### **The Lady The Hare New Selected Poems:**

*The Lady & the Hare* Pauline Stainer, 2003 This volume of poetry provides a collection of new and selected poems from Pauline Stainer Other works by Stainer include *Parable Island* and *The Honeycomb* *A History of Twentieth-Century British Women's Poetry* Jane Dowson, Alice Entwistle, 2005-05-19 Publisher Description **Hollow Palaces** Kevin Gardner, John Greening, 2021-09-01 The country house poem was born in the seventeenth century as a fruitful way of flattering potential patrons But the genre's popularity faded ironically just as country house society was emerging It was only when the power and influence of the landed classes had all but ebbed away that poets returned to the theme attracted perhaps by the buildings irresistible dereliction but equally by their often very personal histories This is the first complete anthology of modern country house poems and it shows just how far as Simon Jenkins points out in his Foreword poems can penetrate the souls of buildings Over 160 distinguished poets representing a diversity of class race gender and generation offer fascinating perspectives on stately exteriors and interiors gardens both wild and cultivated crumbling ruins and the extraordinary secrets they hide There are voices of all kinds whether it's Edith Sitwell recreating her childhood W B Yeats and Wendy Cope pondering Lissadell or Simon Armitage's labourer confronting the Lady who's got the lot We hear from noble landowners and loyal or rebellious servants and from many an inquisitive day tripper The book's dominant note is elegiac yet comedy satire even strains of Gothic can be heard among these potent reflections *Hollow Palaces* reminds us how poets can often be the most perceptive of guides to radical changes in society The book is illustrated by Rosie Greening

**The 20th Century in Poetry** Michael Hulse, Simon Rae, 2013-08-06 A historical timeline of more than four hundred 20th century poems A prodigious harvest an entire universe of poetry lives here Booklist starred review This groundbreaking anthology presents in chronological order over four hundred poems written during the twentieth century The authors both published poets themselves give an overview of each period of history while notes to the poems place each one in its historical context and trace the century's poetic development Concise biographies for each poet complete the anthology By organizing the poems in chronological order readers will see poets in a new light Here A E Houseman for example rubs shoulders with T S Eliot showing that traditional forms can hold their own against the modernist orthodoxy All the major events of the twentieth century are reflected in the choice of poems within these pages Including poems by No I Coward Rudyard Kipling James Joyce D H Lawrence Robert Frost G K Chesterton Ezra Pound Philip Larkin T S Eliot Wallace Stevens Langston Hughes William Carlos Williams W H Auden e e cummings Dylan Thomas Kingsley Amis Allen Ginsberg Lawrence Ferlinghetti Frank O Hara Ted Hughes Sylvia Plath John Updike Robert Penn Warren among a host of others this richly rewarding collection captures the history of the twentieth century within one monumental volume Hare Simon Carnell, 2010-04-01 Once described as the fastest hairiest most lascivious and most melancholy of mammals the hare was also believed to never close its eyes occasionally grow horns and have the ability to change its sex More than just a speedy but

lazy character in popular children's fables the hare is remarkable for its actual behavior and the intriguing myths that have developed around it Here Simon Carnell examines how this animal has been described symbolized visually depicted and sought for its fur flesh and exceptional speed Carnell tracks the hare from ancient Egypt where a hieroglyph of a hare stood for the concept of existence itself to Crucifixion scenes Buddhist lore and Algonquin creation myths to the serial works of Joseph Beuys and even to an art installation in a Dutch brothel The hare shows up in both surprising and expected places it was the principal subject of the first hunting treatise it appears in the first signed and dated picture of a single animal and it was credited in early medicine with the most curative properties of any animal Combining recent natural history with an extensive and richly illustrated focus on visual art Hare is highly accessible and packed with details about a historically fascinating animal

English Poetry and Old Norse Myth Heather O'Donoghue, 2014 English Poetry and Old Norse Myth A History traces the influence of Old Norse myth stories and poems about the familiar gods and goddesses of the pagan North such as Odin Thor Baldr and Freyja on poetry in English from Anglo Saxon times to the present day Especial care is taken to determine the precise form in which these poets encountered the mythic material so that the book traces a parallel history of the gradual dissemination of Old Norse mythic texts Very many major poets were inspired by Old Norse myth Some for instance the Anglo Saxon poet of Beowulf or much later Sir Walter Scott used Old Norse mythic references to lend dramatic colour and

apparent authenticity to their presentation of a distant Northern past Others like Thomas Gray or Matthew Arnold adapted Old Norse mythological poems and stories in ways which both responded to and helped to form the literary tastes of their own times Still others such as William Blake or David Jones reworked and incorporated celebrated elements of Norse myth valkyries weaving the fates of men or the great World Tree Yggdrasil on which Odin sacrificed himself as personal symbols in their own poetry This book also considers less familiar literary figures showing how a surprisingly large number of poets in English engaged in individual ways with Old Norse myth English Poetry and Old Norse Myth A History demonstrates how attitudes towards the pagan mythology of the north change over time but reveals that poets have always recognized Old Norse myth as a vital part of the literary political and historical legacy of the English speaking world **Images of Women**

