The Kings Toothache:

The King's Toothache Colin West,1988 Unable to find a dentist for the king s toothache Nurse Mary tries a baker a town crier and a sailor before the poor man gets relief *The King's Toothache* Anne Dalton,West, Lynda,Colin West,1991-06-01 *King's Toothache* Colin West,Anne Dalton,1991-06-01 The Mandate of Heaven S J Marshall,S. J. Marshall,2015-12-14 The Mandate of Heaven was originally given to King Wen in the 11th century BC King Wen is credited with founding the Zhou dynasty after he received the Mandate from Heaven to attack and overthrow the Shang dynasty King Wen is also credited with creating the ancient oracle known as the Yijing or Book of Changes This book validates King Wen s association with the Changes It uncovers in the Changes a record of a total solar eclipse that was witnessed at King Wen s capital of Feng by his son King Wu shortly after King Wen had died before he had a chance to launch the full invasion The sense of this eclipse as an actual event has been overlooked for three millennia It provides an account of the events surrounding the conquest of the Shang and founding of the Zhou dynasty that has never been told It shows how the earliest layer of the Book of Changes the Zhouyi has preserved a hidden history of the Conquest **Druggists Circular** ,1923

These Bones Shall Rise Again David N. Keightley,2014-08-13 David N Keightley s seminal essays on the origins of Chinese society are brought together in one volume *These Bones Shall Rise Again* brings together in one volume many of David N Keightley s seminal essays on the origins of early Chinese civilization Written over a period of three decades and accessible to the non specialist these essays provide a wealth of information and insights on the Shang dynasty traditionally dated 1766 1122 or 1056 BCE Of all the eras of Chinese history the Shang has been a particularly elusive one long considered more myth than reality A historian with a keen appreciation for anthropology and archaeology Keightley has given us many descriptions of Shang life Best known for his analysis of oracle bones he has looked beyond the bones themselves and expanded his historical vision to ponder the lives of those who used them What did the Shang diviner think he was doing The temerity to ask such questions and the insights they have provided have been provocative and at times controversial Equally intriguing have been Keightley s assertions that many of the distinctive features of Chinese civilization were already in evidence during the Shang 3000 years ago In this collection readers will find not only an essential reference but also the best kind of thought provoking scholarship Using Poetry Across the Curriculum Barbara Chatton,2010-01-13 This comprehensive listing and discussion of poetic works supports the standards of all areas of the curriculum helping librarians and teachers working with kindergarten through middle school students This second edition of *Using Poetry Across the Curriculum* Learning to Love Language offers a comprehensive list of poetry anthologies poetic picture books and poetic prose works in a wide variety of subject areas While it maintains the original edition s focus on ideas and resource lists for integration of poetry into all areas of the curriculum it is thoroughly revised to cover current issues in education and the wealth of new poetry books available The book is organized by subject areas commonly taught in elementary and middle

schools and within these by the national standards in each area Numerous examples of poetry and poetic prose that can be used to help students understand and appreciate aspects of the standard are listed A sampling of units that arise from groups of works writing and performance ideas and links across the curriculum is also included While many teaching ideas and topics provide references to the standards they meet this title is unique in starting with those standards and making links across them

Royal Palaces and Parks of France M. F. Mansfield,2019-11-22 In *Royal Palaces and Parks of France* M F Mansfield delivers a meticulously researched and richly illustrated exploration of France s most iconic regal estates from the grandeur of Versailles to the serene beauty of the Tuileries Mansfield s literary style fuses artful prose with historical analysis placing the palatial architectures and their surrounding landscapes within the broader tapestry of French history The book deftly navigates through various artistic influences and trends elucidating how the aesthetics of these locations reflect the political and cultural shifts that have shaped France over centuries M F Mansfield an esteemed art historian and enthusiast of French culture draws on a wealth of knowledge and personal travel experiences in writing this compendium With a background rooted in both literature and the study of architectural history Mansfield approaches each palace and park not just as physical sites but as embodiments of societal values and historical narratives His scholarly acumen combined with a palpable passion for his subject makes every chapter both informative and engaging This book is a must read for historians architects and avid travelers alike providing insights that deepen one s appreciation of these majestic locations Readers will find themselves transported through time gaining a profound understanding of how French royal heritage continues to influence contemporary landscapes

Religions of China Daniel E. Overmyer,1998-03-10 The guiding themes of Chinese religion as it is actually lived This short work explains basic ideas and practices of Chinese religions in direct and simple language with many examples and analogies for increased understanding Its basic assumption is that religion is best understood as an aspect of everyday lifeas something that makes sense to those who practice iteven if outsiders might be puzzled at first While Overmyers treatment focuses on traditional China before the twentieth century many of the beliefs and practices described are still alive at least in some Chinese communities While the basic concern of this book is first to understand Chinese religions in their own right it takes the additional step of exploring what modern students might learn from them
