Toldson, 2019-04-09 A Brill Sense Bestseller What if everything you thought you knew about Black people generally and educating Black children specifically was based on BS bad stats We often hear things like Black boys are a dying breed There are more Black men in prison than college Black children fail because single mothers raise them and Black students don't read In *No BS* Ivory A Toldson uses data analysis anecdotes and powerful commentary to dispel common myths and challenge conventional beliefs about educating Black children With provocative engaging and at times humorous prose Toldson teaches educators parents advocates and students how to avoid BS raise expectations and create an educational agenda for Black children that is based on good data thoughtful analysis and compassion *No BS* helps people understand why Black people need people who believe in Black people enough not to believe every bad thing they hear about Black people *A Reader of Modern Urdu Poetry* Peter Swirski, 2010-08-10 As partisan attacks have become increasingly bitter in American politics contemporary culture has found ways to channel this outrage into the outrageous responding with comedy and satire from both sides of the political spectrum *Ars Americana Ars Politica* cross examines American politics culture and history by examining Irving Wallace's *The Man* Richard Condon's *Death of a Politician* P J O'Rourke's *Parliament of Whores* Warren Beatty's film *Bulworth* and Michael Moore's *Stupid White Men* to show how these popular artists have used soap box partisanship and box office entertainment to affect history *Erasing Racism* Molefi Kete

Asante,2010-10-05 Did the election of Barack Obama to be President of the United States signal real progress in bridging America's longstanding racial divide In this profound study of systemic racism Molefi Kete Asante one of our leading scholars of African American history and culture discusses the greatest source of frustration and anger among African Americans in recent decades what he calls the wall of ignorance that attempts to hide the long history of racial injustice from public consciousness This is most evident in each race's differing perspectives on racial matters Though most whites view racism as a thing of the past a social problem largely solved by the civil rights movement blacks continue to experience racism in many areas of social life encounters with the police the practice of red lining in housing difficulties in getting bank loans mortgages and insurance policies and glaring disparities in health care educational opportunities unemployment levels and incarceration rates Though such problems are not expressions of the overt racism of legal segregation and lynch mobs what most whites probably think of when they hear the word racism their negative effect on black Americans is almost as pernicious Such daily experiences create a lingering feeling of resentment that percolates in a slow boil till some event triggers an outburst of rage Asante argues that America cannot long continue as a cohesive society under these conditions As we embark upon new leadership under America's first African American president he urges more public focus on redressing the wrongs of the past and their continuing legacy Above all he thinks that Americans must seriously consider some system of reparations to deal with both past and present injustices an apology and our own truth and reconciliation committee that addresses both the history of slavery and present day racism Only in this way he feels can we ever hope to heal the racial divide that never seems to be erased This is a powerful deeply perceptive analysis of a crucial social problem by one of America's leading thinkers on race