Myra Schneider,Dilys Wood,2006 *The Whole Woman* Germaine Greer,2009-04-22 Thirty years after the publication of *The Female Eunuch* Germaine Greer is back with the sequel she vowed never to write A marvelous performance No feminist writer can match her for eloquence or energy none makes us laugh the way she does The Washington Post In this thoroughly engaging new book the fervent rollicking straight shooting Greer is as ever the ultimate agent provocateur Mirabella With passionate rhetoric outrageous humor and the authority of a lifetime of thought and observation she trains a sharp eye on the issues women face at the turn of the century From the workplace to the kitchen from the supermarket to the bedroom Greer exposes the innumerable forms of insidious discrimination and exploitation that continue to plague women around the globe She mordantly attacks lifestyle feminists who blithely believe they can have it all and argues for a fuller more organic idea of womanhood Whether it s liposuction or abortion Barbie or Lady Diana housework or sex work Greer always has an opinion and as one of the most brilliant glamorous and dynamic feminists of all time her opinions matter For anyone interested in the future of womanhood *The Whole Woman* is a must read *Unnatural Selections* Daylanne K. English,2005-12-15

Challenging conventional constructions of the Harlem Renaissance and American modernism Daylanne English links writers from both movements to debates about eugenics in the Progressive Era She argues that in the 1920s the form and content of writings by figures as disparate as W E B Du Bois T S Eliot Gertrude Stein and Nella Larsen were shaped by anxieties regarding immigration migration and intraracial breeding English s interdisciplinary approach brings together the work of those canonical writers with relatively neglected literary social scientific and visual texts She examines antilynching plays by Angelina Weld Grimke as well as the provocative writings of white female eugenics field workers English also analyzes the *Crisis* magazine as a family album filtering uplift through eugenics by means of photographic documentation of an ever improving black race English suggests that current scholarship often misreads early twentieth century visual literary and political culture by applying contemporary social and moral standards to the past Du Bois she argues was actually more of a eugenicist than Eliot Through such reconfiguration of the modern period English creates an allegory for the American present because eugenics was in its time widely accepted as a reasonable progressive ideology we need to consider the long

term implications of contemporary genetic engineering fertility enhancement and control and legislation promoting or discouraging family growth      New Territories in Modernism Laura Wainwright, 2018-03-15 Until very recently Welsh literary Modernism has been critically neglected both within and outside Wales This is the first book devoted solely to the study of Welsh literary Modernism revealing and examining eight key Anglophone Welsh writers Laura Wainwright demonstrates how their linguistic experimentation constituted an engagement with the unprecedented linguistic social and cultural changes that were the making of modern Wales and formed the crucible for the emergence of a distinct Welsh Modernism This study of Welsh Modernism challenges conventional literary histories and in more than one sense takes Modernism and Modernist studies into new territories      Women's Poetry of the 1930s: A Critical Anthology Jane Dowson, 2008-02-21 Where were the women of the so called Auden Generation During this era of rapidly changing gender roles social values and world politics women produced a rich variety of poetry But until now their work has largely been lost or ignored in Women's Poetry of the 1930s Jane Dowson finally redresses the balance and recovers women's place in the literary history of the interwar years This comprehensive and beautifully edited collection includes Previously uncollected poems by authors such as Winifred Holtby and Naomi Mitchison Poems which are now out of print such as those by Vita Sackville West and Frances Cornford Poems previously neglected by poets including Ann Ridler and Sylvia Townsend Warner An extensive critical introduction and individual biographies of each poet Poetry lovers students and scholars alike will find Women's Poetry of the 1930s an invaluable resource and a collection to treasure      **The Work of Revision** Hannah Sullivan, 2013-01-01 Revision might seem to be an intrinsic part of good writing But Hannah Sullivan argues that we inherit our faith in the virtues of redrafting from early twentieth century modernism Closely examining changes made in manuscripts typescripts and proofs by T S Eliot Ezra Pound Ernest Hemingway James Joyce Virginia Woolf and others she shows how modernist approaches to rewriting shaped literary style and how the impulse to touch up alter and correct can sometimes go too far In the nineteenth century revision was thought to mar a composition's originality a prejudice cultivated especially by the Romantics who believed writing should be spontaneous and organic and that rewriting indicated a failure of inspiration Rejecting such views avant garde writers of the twentieth century devoted themselves to laborious acts of rewriting both before and after publishing their work The great pains undertaken in revision became a badge of honor for writers anxious to justify the value and difficulty of their work In turn many of the distinctive effects of modernist style ellipsis fragmentation parataxis were produced by zealous experimental acts of excision and addition The early twentieth century also saw the advent of the typewriter It proved the ideal tool for extensive multi stage revisions superior even to the word processor in fostering self scrutiny and rereading across multiple drafts Tracing how master stylists from Henry James to Allen Ginsberg have approached their craft The Work of Revision reveals how techniques developed in the service of avant garde experiment have become compositional orthodoxy      **Women, Modernism and British Poetry, 1910-1939** Jane

Dowson, 2017-03-02 Primarily a literary history *Women Modernism and British Poetry 1910-1939* provides a timely discussion of individual women poets who have become or are becoming well known as their works are reprinted but about whom little has yet been written. This volume recognizes the contributions overlooked previously of such British poets as Anna Wickham, Nancy Cunard, Edith Sitwell, Mina Loy, Charlotte Mew, May Sinclair, Vita Sackville-West, and Sylvia Townsend Warner, and the impact of such American poets as H. D., Amy Lowell, Edna St. Vincent Millay, Marianne Moore, and Laura Riding on literary practice in Britain. This book primarily maps the poetry scene in Britain but identifies the significance of the network of writers between London, New York, and Paris. It assesses women's participation in the diversity of modernist developments which include avant-garde experiments, quiet but subtly challenging formalism, and assertive new woman voices. It not only chronicles women's poetry but also their publications and involvement in running presses, bookshops, and writing criticism. Although historically situated, it is written from the perspective of contemporary debates concerning the interface of gender and modernism. The author argues that a cohering aesthetic of the poetry is a denial of femininity through various evasions of gendered identity such as masking male and female impersonations and the rupturing of realist modes.
