent research combined with crucial official primary sources and personal papers Dilip unravels many myths often challenging the accepted narrative This is not simply another dull record of combat losses and claims far from it Drawing upon unique first hand accounts from a wide range of combatants and eyewitnesses along with Daily Home Intelligence Reports and numerous other primary sources this book forms part of what is likely to be the first and last such comprehensively woven account of this epic air battle

Battle of Britain Daylight Defeat Dilip Sarkar, 2025-07-10

Sarkar's sixth volume examines the fourth phase of the Battle of Britain detailing Luftwaffe failures and Britain's resilience. In this the sixth of Dilip Sarkar's unprecedented eight volume series the day by day events occurring in the fourth phase of the Battle of Britain are chronicled and set within a much wider context including the operations of Bomber and Coastal Commands and the Home Front. Renowned for his evidence based approach the author has returned to primary sources the analysis arising often challenging our previous understanding and the popular narrative. In Volume 5 Target London 7 September 1940 17 September 1940 the beginning of the Blitz was explored at length. This illuminated the inescapable fact that Luftwaffe air intelligence completely failed to understand how Fighter Command was organised and controlled nor that it was replacement pilots not aircraft that was Air Chief Marshal Dowding's greatest concern. Indeed on 15 September 1940 Luftwaffe aircrews were briefed to expect but a token resistance over London from the last handful of RAF fighters their morale shattered when their first attack was met by over 300 the second by nearly as many. This convinced Hitler that the Luftwaffe could not achieve the aerial superiority needed for the invasion of Britain to proceed. Two days later Operation Seelwe was postponed indefinitely. Reichsmarschall Herman Goering however still believed that the Luftwaffe could prevail and so continued attacking the UK changing tack yet again. As London had proved it could take it the Luftwaffe whilst continuing to bomb the capital by night now focussed its daylight attacks on the British aircraft industry. Naturally the Supermarine Spitfire factory at Southampton was a primary target it was subsequently badly hit with great loss of life. Other factories in the West Country were also targeted and owing to a navigation error due to cloud cover the picturesque town of Sherborne was devastated on 30 September 1940. By that date however it was clear that Goering's He 111 force was unable to continue absorbing such losses and the type was exclusively switched to night bombing thereby substantially reducing the German daylight bombing force. On 20 September 1940 Me 109 fighter bombers attacked London and going forward the next and final phase would see such attacks and high flying fighter sweeps dominate the daytime arena. Such raids though were never going to defeat Britain so it is fair to say that the period reviewed in this volume really did see the Daylight defeat of the Luftwaffe over England in 1940 and the events involved are interpreted and recounted in great detail.

Air Power and the Evacuation of Dunkirk Harry Raffal, 2021-07-15 The evacuation of Dunkirk has been immortalised in books, prints and films narrated as a story of an outnumbered inexperienced RAF defeating the battle hardened Luftwaffe and protecting the evacuation. This book revives the historiography by analysing the air operations during the evacuation. Raffal draws from German and English sources many for the first time in the context of Operation DYNAMO to argue that both sides suffered a defeat over Dunkirk. This work examines the resources and tactics of both sides during DYNAMO and challenges the traditional view that the Luftwaffe held the advantage. The success that the Luftwaffe achieved during DYNAMO including halting daylight evacuations on 1 June is evaluated and the supporting role of RAF Bomber and Coastal Command is explored in detail for the first time. Concluding that the RAF was not responsible for the Luftwaffe's failure to prevent the evacuation.

Raffal demonstrates that the reasons lay elsewhere **Battle of Britain Target London** Dilip Sarkar MBE, 2025-02-13

Dilip Sarkar's fifth volume examines September 1940 in the Battle of Britain challenging myths with detailed research and firsthand accounts. In this unprecedented series exploring the big story of the Battle of Britain, renowned historian Dilip Sarkar investigates the wider context and intimate details of the epic aerial conflict in the summer of 1940 from all sides. In so doing, he gives due acknowledgement to the roles of Bomber and Coastal Commands in addition to the fabled Few of Fighter Command. This unique narrative draws upon a lifetime of research, the author having enjoyed a long relationship with survivors and the relatives of casualties; his innumerable interviews and first-hand accounts collated in addition to privileged access to personal papers providing essential human interest to this inspirational story. In this, the fifth volume, *Battle of Britain Target London*, Dilip continues to examine the fighting on a day-by-day combat-by-combat basis from 7 September to 17 September 1940. It was on 7 September that the Luftwaffe changed tack and instead of continuing its successful strikes on 11 Group and its airfields, switched its focus to the round-the-clock bombing of London. According to popular narrative, this move lost the Germans the Battle of Britain, providing Fighter Command an opportunity to recover. This, however, is not necessarily the opinion of certain German scholars, all of which is explored by the author. The events of 7 September also saw the 12 Group Duxford Wing go into action for the first time, the effects of which are analysed. This review confirms that the formation massively overclaimed and was not therefore as successful as believed at the time by certain senior commanders and politicians. Likewise, the events of 15 September 1940, long accepted as Battle of Britain Day, are often stated to represent a great turning point in the aerial fighting of the summer of 1940, but is this correct? Two days later, Hitler postponed Operation Sealion, the invasion of the United Kingdom indefinitely. Could therefore this day be considered the date the Battle of Britain really ended? Through diligent research combined with crucial official primary sources and personal papers, Dilip unravels many myths, often challenging the accepted narrative. This is not simply another dull record of combat losses and claims far from it. Drawing upon unique first-hand accounts from a wide range of combatants and eyewitnesses, along with Daily Home Intelligence Reports and numerous other primary sources, this book forms part of what is likely to be the first and last such comprehensively woven account of this epic air battle.

The Rise of Germany, 1939-1941 James Holland, 2015-10-14

An account of the early years of World War II based on extensive new research. A genuinely fresh approach, exceptional. *The Wall Street Journal*. James Holland, one of the leading young historians of World War II, has spent over a decade conducting new research, interviewing survivors and exploring archives that have never before been so accessible, to unearth forgotten memoirs, letters, and official records. In *The Rise of Germany 1938-1941*, Holland draws on this research to reconsider the strategy, tactics, and economic, political, and social aspects of the war. *The Rise of Germany* is a masterful book that redefines our understanding of the opening years of World War II.
