Callahan,2008-11-20 Exploring themes of work and labor in everyday life Richard J Callahan Jr offers a history of how coal miners and their families lived their religion in eastern Kentucky s coal fields during the early 20th century Callahan follows coal miners and their families from subsistence farming to industrial coal mining as they draw upon

religious idioms to negotiate changing patterns of life and work He traces innovation and continuity in religious expression that emerged from the specific experiences of coal mining including the spaces and social structures of coal towns the working bodies of miners the anxieties of their families and the struggle toward organized labor Building on oral histories folklore folksongs and vernacular forms of spirituality this rich and engaging narrative recovers a social history of ordinary working people through religion Mike Barry and the Kentucky Irish American Clyde F. Crews,2021-12-14 The Kentucky Irish American began life in 1898 as one of many ethnic newspapers in America but by its final years it attracted an avid national audience of many ethnicities From 1925 the KIA was owned and edited by the Barry family of Louisville by John J Barry to 1950 and by his son Michael to its demise in 1968 This anthology focuses on the Mike Barry years a time of Cold War and Vietnam of Kennedy Nixon McCarthy Goldwater and Happy Chandler Under Mike s brilliant editorship the KIA offered its readers a richly textured pungent voice that combined humor with a constant push for social improvement in Kentucky and in the nation Always the KIA was strong in its support of all things Irish Catholic and American It was also an acerbic commentator on the absurdities of Kentucky politics But the KIA was notable and noticed for its strong positions on national and international issues Red Smith once described the KIA as all the excuse any man needs for learning to read Today s readers can now discover the pleasures of a livelier era in journalism **Across the Kentucky Color Line:**
