**The Kingfish in Fiction** Keith Perry, 2004-06-01 The controversial almost mythic Louisiana politician Huey P Long inspired not just one but six American novels published between 1934 and 1946 And he continues to resonate in American cultural memory appearing in a 1995 work of historical fiction The Kingfish in Fiction offers the first study of all six Hueys who aren't Hueys as they strut and bluster their way across the literary page each character with his own particular story each towing a different authorial agenda Keith Perry carefully dissects the intertwining of documented history and artistic invention in Sinclair Lewis's *It Can't Happen Here* Hamilton Basso's *Cinnamon Seed* and Sun in Capricorn John Dos Passos's *Number One* Adria Locke Langley's *A Lion Is in the Streets* and Robert Penn Warren's *All the King's Men* Perry explains that Lewis cast his version of the Kingfish as a totalitarian menace a sort of homegrown Hitler in what Lewis later admitted was an unapologetic attempt to sabotage Long's designs on the White House Basso one of Long's most vocal detractors created two Long based characters each a rabble rousing affront to what remained of the Old South order To warn readers of the dangers hidden in the politician constituent contract Dos Passos transformed Long into a shameless manipulator of the gullible American masses Langley's rendition suffers complete condemnation by its creator for personal as well as public transgressions Warren's spellbinding Willie Stark almost as much philosopher as politician ironically bears the least resemblance to Long though for almost six decades Stark has been Long's best known fictional embodiment Exploring how and why these five authors among them a Nobel laureate one of America's most celebrated political novelists and a two time Pulitzer Prize winner turned one politician into six fictional characters leads Perry to conclude that Huey P Long's lasting impression may well be a composite of both historical and imaginative interpretation [Authoritarianism and Class in American Political Fiction](#) David Smit, 2022-05-31 This book analyzes what many critics consider to be the three best examples of modern American political fiction Robert Penn Warren's *All the King's Men* Edwin O'Connor's *The Last Hurrah* and Billy Lee Brammer's *The Gay Place* to address a specific problem in American governance how the intense competition for power among elite factions often results in their ignoring major groups of their constituents thereby providing political bosses with a rationale to seize authoritarian control of the government in the name of constituent groups who feel ignored or neglected promising them more democratic rule but in the process excluding other groups so that the bosses themselves become elitist ruling only for the sake of some constituents and not others [Louisiana Culture from the Colonial Era to Katrina](#) John Wharton Lowe, 2008-12-15 In 1803 President Thomas Jefferson acquired 828 000 square miles of French territory in what became known as the Louisiana Purchase Although today Louisiana makes up only a small portion of this immense territory this exceptional state embraces a larger than life history and a cultural blend unlike any other in the nation Louisiana Culture from the Colonial Era to Katrina a collection of fourteen essays compiled and edited by John Lowe captures all of the flavor and richness of the state's heritage illuminating how Louisiana despite its differences from the rest

of the United States is a microcosm of key national concerns including regionalism race politics immigration global connections folklore musical traditions ethnicity and hybridity Divided into five parts the volume opens with an examination of Louisiana s origins with pieces on Native Americans French and German explorers and slavery Two very different but complementary essays follow with investigations into the ongoing attempts to define Creoles and creolization No collection on Louisiana would be complete without attention to its remarkable literary traditions and several contributors offer tantalizing readings of some of the Pelican State s most distinguished writers a dazzling array of artists any state would be proud to claim The volume also includes pieces on a couple of eccentric mythologies distinct to Louisiana and explorations of Louisiana s unique musical heritage Throughout the international slate of contributors explores the idea of place particularly the concept of Louisiana as the center of the Caribbean wheel where Cajuns Creoles Cubans Haitians Jamaicans and others are part of a New World configuration connected by their linguistic identity landscape and climate religion and French and Spanish heritage A poignant conclusion considers the devastating impact of Hurricanes Katrina and Rita and what the storms mean for Louisiana s cultural future A rich portrait of Louisiana culture this volume stands as a reminder of why that culture must be preserved

