Splendour Of Creation:

The gift of life J.M. Vorster,2021 The concept human life and what it entails have become a prominent idea in current theological ethical discourses especially in the growing Christian reflection on bioethics eco ethics and social justice Contemporary Christian ethicists focus on concepts such as flourishing life happiness and joy and how these deep human desires can be realised and fulfilled in life today amidst perennial surges of racism xenophobia sexism systemic violence and policies and structures which further poverty and other forms of social injustices Christian soteriology and subsequent moral agency grapples with the question How can humans flourish in societies today and how should Christian morality be defined and designed to be instrumental in the current pursuit of happiness joy and hope This publication aims to participate in this modern day discourse by proposing relevant theological perspectives on the concept of life and in particular its relevance for Christians living in this age and in an environment that poses major challenges to public morality and the common good In conjunction with the emerging theological interest in the concept of life this project is a modest attempt to take part in the advancement of an ethic of life for today under the rubric of an ethic of flourishing personhood The point of departure is the biblical concept of the gift of life and what this gift entails for understanding human life personhood and moral agency today The line of reasoning in this book delineates the broad concept ethic of life and the biblical concept gift of life and draws the line towards an ethic of flourishing personhood The central theoretical argument of the study is that reformed theology can give direction to the contemporary theological search for meaning and purpose of human life and offer answers to the questions on life facing humanity today especially by pursuing the idea of flourishing personhood *Thought Provoking Sikh Names* Ramesh Chander Dogra,Urmila Dogra,2002 With Meanings And Explanations In English Names In Roman And Gurumukhi Script **Biblical & Near Eastern Essays** Carmel McCarthy,John F. Tolkien's Theology of Beauty Lisa Coutras,2016-08-03 In this book Lisa Coutras explores the structure and complexity of J R R Tolkien s narrative theology synthesizing his Christian worldview with his creative imagination She illustrates how

within the framework of a theological aesthetics transcendental beauty is the unifying principle that integrates all aspects of Tolkien's writing from pagan despair to Christian joy J R R Tolkien's Christianity is often held in an unsteady tension with the pagan despair of his mythic world Some critics portray these as incompatible while Christian analysis tends to oversimplify the presence of religious symbolism This polarity of opinion testifies to the need for a unifying interpretive lens The fact that Tolkien saw his own writing as religious and Catholic yet was preoccupied with pagan mythology nature language and evil suggests that these areas were wholly integrated with his Christian worldview Tolkien's *Theology of Beauty* examines six structural elements demonstrating that the author's Christianity is deeply embedded in the narrative framework of his creative imagination

Mission in Action Martin C. Salter, 2019-04-18 Missional ethics is concerned with the way in which the believing community's behaviour is in and of itself a witness to the wisdom and goodness of God The debate surrounding the relationship between word and deed or evangelism and social action remains a significant issue within evangelical missiology Martin Salter seeks to address one aspect of that debate namely the missional significance of ethics by conducting detailed exegesis of key biblical texts He argues that biblical ethics is neither entirely separate from nor merely preparatory for mission rather it is an integral part of the church's mission Missional ethics is a theme that arises from the biblical texts and is not imposed on them The church as both organism and institution embody a missional ethic that includes worship justice and charity Word and deed belong together as an integral whole Salter's valuable study concludes by offering a definition of missional ethics
