The Kingdom That Never Came:

The Kingdom That Never Came T.S. Moore,2003-08-22 The Kingdom That Never Came offers a startling new look at Christian beginnings that is bound to stir up controversy and debate for years to come Historians philosophers religious writers and cultural critics have never solved an age old question How could the radical otherworldly vision of Jesus have been transformed into a world historical drive into the earthly temporal realm The author argues that the answer to this question has been staring all of us in the face across a span of 2000 years in the New Testament itself for all to see but it has remained buried in history Christianity owes its very existence as well as its drive for secular power on earth to the failure of Jesus prediction of the coming of the Kingdom of God within the lifetime of his own generation Christianity was essentially a rebound against this dead end wall of failed prophecy and the impetus of this great turn towards the realm of Caesar has carried down to our own day This is the history of Christianity in a nutshell Jesus apocalyptic delusion and Christianity s ensuing rebound against this failed prophecy is the key for understanding the union of church and state and the struggle for religious freedom in the history of the West A Vision of the Kingdom Age Daniel F. Owsley,2012-04-11 **The Primrose**

Path: A Chapter in the Annals of the Kingdom of Fife Mrs. Oliphant,2022-06-03 Set in the Fife area of Scotland this novel regales the readers with the life of a Scottish Earl his family and the servants who worked for him The book is filled with witty dialogues exchanged by the characters such as the following said by Sir Ludovic to his daughter If you were busy that is no reason for being sorry but you should not forget hours they are our best guide in life The Kingdom of Speech Tom Wolfe,2024-09-24 The legendary reporter and author of The Right Stuff takes on Darwin Chomsky and the origin of language in his boldest bit of dueling yet The New York Times Tom Wolfe the great journalist provocateur aims his piercing wit at the presiding theories of what makes us human The Kingdom of Speech is a captivating paradigm shifting argument that speech not evolution is responsible for humanity s complex societies and achievements From Alfred Russel Wallace the Englishman who beat Darwin to the theory of natural selection but later renounced it and through the controversial work of modern day anthropologist Daniel Everett who defies the current wisdom that language is hard wired in humans Wolfe examines the solemn long faced laugh out loud zig zags of Darwinism old and Neo and finds it irrelevant here in the Kingdom of Speech The Books of the Kingdom Part 1—Samuel Lance Lambert,2025-01-10 The books of Samuel and Kings were originally combined into a single volume known as The Books of the Kingdom This first study in a two part series explores why these texts bear Samuel s name even though David is the central figure Lance begins by highlighting God s miraculous provision of Samuel during a critical time in Israel s history The study then turns to David whose life marked by both victory and failure offers profound lessons for us today Through David s example we gain a deeper understanding of what it means to be a man after God s own heart **The Kingdom Hall No More** Daniel J.
