How Many Gospels? Moreno Dal Bello, 2015-08-12 How many Gospels Just how many gospels are there that a person can believe safely place their trust in and rightly consider themselves saved of God Five Ten Twenty Or perhaps hundreds Just how many gospels are there that God will lead a person to believe ie grant the gift of faith to believe How many gospels are there to which God signs His name and calls My power unto salvation These are questions that strike right at the heart of the whole issue of doctrine of what the true Gospel is and who it is that can rightly judge themselves saved It is important to realise at the outset that what a person believes about Jesus provides an immediate indication of which Jesus they believe in and therefore which gospel they hold to

Human Minds and Cultures Sanjit Chakraborty, 2024-03-29 This book puts forward a harmonious analysis of similarities and differences between two concepts human minds and cultures and strives for a multicultural spectrum of philosophical explorations that could assist them in pondering the striking pursuit of envisaging human minds and cultures as an essential appraisal of philosophy and the social sciences The book hinges on a theoretical understanding of the indispensable liaison between the dichotomy of minds and objectivity residing in semantic ontological conjectures The ethnographic sense of cultures confines the scope of cultural scientism an evolutionary paradigm on the functionalist turn where one could enthrall the cultural phenomenon from the contentment of the conflict of scientific quandaries Hence cultural relativism concedes that cultures have some descriptive contents like customs beliefs moral codes other minds etc that are followed by an individual or a group of people However the notion of societal semiotics embarks on the semiotic conception of culture that deploys modernity and values centred on ethical conjectures *Human Minds and Cultures* conspicuously attune the cultural edifice of moral minds and cope with the enduring prospects of ethics genders laws and socio political affairs Essential reading for anyone with a sparkling interest in human minds and cultures

Infectious Rhythm Barbara Browning, 2013-06-17 Barbara Browning follows the trail of infectious rhythm from the ecstatic percussion of a Brazilian carnival group to the eerily silent video image of the LAPD beating a man like a drum Throughout she identifies the metaphoric strain of contagion which both celebrates the diasporic spread of African culture and serves as the justification for its brutal repression The essays in this book examine both the vital and violent ways in which recent associations have been made between the AIDS pandemic and African diasporic cultural practices including religious worship music dance sculpture painting orature literature and film While pointing to the lengthy and complex

history of the metaphor of African contagion Browning argues that in its politicized life affirming embodiment the figure might actually teach us to respond to epidemia humanely Congressional Record United States. Congress,1958
