and working closely with the DEA Carlo also wrote the definitive account of Bonanno Mafia family assassin Tommy Karate Pitera The Butcher Carlo s investigative achievements were remarkable but what wasn t known to his readers was that while working on The Ice Man he learnt he had amyotrophic lateral sclerosis ALS a terminal illness that caused all of the muscles in his body to atrophy over time Suddenly after years of penetrating the minds of killers Carlo was himself being pursued by the grim reaper But rather than lying down and succumbing to the disease Carlo continued to work right up until his death in 2010 and his books were published to critical and commercial acclaim In The Killer Within Carlo documents his difficult experiences with ALS and explains how he managed to continue working as a true crime author in the face of adversity He provides an intimate account of his relationships with Ramirez Kuklinski and Casso and reveals intriguing information about writing his bestsellers while simultaneously coping with the numerous challenges that ALS presented as it slowly began to steal his life away
