Kenya the Beloved J.M. Ombati Simon, 2012-08-28 Kenya the Beloved is a book written with love The book is about one man's love for his country Kenya It is about his vision and desire to see justice peace and freedom in his country In this book the author Job Ombati tries to remind his fellow countrymen where they have come from He tries to tell a story of their conquest of injustice and their development and progress that they made since independence As he takes you from the The Day Before he shows you how peaceful the country was before the arrival of the colonialist The book describes well how Kenyan people fought the colonialist and won their freedom It tells who was who and how they participated in the struggle Kenya The Beloved tells how white men came to Kenya as missionaries Visitors and turned to be colonialists It tells how hospitable Kenyans were to have welcomed the Visitors without knowing their hidden agenda After realizing that the Visitors had ill motives the Africans united against him and started a revolt This revolt did not take one face as many might think It took different people with different approaches to dismantle colonialism completely from Kenya This is an important point that the book raises because many other books have been written pointing to only one movement called Mau mau as being the only revolt that was used to oust colonialists Kenya the Beloved says that that is not entirely true The book also tells what was at stake and why the Africans of Kenya had to fight In wildlife the book tells that animals in Kenya were plenty and beautiful before and after the colonialists He then tells how even these animals fought for freedom like every other Kenyan The book illustrates how well and peaceful the country was before December 27 2007 when it says things fell apart Job does not leave you there stranded as to what to do next he gives you hope Job tells how things can be turned around for the better of all the people He says that even though things have gone terribly wrong people can still rise and mend fences for the future generation Above all this book is an historical account of some events and freedom struggle for the people of Kenya This is a book of hope It is a book that tells vividly the way some people think and the practical way of solving our many problems in the world Reading this book raises one's hope and inspires action for the common good of all humanity Job Ombati believes

Observed from Nigeri Dominic Okereke,2012-07 This book prescribes rapid revolution in principal sectors of this African economy through radical paradigm changes And the resultant comprehensive transformation will guarantee significantly higher productivities and double digit annual economic growth Included in this paradigm shift is the joint reindustrialization of the African economy and the US ailing industries via a new Strategic trans Atlantic Alliance modeled on the balanced Euro US cooperation after World War II But it first takes readers through a thorough evaluation of the familiar subject corruption which haunts Nigeria the principal economy in the continent The fundamental difference with other texts on the subject is that this book identifies the most debilitating variant of that corruption That variant causes massive capital flight from a post colonial soft economy that is neither capitalist nor socialist The Nigerian corruption thrives on the native Philosophy of Commission hardened by intractable tribalism that coagulated and ossified with the imports substitution pattern preferred by European firms since independence The book then proceeds to earn its priced revolutionary credential by inventing very novel scientific methods that will skillfully turn this insidious source of structural rigidity and arrested development into a force for economic growth A new apex political leadership culture is recommended and to be fortified with a unifying lingua franca An inter ethnic marriage melting pot is advised for intensified nigerianization of Nigerian youths at birth Spiritual diversity is envisaged to significantly diminish religious intolerance and sectarian violence Modern bureaucracy and inward looking tourism are reformulated to reduce effervescent insecurity and minimize capital flight The resultant economic stability will enlarge domestic foreign investment inflow and will reverse the current dis industrialization and massive job loss and the conditions of under full employment Technological Functionalism Economic pan Africanism and the Alternative Policy of Inputs Substitution are among the several brand new blueprints that this book offers for the extensive transformation of Africa s economy into the robust emerging economy that will rival its counterparts in India and China in the immediate future **The Church Cannot Remain Silent** Romero, Oscar,2016-11-17
