Feminist Interpretations of Emmanuel Levinas Tina Chanter, 2010-11 This volume of essays all but one previously unpublished investigates the question of Levinas s relationship to feminist thought Levinas known as the philosopher of the Other was famously portrayed by Simone de Beauvoir as a patriarchal thinker who denigrated women by viewing them as the paradigmatic Other Reconsideration of the validity of this interpretation of Levinas and exploration of what more positively can be derived from his thought for feminism are two of this volume s primary aims Levinas breaks with Heidegger s phenomenology by understanding the ethical relation to the Other the face to face as exceeding the language of ontology The ethical orientation of Levinas s philosophy assumes a subject who lives in a world of enjoyment a world that is made accessible through the dwelling The feminine presence presides over this dwelling and the feminine face represents the first welcome How is this feminine face to be understood Does it provide a model for the infinite obligation to the Other or is it a proto ethical relation The essays in this volume investigate this dilemma Contributors are Alison Ainley Diane Brody Catherine Chaliel Luce Irigaray Claire Katz Kelly Oliver Diane Perpich Stella Sandford Sonya Sikka and Ewa Ziarek

Nietzsche's Will to Power Naturalized Brian Lightbody, 2017-01-31 The world viewed from the inside the world defined and determined according to its intelligible character it would be will to power and nothing else Cryptic passages like this one from section 36 of *Beyond Good and Evil* have been the source of much intrigue speculation and puzzlement in the Nietzschean secondary literature This passage in particular along with many others have sparked a slew of questions in recent decades such as What is the will to power Is will to power a metaphysical principle Is it an empirical assertion Or is will to power merely a hypothesis that Nietzsche himself rejected Although asked ad nauseam in the literature the multitude of

answers given to the above questions never seem to satisfy In this book Brian Lightbody shed light on Nietzsche's most famous esoteric teaching by explaining what the will to power is and what it denotes He then demonstrates how will to power may be naturalized in an attempt to show that the doctrine is epistemically and empirically defensible Finally he uses will to power as a philological key of sorts to unlock Nietzsche's philosophy as a whole by showing that his ontology epistemology and ethics are only properly understood once a coherent naturalized rendering of will to power is produced **Troubled**

Jrade, 2012-07-10 Delmira Agustini 1886-1914 has been acclaimed as one of the foremost modernistas and the first major woman poet of twentieth century Spanish America Critics and the reading public alike were immediately taken by the originality and power of her verse especially the aggressively sexualized perspective never before found in texts written by Spanish American women Agustini sought like the men around her to free herself and her writing from traditional sexual limitations Even more daringly she responded to their language with her own feminized discourse developing an innovative way of expressing her sexual and artistic expressions Book jacket
