shortfall created by the Khmer leader namely Prince Norodom Sihanouk who joined the enemy in the war fighting his own people for the sake of power The book highlighted crucial military operations some known only to very few personalities which the author participated in and the resulting triumph and defeat The American Congress's refusal in late March 1975 to continue further military assistance sealed the fate of the country The Cambodian sentiment is that America callously betrayed its friend and ally whose paramount aspiration is freedom and liberty This abandonment was also the American trademark in Vietnam and decades later in Afghanistan The book provides the plausible causes of the decline of the ancient Khmer civilization near the end of the Angkor era in the fourteenth century C E the era that produced a powerful Kingdom in the entire Southeast Asia decline within the context of religious conflict and the geopolitical emergence and evolution of neighboring nations The fall of Prince Norodom Sihanouk in March of 1970 gave communist Vietnam the Khmer's traditional adversary pretext to invade the country at will against international law The Cambodians will never forgive nor forget the tremendous sufferings levied upon them in which all Khmer families were affected In the shadow of his enormous tragedy early in life and likewise that of his current wife and considering the autumn of his existence the author's wish is for the sake of humanity if he can do something good let him do it now for he will pass this planet earth only once The Achievement of Genius Lawrence F.