**American Populist** Thomas E. Patterson, 2025-02-14 Thomas E Patterson s monumental biography of Huey Long is a profound reevaluation of his life and legacy recognizing him as an inspirational progressive thinker populist hero and radical influence on the New Deal before an assassin s bullet ended his life in 1935 First as governor and then as U S senator Long transformed the politics of Louisiana by standing for the interests of citizens whom state officials had historically ignored He eased suffrage restrictions so that more people could vote and voters endorsed his program of more robust government services and shifting the tax burden to those better able to pay In the United States Senate during the darkest days of the Great Depression he advocated loudly and ceaselessly for the redistribution of wealth expanding public works increasing the money supply insuring bank deposits paying old age pensions and veterans benefits delivering a minimum income for families and funding college and vocational

education President Franklin D Roosevelt along with other politicians and pundits dismissed Long s proposals as nonsense put forth by a reckless demagogue in search of votes Despite several biographies acclaimed novels and historical studies in the years since Long s death his reputation today is mostly caricature a spellbinding speaker a dictator a populist firebrand who was unprincipled and corrupt Using previously untapped personal papers of Long and his son Russell other primary sources recent scholarship and his experience as a lawyer Patterson provides a necessary corrective as he analyzes the contours of Long s career deconstructs the elements of his success undercuts several myths related to his time in office and explains the circumstances that led to his ultimate downfall The result is the most comprehensive balanced and analytical study of the Kingfish to date

**The Preface** Ross K. Tangedal,2021-11-06 Building on insights from the fields of textual criticism bibliography narratology authorship studies and book history The Preface American Authorship in the Twentieth Century examines the role that prefaces played in the development of professional authorship in America Many of the prefaces written by American writers in the twentieth century catalogue the shifting landscape of a more self consciously professionalized trade one fraught with tension and compromise and influenced by

evolving reading publics With analyses of Willa Cather Ring Lardner F Scott Fitzgerald Ernest Hemingway Robert Penn Warren and Toni Morrison Ross K Tangedal argues that writers used prefaces as a means of expanding and complicating authority over their work and ultimately as a way to write about their careers Tangedal s approach offers a new way of examining American writers in the evolving literary marketplace of the twentieth century Any Resemblance to Actual Persons Hal Erickson,2017-12-25 Most film buffs know that Citizen Kane was based on the life of publisher William Randolph Hearst But few are aware that key characters in films like Double Indemnity Cool Hand Luke Jaws Rain Man A Few Good Men and Zero Dark Thirty were inspired by actual persons This survey of a clef characters covers a selection of fictionalized personalities beginning with the Silent Era The landmark lawsuit surrounding Rasputin and the Empress 1932 introduced disclaimers in film credits assuring audiences that characters were not based on real people even when they were Entries cover screen incarnations of Wyatt Earp Al Capone Bing Crosby Amelia Earhart Buster Keaton Howard Hughes Janis Joplin and Richard Nixon along with the inspirations behind perennial favorites like Charlie Chan and Indiana Jones *Larry Brown and the Blue-Collar South* Jean W. scholarly debate from James s The Ambassadors to McCarthy s The Road These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification

The Fourth Ghost Robert H. Brinkmeyer, Jr., 2009-01-01 In the 1949 classic Killers of the Dream Lillian Smith described three racial ghosts haunting the mind of the white South the black woman with whom the white man often had sexual relations the rejected child from a mixed race coupling and the black mammy whom the white southern child first loves but then must reject In this groundbreaking work Robert H Brinkmeyer Jr extends Smith s work by adding a fourth ghost lurking in the psyche of the white South the specter of European Fascism He explores how southern writers of the 1930s and 1940s responded to Fascism and most tellingly to the suggestion that the racial politics of Nazi Germany had a special problematic relevance to the South and its segregated social system As Brinkmeyer shows nearly all white southern writers in these decades felt impelled to deal with this specter and with the implications for southern identity of the issues raised by Nazism and Fascism Their responses varied widely ranging from repression and denial to the repulsion of self recognition With penetrating insight Brinkmeyer examines the work of writers who contemplated the connection between the authoritarianism and racial politics of Nazi Germany and southern culture He shows how white southern writers both those writing cultural criticism and those writing imaginative literature turned to Fascist Europe for images analogies and metaphors for representing and understanding the conflict between traditional and modern cultures that they were witnessing in Dixie Brinkmeyer considers the works of a wide range of authors of varying political stripes the Nashville Agrarians W J Cash Lillian Smith William Alexander Percy Thomas Wolfe William Faulkner Katherine Anne Porter Carson McCullers Robert Penn Warren and Lillian Hellman He argues persuasively that by engaging in their works the vital contemporary debates about totalitarianism and democracy these writers reconfigured their understanding not only of the South but also of themselves as southerners and of the nature and significance of their art The magnum opus of a distinguished scholar The Fourth Ghost offers a stunning reassessment of the cultural and political orientation of southern literature by examining a major and heretofore unexplored influence on its development
