*SPLM/SPLA Lam Akol*,2003 In August 1991 three members of the SPLM SPLA Political military High Command made the Nasir Declaration This led to the split of the Movement One of the leaders of the move many say THE ringleader gives an account of the events that led to this momentous event in the SPLM SPLA history the developments that followed what went wrong in the process how the move affected Sudanese politics and the way forward for South Sudan *The Sudan People's Liberation Movement/Army (Splm/A)* Julia Aker Duany,Wal Duany,2018-08-20 The Republic of South Sudan the world s youngest country gained independence from Sudan following decades of civil war in 2011 with fanfare high hopes and great expectations The Sudan People s Liberation Movement Army SPLM A the primary military force that fought for independence transformed into the political rulers of the new country and lost its vision of a free and prosperous nation Within two years of independence the country has quickly degenerated into internecine warfare with fifty thousand to one hundred thousand dead four million more refugees and internally displaced people IDPs and half the population of the country six to seven million facing starvation The blame for this state of affairs rests primarily on the SPLM A leadership who have failed to put the interests of their people ahead of their own corrupt interests In this firsthand analysis of the South Sudan the authors explain how the corruption leadership struggles infighting and undemocratic culture of the SPLM A have led to the current crises The majority of citizens felt that their novel cause has been stolen by their selfish leaders and the hope for a better life has just disappeared like the morning mist **South Sudan** Matthew Arnold,Matthew LeRiche,2013-01-11 In July 2011 the Republic of South Sudan achieved independence concluding what had been Africa s longest running civil war A story of transformation and of victory against the odds this book reviews South Sudan s modern history *First Raise a Flag* Peter Martell,2019 A beautifully written first hand account of how bitter and deadly rivalries dashed the hopes of the world s newest nation **Integration and Fragmentation of the Sudan** Mawut Achiecque Mach Guarak,2011 The most comprehensive profound and accurate book ever written in the history of modern Sudan Integration and Fragmentation of the Sudan An African Renaissance is an encyclopedia of ancient and modern history as well as the politics of Sudan It is a library of data that discusses Sudan from its economic political and social standpoint since the Arab discovery and use of the term Bilad es Sudan up through the modern republic of the Sudan after which South and North Sudan collided in 1947 Although written to correct fabrications this book is a foundation on which future Sudans shall live on It is full of useful information that discusses and provides feasible solutions to the fundamental problem of the Sudan that ruptured the country from the Berlin Conference to the post independence era For centuries Sudanese and the international community have been fed with idealistic information as if Sudan started with the coming of the Arabs in the fourteenth century This persisted due to the lack of resources and formal education among African natives Khartoum s unreasonable diversion of genuine history is one among the many causes of mistrust and division in Sudan The indigenous Africans found themselves peripheral to

Khartoum where economic and political power is concentrated

Integration and fragmentation of Sudan

An African Renaissance is a great source of knowledge for the public and students of Sudanese politics

With the referendum and popular consultation approaching this book is a head start for the marginalized Black Africans to make an informed decision between oppression and liberty

Examples and testimonies provided in the text are reasons for the affected regions to permanently determine their future

For freedom diehards this book lays the foundation on which to celebrate the birth of Africa's newest sovereign nation along the Nile River

*Guerrilla Government* Øystein H. Rolandsen, 2005

*Guerrilla Government* provides the background for today's political situation at the eve of a peace agreement for the South

It starts with a brief account of the historical roots of the second civil war and provides an in-depth analysis of the causes and consequences of the split in SPLM/A in 1991

The author then discusses the movement's political and administrative structures and its interaction with other parties at the Southern Sudanese scene prior to its National Convention in 1994

The National Convention and the results of its political and administrative reforms are scrutinised and the book is brought to a conclusion with a short comment on the prospects of the future government of the Southern Sudan

BOOK JACKET

The State of Post-conflict Reconstruction Naseem Badiey, 2014

Naseem Badiey examines the local dynamics of the emerging capital city of Juba

Southern Sudan during the historically pivotal transition period following the 2005 Comprehensive Peace Agreement (CPA)

Focusing on the intersections of land tenure reform and urban development she challenges the dominant paradigm of post-conflict reconstruction and re-conceptualizes state building as a social process underpinned by negotiation

Badiey explores local resistance to reconstruction programmes debates over the interpretation of peace settlements and competing claims to land and resources not as problems to be solved through interventions but as negotiations of authority which are fundamental to shaping the character of the state

While donors and aid agency officials anticipated clashes between the Government of Sudan and the Sudan People's Liberation Movement (SPLM) following the CPA they did not foresee internal divisions that impeded reconstruction in Southern Sudan raising serious questions about the viability of an independent state

In Juba local elites interpreted the CPA in line with their economic and political interests using claims to land authority and political power to challenge the SPLM's agenda for urban reconstruction

In revealing how local actors strategically interpreted the framework of land rights in Southern Sudan the book offers a basis for understanding the challenges that confront the nascent South Sudan's state builders and their international partners in the future

**Military Integration during War-to-Peace Transitions** Lesley Anne Warner, 2023-06-07

In the 1960s only 10% of peace agreements included some element of political military accommodation namely military integration

From Burundi to Bosnia to Zimbabwe that number had increased to over 50% by the 2000s

However relatively little is understood about this dimension of power sharing often utilized during war to peace transitions

Through an examination of the case of South Sudan

between 2006 and 2013 this book explores why countries undergoing transitions from war to peace decide to integrate armed groups into a statutory security framework This book details how integration contributed to short term stability in South Sudan allowing the government to overcome wartime factionalism and consolidate political military power prior to the referendum on self determination in 2011 It also examines how the integration process in South Sudan was flawed by its open ended nature and lack of coordination with efforts to right size the military and transform the broader defense sector and how this led the military to fragment during periods of heightened political competition Furthermore the book explains why integration ultimately failed in South Sudan and identifies the wider lessons that could be applied to current or future war to peace transitions This book will be of great interest to students of war and conflict studies peacebuilding post conflict reconstruction African security issues and International Relations in general as well as to practitioners
