Kimball established a highly graphic idiosyncratic approach to animation alongside the studio's more recognizable storybook realism. In effect, Ward Kimball became the only animator to run his own in-studio production team largely outside of Walt Disney's direction. In the 1950s and 1960s he emerged as a director and producer of his own animation while remaining inside Disney's studio. Through Kimball, the studio developed a series of nonfiction animation programs in the 1950s that members of Congress pointed to as paving the way for NASA. The studio also allowed Kimball's work to abandon some ties to conventional animation, looking instead to high art and graphic design as a means of creating new animated forms which resulted in films that received multiple Academy Award nominations and two awards. Throughout his life, Kimball was a maverick animator, an artist who helped define the field of American animation and a visionary who sought to expand the influence of animated films.

The Numismatist, 1910 *History of the Portrait Collection, Independence National Historical Park* Doris Devine Fanelli, Karie Diethorn, 2001 A catalog of the portraits in the Independence Nat. Historic Park collection. These portraits consist of 255 works, 109 of them by Charles Willson Peale. Many are likenesses of heroes of the Amer. Revolution and founders of Amer. gov't, statesmen, jurists, men of science, art, and letters. The collection was enhanced by the addition of the works of notable 18th and 19th cent. Anglo-Amer. artists. There are two sections: a history of the collection, dividing it in chapters covering works pre-1850, 1850-1900, and 1900-1951; and a catalog. Each catalog entry is enhanced with either a black and white or four-color reproduction and contains a physical description of the portrait, a biography of the subject, the circumstance of the portrait's commission, and its provenance.

The Disney Revolt Jake S. Friedman, 2022-07-05 An essential piece of Disney history has been largely unreported for eighty years. Soon after the birth of Mickey Mouse, one animator raised the Disney Studio far beyond Walt's expectations. That animator also led a union war that almost destroyed it. Art Babbitt animated for the Disney studio throughout the 1930s and through 1941, years in which he and Walt were jointly driven to elevate animation as an art form up through *Snow White*, *Pinocchio*, and *Fantasia*. But as America prepared for World War II, labor unions spread across Hollywood. Disney fought the unions, while Babbitt embraced them. Soon, angry Disney cartoon characters graced picket signs as hundreds of animation artists went out on strike. Adding fuel to the fire was Willie Bioff, one of Al Capone's wiseguys who was seizing control of Hollywood workers and vied for the animators' union. Using never-before-seen research from previously lost records, including conversation transcriptions from within the studio walls, author and historian Jake S. Friedman reveals the details behind the labor dispute that changed animation and Hollywood forever. *The Disney Revolt* is an American story of industry and of the underdog, the golden age of animated cartoons at the world's most
