The Subjection of Women John Stuart Mill, 2019-08-05 This is a reproduction of the original artefact Generally these books are created from careful scans of the original This allows us to preserve the book accurately and present it in the way the author intended Since the original versions are generally quite old there may occasionally be certain imperfections within these reproductions We re happy to make these classics available again for future generations to enjoy **The ^APolitical Economy of Progress** Joseph Persky, 2016-05-16 John Stuart Mill constructed the first serious radical economics Mill saw laissez faire capitalism as a transitional system from which the working classes might emerge with decent wages control of their workplaces and a chance at meaningful individual development Mill s understanding of progress became the very foundation of radical reform **The Lady and the Beast** Deja Whitehouse, 2024 Although Lady Harris is acknowledged as the artist of Aleister Crowley s Book of Thoth to date most studies have focused predominantly on Harris s role as Crowley s artist executant Whitehouse argues that Harris s involvement extended far beyond the artwork itself The Book of Thoth was a collaboration in which each partner fulfilled a variety of roles building on Crowley s magical theories and practices and Harris s artistic skills and social awareness that enabled her to promote and exhibit their work as it evolved The author presents a study of Harris s life and works seeking to assess her true contribution to Western Esotericism Classes of Ladies of Cloistered Spaces Marilyn Booth, 2015-01-20 Zaynab Fawwaz c 1860 1914 was as a forceful voice in support of women s rights to education and work choices in colonial era Egypt Her volume of 453 women s lives al Durr al manthur fi tabaqat rabbat al khudur Pearls scattered in times and places Classes of ladies of cloistered spaces 1893 6 featuring Boudicca Catherine the Great Zaynab the granddaughter of the Prophet Muhammad Victoria Woodhull the Turkish poet Sirri Hanim and many others built on the Arabic Islamic biographical tradition to produce a work for women in the modern era grafting European Turkish Arab and Indian life narratives amongst others onto Arabic literary patterns In Classes of Ladies of Cloistered Spaces Marilyn Booth argues that Fawwazs work was less exemplary biography than feminist history in its exploration of achievement but also of patriarchal trauma in the lives of women across times and places She traces Fawwazs creative use of her sources her presentation of biographical narratives in the context of the political essays she wrote in the Arabic press her publicised dialogue with the President of the Board of Lady Managers of the 1893 World Columbian Exposition where she attempted to send the volume and how her inscription of a feminine ancient history diverged from that of men writing history in 1890s Egypt *Agrégation Anglais 2025 - Mouvements protestataires, contestations politiques et luttes sociales en Grande-Bretagne (1811-1914)* Béatrice Laurent, collectif, 2024-08-20 Ouvrage de pr paration au concours de l Agr gation d anglais **Research Handbook on Domestic Violence and Abuse** Mandy Burton, Vanessa Bettinson, Kayliegh Richardson, Ana Speed, 2024-09-06 This Research Handbook examines the evolution of understandings and legal definitions of domestic abuse illustrating the importance of expanding these beyond physical violence to encompass

coercive control Drawing on academic literature legal doctrine and the lived experiences of victims and survivors it highlights how responses to domestic abuse can be improved in civil family and criminal justice systems **Women**

Becoming Practitioner Researchers Su Lyn Corcoran,Claire Goodley,Alexandra Hay,Anna Olsson Rost,2024-09-01 Early career researchers ECRs in education bring unique histories of professional practice and development into academic research communities Women Becoming Practitioner Researchers explores autoethnographies of twelve women who were or still are schoolteachers in the process of becoming researchers Using autoethnography to disrupt the established systems that distance researchers from their research the chapters in this volume are curated to apply theory to this important transition This theory as method approach provides a foundation for understanding as the authors weave threads of identities and experiences into their roles as practitioner researchers

Travel and the Pan African Imagination Tracy Keith Flemming,2021-09-02 Travel and the Pan African Imagination explores the African Atlantic world as a productive theater or space where modernity racialized dominance and racialized resistance took form The book stresses the importance of placing three Atlantic figures the Charleston South Carolina based armed resistance leader Denmark Vesey the West African emigration advocate Edward Wilmot Blyden and the Christian missionary and teacher in Liberia as well as the United States Alexander Crummell within an Atlantic context and as African world community figures between the late eighteenth and early twentieth centuries The book also examines the religious origins of Black Power ideology and modern Pan Africanism as products of the intense dialogue within the African world community about concepts of modernity progress and civilization Tracy Keith Flemming identifies how travel and social mobility led to the generation of an ever more complex and dynamic Atlantic world and of a fluid and adaptive African world community imagination for those figures who were forced to operate within and against a racially framed universe The vexing social position and symbolic figure of the African was central to the dilemmas facing the racialized imagination of African world community figures and the discipline of Africology **Affective**

Labour in British and American Women's Fiction, 1848-1915 Katherine Skaris,2018-07-26 This volume is a comprehensive and transatlantic literary study of women s nineteenth and twentieth century fiction Firstly it introduces and explores the concept of women s affective labour and examines literary representations of this work in British and American fiction written by women between 1848 and 1915 Secondly it revives largely ignored texts by the scribbling women of Britain and America such as Mary Elizabeth Braddon Elizabeth Stuart Phelps Mona Caird and Mary Hunter Austin and rereads established authors such as Elizabeth Gaskell Kate Chopin and Edith Wharton to demonstrate how all these works provide valuable insights into women s lives in the nineteenth and early twentieth centuries Finally by adopting the lens of affective labour the study explores the ways in which women were portrayed as striving for self fulfilment through forms of emotional mental and creative endeavours that have not always been fully appreciated as work in critical accounts of nineteenth and twentieth century fiction **Portraits of the Insane** Robert Snell,2018-03-29 In the early 1820s in the gloomy aftermath of

the 1789 Revolution and the Napoleonic wars the French Romantic painter Theodore Gericault 1791 1824 made five portraits of patients in an asylum or clinic No depictions of madness before or since can compare with them for humanity straightforwardness and immediacy The portraits challenge us to find responses in ourselves to the face and the embodied mysteries of the other person and to our own internal unconscious disavowed otherness in this sense Gericault was a painter analyst The challenge could not be more urgent in our world of suspicion of the stranger and of the medicalisation of madness The book sketches the history of this last process from the Enlightenment through to the Revolution and its public health policies to the birth of the asylum in its interface with the penal system But there was also a new medico philosophical conviction that the mad were never wholly mad and their suffering and disturbance might best be addressed through relationship and speech
