Tikkunim: (Corrections) Jesse Bogner,2018-05-08 After the success of his spiritual memoir *The Egotist* Jesse Bogner used his tools of perception to write articles about the climate of the world This compilation is more than merely the sum of its parts It s a journey through the mind of someone s spiritual transformation commenting on the corporeal plane of existence From Trump to anti Semitism to Israel Bogner uses the issues of his time to express the hidden nature of reality In Bogner s words I began writing articles about politics and the spiritual roots of a world in crisis A world of contradictions that reveals the flawed development of man using rational systems These rational systems that cannot cope with an irrational world and the seemingly irrational nature of the creatures that inhabit it It began as supplemental work to the novel I was working on before becoming an obsession a calling from above The more I explored political tropes the more my perception changed The earth is crying out for its correction and Kabbalah is its remedy Kabbalah is the method to reveal the world to come in one s lifetime A tool that connects the corporeal world to the spiritual plane that contains a memory of and all the force of all the great spiritual titans of Israel *Elizabeth; or, The exiles of Siberia, the original tr. revised and corrected*
