

The Knesset Parliament In The Israeli Political System

Edgar S. Marshall

The Knesset Parliament In The Israeli Political System:

The Knesset Gregory S. Mahler, 1981 A study of the Knesset based on a series of interviews with members of the Eighth Knesset 1973-77 this book is a revealing picture of the Israeli political system and the individuals who work within it **The Handbook of Israel's Political System** Itzhak Galnoor, Dana Blander, 2018-04-30 There is growing interest in Israel's political system from all parts of the world This Handbook provides a unique comprehensive presentation of political life in Israel from the formative pre state period to the present The themes covered include political heritage and the unresolved issues that have been left to fester the institutional framework the Knesset government judiciary presidency the state comptroller and commissions of inquiry citizens political participation elections political parties civil society and the media the four issues that have bedevilled Israeli democracy since its establishment security state and religion the status of Israel's Arab citizens and economic inequities with concomitant social gaps and the contours of the political culture and its impact on Israel's democracy The authors skilfully integrate detailed basic data with an analysis of structures and processes making the Handbook accessible to both experts and those with a general interest in Israel **Politics and Government in Israel** Gregory S. Mahler, 2016-03-03 This balanced and comprehensive text explores Israeli government and politics from both institutional and behavioral perspectives After briefly discussing Israel's history and the early development of the state Gregory Mahler then examines the social religious economic cultural and military contexts within which Israeli politics takes place He makes special note of Israel's geopolitical situation of sharing borders with and being proximate to several hostile Arab nations The book explains the operation of political institutions and behavior in Israeli domestic politics including the constitutional system and ideology parliamentary government the prime minister and the Knesset political parties and interest groups the electoral process and voting behavior and the machinery of government Mahler also considers Israel's foreign policy setting and apparatus the Palestinians and the Israeli Palestinian conflict the particularly sensitive questions of Jerusalem and the Israeli settlement movement and the Middle East peace process overall This clear and concise text provides an invaluable starting point for all readers needing a cogent introduction to Israel today **The Oxford Handbook of Israeli Politics and Society** Reuven Y. Hazan, Alan Dowty, Menachem Hofnung, Gideon Rahat, 2021 Few countries receive as much attention as Israel and are at the same time as misunderstood The Oxford Handbook of Israeli Politics and Society brings together leading Israeli and international figures to offer the most wide ranging treatment available of an intriguing country It serves as a comprehensive reference for the growing field of Israel studies and is also a significant resource for students and scholars of comparative politics recognizing that in many ways Israel is not unique but rather a test case of democracy in deeply divided societies and states engaged in intense conflict The handbook presents an overview of the historical development of Israeli democracy through chapters examining the country's history contemporary society political institutions international relations and most pressing political issues It outlines the most relevant

developments over time while not shying away from the strife both in and around Israel It presents opposed narratives in full force enabling readers to make their own judgments Politics and Government in Israel, Fourth Edition Gregory S. Mahler, Reuven Y. Hazan, 2024-12-01 This balanced and comprehensive text explores Israeli government and politics from both institutional and behavioral perspectives After briefly discussing Israel's history authors Gregory S Mahler and Reuven Y Hazan examine the social religious economic cultural and military contexts within which Israeli politics takes place They explain the operation of political institutions and behavior in domestic politics such as the constitutional system parliamentary government and the executive legislative and judicial machinery of government including discussion of elections and voting political parties and civil society and democracy in Israel Finally Israel's foreign policy setting and apparatus are considered as well as the challenges faced by the Palestinians in Israel and the peace process between Israel and its neighbors Clear and concise *Politics and Government in Israel* provides an invaluable starting point for all readers needing a cogent introduction to Israel today *The Israeli Economy (Routledge Revivals)* Yair Aharoni, 2014-05-01 First published in 1991 during a significant stagnation in the Israeli economy this title discusses the causes of the economic downturn and assesses the country's prospects Throughout Aharoni measures the economic problems Israel has endured against the social and economic successes it has been able to achieve He highlights the incongruities of the aspirations of Israel's founders and supporters and the reality as well as the interplay of economic and political forces that have shaped this With a detailed introduction to the ideology and development of the state of Israel and a history of the Israeli economy and its institutional structure this title will be of significant value to any student studying the economic history of Israel and the Middle East **Israel** Edgar S. Marshall, 2002 There has probably never been a country in the history of the world like Israel the homeland for Jews from all around the world a visceral enemy of Arab countries called a client state of the United States a developed country in its own right by its own hands Israel has seen many events since its founding in 1948 but peace it has not found The book examines current issues swirling about Israel as well as presents the historical background necessary for grasping its place in the world today *The Jewish State* Alan Dowty, 2001-06 The one intelligent overview of Israeli politics that addresses the paradox at the heart of Israeli statehood How can Israel be both a Jewish state and a democratic state *Studies in Contemporary Jewry: V: Israel: State and Society, 1948-1988* Peter Y. Medding, 1989-10-26 This volume critically examines the State of Israel forty years after its establishment It includes symposia articles and book reviews by major scholars of Jewish history from around the world **New Media, Politics and Society in Israel** Gideon Doron, Azi Lev-On, 2014-06-11 This book addresses the social and political landscape of Internet usage in Israel and studies the formation of a networked information society in the hi tech nation As Israel is considered a highly technologically developed country it could serve as a model to assess and compare the performance and prospects of the Internet in other countries as well Chapters address a range of issues including the diffusion of the Internet to Israel religion and the Internet

