Suffering Of The Impassible God The Dialectics Of Patristic Thought:

The Suffering of the Impassible God Paul L. Gavrilyuk, 2004-03-12 The Suffering of the Impassible God provides a major reconsideration of the issue of divine suffering and divine emotions in the early Church Fathers Patristic writers are commonly criticized for falling prey to Hellenistic philosophy and uncritically accepting the claim that God cannot suffer or feel emotions Gavrilyuk shows that this view represents a misreading of evidence In contrast he construes the development of patristic thought as a series of dialectical turning points taken to safeguard the paradox of God's voluntary and salvific suffering in the Incarnation

The Suffering of the Impassible God Pavel Gavriliuk, 2004 *The Suffering of the Impassible God* Bertrand Rippington Brasnett, 1928 *God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, Volume Two* Jeff B. Pool, 2010-01-01 This book constitutes the second volume of a three volume study of Christian testimonies to divine suffering God's Wounds Hermeneutic of the Christian Symbol of Divine Suffering vol 2 Evil and Divine Suffering The larger study focuses its inquiry into the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God This second volume of studies proceeds on the basis of the presuppositions of this symbol those implicit attestations that provide the conditions of possibility for divine suffering that which constitutes divine vulnerability with respect to creation as identified and examined in the first volume of this project an understanding of God through the primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the imago Dei as love The second volume then investigates the first two divine wounds or modes of divine suffering to which the larger family of testimonies to divine suffering normally attest 1 divine grief suffering because of betrayal by the beloved human or human sin and 2 divine self sacrifice suffering for the beloved human in its bondage to sin or misery to establish the possibility of redemption and reconciliation Each divine wound thus constitutes a response to a creaturely occasion The suffering in each divine wound also occurs in two stages a passive stage and an active stage In divine grief God suffers because of human sin betrayal of the divine lover by the beloved human divine sorrow as the passive stage of divine grief and divine anguish as the active stage of divine grief In divine self sacrifice God suffers in response to the misery or bondage of the beloved human's infidelity divine travail focused on the divine incarnation in Jesus of Nazareth as the active stage of divine self sacrifice and divine agony focused on divine suffering in the crucifixion of Jesus of Nazareth as the passive stage of divine self sacrifice

God and the Mystery of Human Suffering Robin Ryan, 2003 **The Suffering and Victorious Christ** Richard J. Mouw, Douglas A. Sweeney, 2013-10-15 American theologians tend to focus on the great hope Christians have through Christ's resurrection emphasizing Christ's victory while minimizing or ignoring his suffering

Through their engagements with Japanese Christians and African American Christians on the topic of Christology Richard Mouw and Douglas Sweeney have come to recognize and underscore that Christ offers hope not only through his resurrection but also through his incarnation The authors articulate a more compassionate and orthodox Christology that answers the experience of the global church offering a corrective to what passes for American Christology today The book includes an afterword by Willie James Jennings of Duke Divinity School

Divine Impassibility and the Mystery of Human Suffering James Keating, O.P. White, Thomas Joseph, 2009-07-14 James F Keating and Thomas Joseph White have gathered here a selection of essays that consider how God's suffering or lack thereof can relate to our redemption from and through human suffering The contributors Catholic Protestant and Orthodox tread carefully but surely over this thorny ground defending diverse and often opposing perspectives Divine Impassibility and the Mystery of Human Suffering is an excellent contribution to the latest stage in this difficult and important theological controversy

BOOK JACKET

The Christology of Karl Barth and Matta al-Miskin Hani Hanna, 2019-07-02 In The Christology of Karl Barth and Matta al Miskin Hani Hanna argues that two of the most renowned theologians of the twentieth century Karl Barth and Matta al Miskin Matthew the Poor redefine the reality of God and humanity christologically in similar ways Both theologians achieve this redefinition using historical rubrics that are closer to Scripture than the traditional metaphysical categories borrowed from Greek philosophy Rooted in their respective Reformed and Coptic Orthodox traditions their works can be placed in a dialogue that takes into account modern concerns about history revelation and human agency By providing an in depth analysis of both men's christologies Hanna also finds that Barth and Matta's christological view of reality has implications for interfaith and intercultural dialogues today

Pathways in Theodicy Mark S. M. Scott, 2015 Why does God permit evil and suffering This question known as the problem of evil in theological and philosophical circles has perennially vexed Christian theology Academic studies on the problem of evil however have failed to move the conversation forward in recent years In this volume designed for students and scholars alike Mark S M Scott traces the major models and motifs in Christian explanations for evil called theodicies and argues for a thorough rethinking of the problem of evil and theodicy based on distinctly Christian theological criteria and resources

Christian Dogmatics Michael Allen, Scott R. Swain, 2016-04-19 This one volume introduction to systematic theology draws deeply on the catholic and Reformed heritage to present the major doctrines of the Christian faith displaying the power of theological retrieval for the church's renewal Leading Reformed theologians such as Kevin Vanhoozer John Webster Michael Horton and Oliver Crisp offer the state of the question on standard theological topics and engage in both exegetical and historical retrieval for the sake of theological analysis The book represents the exciting new theological trajectory of Reformed catholicity
