corporate production fan consumption and transmedia world building As such this collection grapples with the historical cultural aesthetic and political economic implications of the relationship between media franchising and transmedia storytelling as they are seen at work in the world s most profitable transmedia franchise *The Ultimate 70s Collection* John Romero, Mark Bussler, Philip Oliver, Jim Bagley, Gary Bracey, Trip Hawkins, 2023-08-01 How do you remember the seventies Whether it s as the Me Decade the heatwave of 1976 or the Winter of Discontent you ll find something in these pages to stir up nostalgia for the pop culture that defined the decade Cinemas were showing groundbreaking movies from Star Wars and Suspiria to Smokey and the Bandit and TV programming was in its golden age with children s classics like Jamie and the Magic Torch and the satirical Abigail s Party all played out on brand new color TV sets Then came the first ever videogame consoles the Magnavox Odyssey or the Atari 2600 and along with it Pong In *Ultimate 70s Collection* you ll read and remember or imagine what life was like in this momentous decade filled with iconic toys trends music movies celebrities and other pop culture phenomena Filled with fascinating articles high quality photography and so much more take a trip down memory lane and rediscover the most notable developments of the seventies [How Star Wars Conquered the Universe](#) Chris Taylor, 2015-10-06 In 1973 a young filmmaker named George Lucas scribbled some notes for a far fetched space fantasy epic Some forty years and 37 billion later Star Wars related products outnumber human beings a growing stormtrooper army spans the globe and Jediism has become a religion in its own right Lucas s creation has grown into far more than a cinematic classic it is quite simply one of the most lucrative influential and interactive franchises of all time Yet incredibly until now the complete history of Star Wars its influences and impact the controversies it has spawned its financial growth and long term prospects has never been told In *How Star Wars Conquered the Universe* veteran journalist Chris Taylor traces the series from the difficult birth of the original film through its sequels the franchise s death and rebirth the prequels and the preparations for a new trilogy Providing portraits of the friends writers artists producers and marketers who labored behind the scenes to turn Lucas s idea into a legend Taylor also jousts with modern day Jedi tinkers with droid builders and gets inside Boba Fett s helmet all to find out how Star Wars has attracted and inspired so many fans for so long Since the first film s release in 1977 Taylor shows Star Wars has conquered our culture with a sense of lightness and exuberance while remaining serious enough to influence politics in far flung countries and spread a spirituality that appeals to religious groups and atheists alike Controversial digital upgrades and poorly received prequels have actually made the franchise stronger than ever Now with a savvy new set of bosses holding the reins and Episode VII on the horizon it looks like Star Wars is just getting started An energetic fast moving account of this creative and commercial phenomenon *How Star Wars Conquered the Universe* explains how a young filmmaker s fragile dream beat out a surprising number of rivals to gain a diehard multigenerational fan base and why it will be galvanizing our imaginations and minting money for generations to come [Film Firsts](#) Ethan Alter, 2014-02-17 This forward looking exploration of contemporary American film across the last

Interpreting Star Wars Miles Booy,2021-01-14 Upon its initial release in 1977 many critics regarded Star Wars as a childish retort to the mature American cinema of the seventies Though full of sound and fury some felt that it signified nothing Four decades later the significations are multiple as interpretations of the film s strange imagery and metaphoric potential continue to pile up Interpreting Star Wars analyses and contextualises the dominant trends in Star Wars interpretation from the earliest reviews through Lucasfilm s attempts to use its position as copyright holder to promote a single meaning to the 21st century where the internet has rendered such authorial control impossible and new entries to the canon present new twists on old hopes