in the Israeli Jewish context Internet based planned encounters between Israeli Jews and Palestinians and between Jews and Arabs in Israel online journalism and user generated content Israeli public relations online Internet usage by Israeli parliamentarians parties and candidates as well as audiences and the facilitation of personalized politics through personal sites of politicians This book was originally published as a special issue of Israel Affairs *Reforming Parliamentary Committees* Reuven Y. Hazan, 2001 Here Reuven Y Hazan argues that committees are essential for the efficient dispatch of parliamentary business and shows how several parliaments have recently reformed their committee systems to function more effectively In particular he gives an in depth knowledge and a broader understanding of Israel s committees and how they compare with the committees of other legislatures throughout the world *What Remains of Israel* Naphtali Benyamini, 2003 What Remains of Israel is a story about people Naphtali Benyamini takes a candid look beyond the nearly daily headlines of terror into the lives of Israelis from several walks of life Through the stories of both Jews and Arabs the impact of the second intifada and its implications for peace in Israel are described in vivid terms What Remains of Israel touches on the human aspect of a people besieged by the most evil form of terror It tells their stories their courage but above all it tells of their hope and their desire for peace Naphtali Benyamini explains Israel as few have He argues Jerusalem s place in Islam questioning its status in classical Islamic history He explains how the government of Israel is structured and the social tension among Israel s religious secular and Arab citizens he examines the intentions of Hamas and presents an example of its negotiating strategy His work is a careful analysis to describe what remains of Israel What he found is enlightening **The Process of Israeli Decision Making: Mechanisms, Forces and Influences** Karim El-Gendy, 2018-12-16 Al Zaytouna Centre has published the second edition of The Process of Israeli Decision Making by Karim El Gendy The 272 page book is an attempt to understand the Israeli decision making process and to bridge the literature gap by relating domestic factors with decision making and foreign policy El Gendy aims to discuss the Israeli decision making process from three different viewpoints The decision makers and the formal relationship between them the structural forces and influences inherent in the decision making mechanism and the external factors that influence the decision making process The author explains how elements and forces within the labyrinth of the Israeli society exert influence on the decision making mechanism and on how foreign policy and national security decisions are made He expands on a number of external forces or forces external to the decision making process that are powerful enough to influence it El Gendy discusses the influence of five forces the military the advisors two religious groups the relationship with the United States and the relationship with the Jewish Diaspora This book attempts to take holistic approach to the decision making process and avoid focusing its attention solely on decision making in crisis situations **Sticking Together** Yaakov Kop, Robert E. Litan, 2004-05-13 Founded in 1948 amid bloodshed and the near devastation of the Jewish people after the Holocaust modern Israel is something of a miracle In a little more than fifty years of existence the country has evolved into a significant economic and military power both feared and resented by its

Arab neighbors in the volatile Middle East In *Sticking Together* an Israeli and an American examine the major challenges confronting Israel within its own borders These challenges well known to Israelis but relatively little known elsewhere have emerged in part out of the country's experience with large scale immigration Like the United States Canada and Australia Israel has tried to melt different peoples into a cohesive nation While its citizens have forged common bonds under circumstances of adversity particularly constant threats from Palestinians and from neighboring Arab countries the fabric of Israeli society is torn by four major schisms between immigrants and native Israeli between Jews and Arabs between secular and religious Jews and between Jews of different cultural and national backgrounds such as Ashkenzim and Sephardim Gradually and often with great difficulty Israelis have learned to accommodate and respect the deep differences among its population To borrow a culinary analogy Israeli society much like American society has become more salad bowl than melting pot *Sticking Together* examines the many challenges confronting Israel's experience with pluralism and in the process draws lessons that might prove useful to other societies that struggle to accommodate the needs of highly diverse populations

