book shows not only how the city influenced its writers but also how these writers struggled to transform their urban environment into literary forms. Covering such aspect as the emergence of the novel of the businessman as cultural hero, the humorous newspaper columns of the late nineteenth century and the Depression era revitalization of Chicago literature from its ethnic neighborhoods, the book moves beyond the obvious classics and rediscovers a vibrant literary tradition that restores almost forgotten writers such as Eugene Field and Floyd Dell to their place in American literary history. Given the historical approach and the breadth of material covered, the book will be valuable to anyone wanting to understand how American literature in this defining period moved from the farm to the city and what happened to it once it had arrived. Authors discussed include Jane Addams, George Ade, Nelson Algren, Sherwood Anderson, Saul Bellow, Gwendolyn Brooks, Willa Cather, Floyd Dell, Theodore Dreiser, James T. Farrell, Eugene Field, Henry B. Fuller, Hamlin Garland, Robert Herrick, Jack London, Frank Norris, Carl Sandburg, Upton Sinclair, and Richard Wright. Frederik Byrn Khlert is a doctoral student at the University of Montreal. He has an MA in English from the University of Oregon and an MA in English and Scandinavian Literature from the University of Aarhus, Denmark.

Enchanted by Eternity William J. Slattery, 2025-01-20. Whether we realize it or not, Catholics have been deeply influenced by modernity's failed worldview. While we want to live and share our faith with joy, we struggle to do so because we unwittingly see the cosmos, the human person, and society as machines functioning independently of their Creator and of one another. If we want to bring the life-transforming effects of our faith into the world, we must first find and live real Catholicism, breaking free of the gravitational pull of modernity's worldview. A worldview is the stable, all-encompassing way in which each of us looks at reality, the pair of glasses through which we see the world around us. It makes up the grid of givens, assumptions, and presuppositions through which we view the world. It colors what we mean by God, universe, and human. Everyone has a worldview, and recognizing our worldview and the worldviews of others is crucial in our search for truth, goodness, and beauty. In *Enchanted by Eternity*, Fr. William Slattery shows how Catholicism proposes an enchanted and enchanting view of self, nature, society, and the future of each human person created to live in a resurrected body in the new heavens and the new earth. As this book reveals, rediscovering a truly Catholic worldview will change the way we live, and it might even change the world.

The Imperial Church Katherine D. Moran, 2020-05-15. Through a fascinating discussion of religion's role in the rhetoric of American civilizing empire, *The Imperial Church* undertakes an exploration of how Catholic mission histories served as a useful reference for Americans narrating US settler colonialism on the North American continent and seeking to extend military, political, and cultural power around the world. Katherine D. Moran traces historical celebrations of Catholic missionary histories in the upper Midwest, Southern California, and the US colonial Philippines to demonstrate the improbable centrality of the Catholic missions to ostensibly Protestant imperial endeavors. Moran shows that as the United States built its continental and global dominion and an empire of production and commerce in the Gilded Age and Progressive Era, Protestant and Catholic Americans began to celebrate

Catholic imperial pasts She demonstrates that American Protestants joined their Catholic compatriots in speaking with admiration about historical Catholic missionaries the Jesuit Jacques Marquette in the Midwest the Franciscan Jun pero Serra in Southern California and the Spanish friars in the Philippines Comparing them favorably to the Puritans Pilgrims and the American Revolutionary generation commemorators drew these missionaries into a cross confessional pantheon of US national and imperial founding fathers In the process they cast Catholic missionaries as gentle and effective agents of conquest uplift and economic growth arguing that they could serve as both origins and models for an American civilizing empire The Imperial Church connects Catholic history and the history of US empire by demonstrating that the religious dimensions of American imperial rhetoric have been as cross confessional as the imperial nation itself
