"Architects, Angels, Activists and the City of Bath, 1765?965 " Cynthia Imogen Hammond,2017-07-05 A unique contribution to the architectural and social history of Bath Architects Angels Activists and the City of Bath 1765 1965 Engaging with Women s Spatial Interventions in Buildings and Landscape approaches the past with the methods of the architectural historian and the site specific interventions of the contemporary artist Looking beyond and behind Bath s strategic marshalling of its past Cynthia Imogen Hammond presents the ways in which women across classes shaped the built environment and designed landscapes of one of England s most architecturally significant cities This study argues that Bath s efforts to preserve itself as an idealized Georgian town reveal an aesthetics of exclusion Jane Austen

may be well known but the role of historic women in the creation of this city has had minimal treatment within the city's collective public memory. This book is an intervention into this memory; the author uses site-specific works of public art as strategic counterparts to her historical readings. Through them, she aims to transform as well as critique the urban image of Bath. At once a performative literature, an extensively researched history, and an alternative guide to the city, *Architects, Angels, Activists and the City of Bath, 1765-1965* engages with current struggles over urban signification in Bath and beyond. Cynthia Imogen Hammond, 2012. Approaching the past as both historian and artist, Cynthia Imogen Hammond documents how women across classes shaped the built environment of one of England's most architecturally significant cities. *Architects, Angels, Activists and the City of Bath, 1765-1965: Engaging with Women's Spatial Interventions in Buildings and Landscape* documents Hammond's own creative spatial interventions in the city through which she brings the history of women to the foreground of Bath's urban image.