Jewish and Israeli Law - An Introduction Shimon Shetreet, Walter Homolka, 2021-08-02 This book instructively introduces the reader to the basics of Jewish law It gives a detailed cutting edge analysis of contemporary public and private law in the State of Israel as well as Israel's legal culture its system of government and the roles of its democratic institutions the executive parliament and judiciary The book examines issues of Holocaust law and religion constitutionalization and equality

Israel's Governability Crisis Maoz Rosenthal, 2016-11-22 This book examines the governability crisis faced by Israeli governmental institutions For a long period of time observers of Israel's government have reported the same phenomena instability in most political positions not allowing for proper policy design enhanced control of the bureaucracy over the policy making process and complete uncertainty regarding the implementation of policies by the bureaucracy However while one expects that with such a toxic combination of all the wrong policy making components Israel would collapse Israel has been able to achieve quite impressive landmarks in its overall performance During the first decade of the 21st century Israel became an OECD member and enjoyed high growth when the world was facing stagnation and economic collapse Israel's government which regularly faces quandaries in a variety of policy fields is able to initiate large scale policies when needed Yet this same government refrains from initiating large scale reforms in institutional structures Hence for analysts of political institutions the Israeli state of affairs is one of choice while initiating changes to reform and overhaul the Israeli institutional system is possible it is also perilous To cope with that duality Israeli political leadership on all sides has developed a variety of mechanisms that allow them to provide the policy output needed so as to maintain the status quo This book examines these mechanisms as they exist in different facets of government work and explains their output and persistence Examples include coalitional making and breaking the ways in which ruling coalitions maneuver in parliament and policy design and implementation The book also explores the problem that exists in Israel's governability the lack of a

strategic high order far sighted decision making Finally it offers a method of electoral reform that can address both of these systemic maladies

Israel, Hamas And World Dr. Ashok kumar Yadav, 2024-04-02 Acknowledgement i extend my heartfelt gratitude to the esteemed editorial board members for their invaluable guidance and insightful feedback throughout the publication process special thanks to the authors whose profound contributions shed light on the intricate history of israel its global economic ramifications india s pivotal role in the dispute the pervasive curse of terrorism and the nuanced governmental systems in israel your dedication has enriched this work and contributed to fostering a deeper understanding of these critical topics embrace the power of your words by sharing your valuable insights on crucial topics like israel hamas and their global impact you contribute to a deeper understanding of complex issues your knowledge has the potential to shape perspectives foster dialogue and inspire positive change let your voice be the catalyst for informed discussions that resonate far beyond the pages of your book your contribution matters and the world eagerly await the wisdom you bring to these pressing matters dr ashok kumar yadav dr anil rawat dr reeba devi

Introduction to Israel Gilad James, PhD, Israel is a small country located in the Middle East that has a rich and complex history It was founded in 1948 after the United Nations approved the partition of Palestine which resulted in the establishment of two states Israel and Palestine Israel is a parliamentary democracy and its government is divided into three branches legislative executive and judicial The country is led by a prime minister who is elected by the Knesset which is the Israeli parliament Israel is known for its diverse population which includes Jews Arabs Druze Christians and other minorities Hebrew and Arabic are the official languages of Israel and the country also has a strong cultural scene with a thriving film industry music scene and literature Jerusalem is the capital city of Israel and it is a holy site for Jews Christians and Muslims as it contains important religious sites such as the Western Wall the Church of the Holy Sepulchre and the Dome of the Rock Israel also has a strong economy with high tech industries tourism and agriculture being major drivers However the country also faces challenges such as ongoing conflicts with Palestinians regional instability and social issues related to the diverse population

The Constitution of Israel Suzie Navot, 2014-12-01 This book presents the main features of the Israeli constitutional system and a topical discussion of Israel s basic laws It focuses on constitutional history and the peculiar decision to frame a constitution by stages Following its British heritage and the lack of a formal constitution Israel s democracy grew for more than four decades on the principle of parliamentary supremacy Introducing a constitutional model and the concept of judicial review of laws the constitutional revolution of the 1990s started a new era in Israel s constitutional history The book s main themes include constitutional principles the legislature and the electoral system the executive the protection of fundamental rights and the crucial role of the Supreme Court in Israel s constitutional discourse It further presents Israel s unique aspects as a Jewish and democratic state and its ongoing search for the right balance between human rights and national security Finally the book offers a critical discussion of the development of Israel s constitution and local projects aimed at enacting a single and

comprehensive text The Last Days in Israel Abraham Diskin, 2003-03 This volume examines the challenges and circumstances Israel has faced during the 1990s and addresses both the public's and leadership's singular goal of peace and security
