Krista Cowman

Suffrage Reader Charting Directions In British Suffrage History:

Suffrage Reader Claire Eustance, Joan Ryan, Laura Ugolini, 2000-02-01 This reader contains a mixture of new narratives on suffrage together with reinterpretations of some long established truths about the campaign by British women for the vote. Some chapters shift the focus from the great and the good based in London and explore the issues which motivated supporters in other parts of Britain. Other chapters illuminate the lengths some men were prepared to go to see women become voters and the lengths others were prepared to go to stop them. A variety of topics is covered by the contributors who include both established scholars and writers relatively new to the field. A Suffrage Reader provides an opportunity to push back the boundaries of suffrage history enabling us to think again about the diverse and sometimes contradictory motives for and outcomes of involvement in the long campaign by women for the vote in Britain. The book also makes it possible to pause and reflect upon recent developments in writing on suffrage history and the extent to which this has been bound up with developing attitudes towards politics in the latter decades of the 20th century. [The Routledge Companion to British Women's Suffrage](#) Krista Cowman, 2024-07-31 The suffrage movement remains the largest autonomous political movement of women in British history. The Routledge Companion to British Women's Suffrage provides a comprehensive survey of state of the art contemporary scholarship on this movement. Arranged across four thematic sections this volume explores the range of developments in suffrage research since the 1990s combining a range of scholars' unique insights to offer a much more complete picture of the British suffrage campaign. Each section provides a thoroughgoing overview of different approaches that have underpinned studies of the British suffrage movement across disciplines ranging from history and gender studies to literature, digital humanities and sociology. Sections also explore the various aspects of the material cultures of the suffrage campaign, the variety of suffrage organisations and the legacies of the movement. The Routledge Companion to British Women's Suffrage is an essential handbook for those studying the history, sociology and politics of the suffrage movement with a valuable insight into contemporary developments in research. *Conservative Suffragists* Mitzi Auchterlonie, 2007-10-24 As the suffragette movement was becoming increasingly militant, what was the Conservative reaction to successive parliamentary bills on women's suffrage and what was the level of support for votes for women within the Tory party? After the 1867 Reform Bill, Conservatives were hesitant about supporting further measures to widen the franchise. Although a few party members supported John Stuart Mill's proposal for women's suffrage and some notable individual Conservative women were part of the early organised campaigns for female enfranchisement, the period before the 1880s saw little interest in this issue among the party faithful. It was only when the grassroots Primrose League was created in 1883 that the suffrage question was taken up by a number of its women members. One of the most significant gaps in our knowledge of the British women's suffrage movement is how the Conservative Party dealt with this controversial issue. In this important reassessment of Conservative women's suffrage, Mitzi Auchterlonie looks at the political activities of Conservative

women between 1867 and 1914 As the campaigning by the women s suffrage societies intensified and became more militant Conservative suffragists responded by founding the Conservative and Unionist Women s Franchise Association CUWFA in 1908 This became the third largest women s suffrage party of the pre World War One period Auchterlonie looks at the activities of this organisation and its publication The Conservative and Unionist Women s Franchise Review in depth enabling readers to understand the social political economic and imperial issues which most concerned Conservative suffragists She charts their campaigning activities at local and national level using primary sources including memoirs of prominent Conservative supporters of women s suffrage She discusses the relationship between the CUWFA and politicians of all parties as well as their links with other suffrage organisations Auchterlonie concludes that Conservative women dismissed by some as marginal to suffrage history played a significant part in the suffrage campaigns while the party itself contained an unexpectedly diverse range of views towards the idea of votes for women *For Women, For Wales and For Liberalism*

Ursula Masson,2010-02-01 This book explores the neglected history of women who were active in Liberal politics campaigning for women s rights the vote and a full role for women in Welsh public life at the end of the nineteenth century and before the First World War The over arching argument of the book is that Welsh women s Liberal politics was distinctive in its attempt to integrate an understanding of Liberalism which they shared with their English counterparts and which included the aim of full equality for women with a distinctively Welsh political agenda and constructions of Welsh national identity These constructions sometimes included a positive view of women in the nation but in times of political crisis redefined gender on a more reactionary model *A Companion to Early Twentieth-Century Britain* Chris

Wrigley,2008-04-15 This Companion brings together 32 new essays by leading historians to provide a reassessment of British history in the early twentieth century The contributors present lucid introductions to the literature and debates on major aspects of the political social and economic history of Britain between 1900 and 1939 Examines controversial issues over the social impact of the First World War especially on women Provides substantial coverage of changes in Wales Scotland and Ireland as well as in England Includes a substantial bibliography which will be a valuable guide to secondary sources

