Distinguished Outsider Christian Rogowski, 1994 A study of the shifts of critical opinion on Musil with special reference to *The Man Without Qualities* Austrian writer Robert Musil 1880 1942 ranks with Proust Joyce Kafka and Thomas Mann as a master of the modern prose narrative his works encompass a wide range of theoretical and aesthetic impulses ranging from Nietzsche to Mach from Gestalt theory to Freudian psychoanalysis This volume traces the scholarly reception of Musil s works marked by discontinuities and abrupt shifts of perception At the beginning of his career Musil was stereotyped as an author primarily interested in morally questionable psychological issues before being plunged into near oblivion by his exile forced by National Socialism After the Second World War he was rediscovered but the development of Musil studies was severely hampered by the inability to determine an authoritative edition of his unfinished masterpiece *Der Mann ohne Eigenschaften* *The Man without Qualities* 1930 43 Professor Rogowski shows how successive generations of scholars have appropriated Musil for their own ends constructing a bewildering and often contradictory array of images of the author according to their own ideological and methodological

biases and how this multitude of different perspectives corresponds with changes in German studies and historical developments over the past four decades In so doing he sheds new light on Musil's paradoxical status as in the words of Frank Kermode the least read of the great twentieth century novelists CHRISTIAN ROGOWSKI is assistant professor of German at Amherst College Austria Michelin Travel Publications (Firm),2001 This addition to the Michelin Green Guide series provides travellers with a comprehensive guide to the cultural and natural highlights of Austria

Narrative Turns and Minor Genres in Postmodernism ,1995 *Nurses and Midwives in Nazi Germany* Susan Benedict,Linda Shields,2014-04-24 This book is about the ethics of nursing and midwifery and how these were abrogated during the Nazi era Nurses and midwives actively killed their patients many of whom were disabled children and infants and patients with mental and other illnesses or intellectual disabilities The book gives the facts as well as theoretical perspectives as a lens through which these crimes can be viewed It also provides a way to teach this history to nursing and midwifery students and for the first time explains the role of one of the world's most historically prominent midwifery leaders in the Nazi crimes

Austrian Information ,1994 *Triad* Margot ten Pas,2025-04-28 Living with the fact that you have relinquished a child your own flesh and blood not knowing where it is nor how it is doing Living with the fact that you were abandoned by your own mother and then adopted by people who are complete strangers to you Living with the fact that you are not the only mother of your child but are actually raising someone else's child *Triad* is the personal story of Margot ten Pas In a sincere and eye opening way she describes the emotional journey as lived by the birthmother the adopted child as well as the adoptive mother The idealized image we generally have of adoption is conclusively rejected After all adoption is not a fairy tale Adoption usually means living with hidden grief and silent pain

An Historian in Peace and War T.G. Otte,2016-04-15 The First World War and subsequent peace settlement shaped the course of the twentieth century and the profound significance of these events were not lost on Harold Temperley whose diaries are presented here An established scholar and later one of Britain's foremost modern and diplomatic historians Temperley enlisted in the army at the outbreak of the war in August 1914 Invalided home from the Dardanelles campaign in 1915 he spent the remainder of the war and its aftermath as a general staff officer in military intelligence Here he played a significant role in preparing British strategy for the eventual peace conference and in finalising several post war boundaries in Eastern Europe Later in the 1920s and 1930s Temperley was to co edit the British diplomatic documents on the origins of the war and the vicissitudes of modern Great Power politics were to be his principal preoccupation Beginning in June 1916 the diary presents a more or less daily record of Temperley's activities and observations throughout the war and subsequent peace negotiations As a professional historian he appreciated the significance of eyewitness accounts and if Temperley was not at the very heart of Allied decision making during those years he certainly had a ringside seat Trained to observe accurately he recorded the concerns and confusions of wartime conscious always of the historical significance of what he observed As a result there are few sources that match

Temperley's diary which presents a fascinating and unique perspective upon the politics and diplomacy of the First World War and its aftermath **The Weekly Review** ,1920