Socialist Women June Hannam,Karen Hunt,2012-11-12 This fascinating new study examines the experiences of women involved in the socialist movement during its formative years in Britain and the active role they played in campaigning for the vote By giving full attention to this much neglected group of women Socialist Women examines and challenges the orthodox views of labour and suffrage history Torn between competing loyalties of gender class and politics socialist women did not have a fixed identity but a number of contested identities June Hannam and Karen Hunt probe issues that created divisions between these women as well as giving them the opportunity to act together In three fascinating case studies they explore women s suffrage women and internationalism the politics of consumption Believing above all that being a woman was vital to their politics these individuals sought to develop a woman focused theory of socialism and to put this new politics into

practice Women and Scottish Society, 1700-2000 W.W.J. Knox, 2021-05-03 This book attempts to cover all the important aspects of a woman's life in Scotland examining how and why it changed over the last 300 years. It walks us through the day to day existence of Scottish women and in doing so covers areas such as family and household education work and politics religion and sexuality crime and punishment. While sensitive to the differences among women regarding colour class and sexuality the book seeks to establish a close and reciprocal relationship between women's history and gender history the first delineating the struggles of women for parity with men in economic legal and political spheres the second as means of unravelling the continuing ways in which power is unequally distributed within the home the workplace and in institutions and in contesting the male centred narratives of the past **Quaker Women** Sandra Stanley Holton, 2012-11-12 One nineteenth century commentator noted the public character of Quaker women as signalling a new era in female history. This study examines such claims through the story of middle class women Friends from among the kinship circle created by the marriage in 1839 of Elizabeth Priestman and the future radical Quaker statesman John Bright. The lives discussed here cover a period from the late eighteenth to the early twentieth centuries and include several women Friends active in radical politics and the women's movement in the service of which they were able to mobilise extensive national and international networks. They also created and preserved a substantial archive of private papers comprising letters and diaries full of humour and darkness the spiritual and the mundane family confidences and public debate the daily round and affairs of state. The discovery of such a collection makes it possible to examine the relationship between the personal and public lives of these women Friends explored through a number of topics including the nature of Quaker domestic and church cultures the significance of kinship and church membership for the building of extensive Quaker networks the relationship between Quaker religious values and women's participation in civil society and radical politics and the women's rights movement. There are also fresh perspectives on the political career of John Bright provided by his fond but frank women kin. This new study is a must read for all those interested in the history of women religion and politics Come Buy, Come Buy Krista Lysack, 2008-05-15 From the 1860s through the early twentieth century Great Britain saw the rise of the department store and the institutionalization of a gendered sphere of consumption. *Come Buy Come Buy* considers representations of the female shopper in British women's writing and demonstrates how women's shopping practices are materialized as forms of narrative poetic and cultural inscription showing how women writers emphasize consumerism as productive of pleasure rather than the condition of seduction or loss. Krista Lysack examines works by Christina Rossetti Mary Elizabeth Braddon George Eliot and Michael Field as well as the suffragette newspaper *Votes for Women* in order to challenge the dominant construction of Victorian femininity as characterized by self renunciation and the regulation of appetite. *Come Buy Come Buy* considers not only literary works but also a variety of archival sources shopping guides women's fashion magazines household management guides newspapers and advertisements and cultural practices department store shopping shoplifting

and kleptomania domestic economy and suffragette shopkeeping With this wealth of sources Lysack traces a genealogy of the woman shopper from dissident domestic spender to aesthetic connoisseur from curious shop gazer to political radical

Elizabeth Wolstenholme Elmy and the Victorian Feminist Movement Maureen Wright, 2013-07-19 This book provides the first full length biography of Elizabeth Wolstenholme Elmy 1833 1918 someone referred to among contemporaries as the grey matter in the brain of the late Victorian women s movement A pacifist humanitarian free thinker Wolstenholme Elmy was a controversial character and the first woman ever to speak from a public platform on the topic of marital rape Lauded by Emmeline Pankhurst as first among the infamous militant suffragettes of the Women s Social and Political Union Wolstenholme Elmy was one of Britain s great feminist pioneers and in her own words an initiator of many high profile campaigns from the nineteenth into the twentieth century Wright draws on an extensive resource of unpublished correspondence and other sources to produce an enduring portrait that does justice to Wolstenholme Elmy s momentous achievements
