The Lane Victory The Last Victory Ship In War And In Peace:

The Lane Victory Walter W. Jaffee,1997 Merchant Mariners at War George J Billy,Christine M Billy,2008-09-14
Thousands of cargo ships sailed in both the Atlantic and Pacific theaters of World War II manned by young men who braved blockades torpedoes and bombings to deliver vital supplies to the Allied forces and make victory possible These mariners have received little if any credit they are the forgotten group of the greatest generation Merchant Mariners at War offers firsthand accounts of the wartime experiences of veterans who graduated from the U S Merchant Marine Academy the largest supplier of ships officers in WWII Gathered over more than a decade at the academy in Kings Point New York the interviews offer a unique portrait of the young officers who delivered the vital war materiel and provide a valuable window into the world of the merchant marine during WWII The stories often include startling accounts of privation and endurance Their stories give voice to a new perspective on WWII maritime history Chapters cover such subjects as Liberty ships U Boats the Battle of the Atlantic D Day the Philippines the vast Pacific and the Murmansk Run Throughout the book interesting anecdotes from the veterans enliven the narrative and add to its contribution to the historical record heretofore non existent

The Tankers from A (A.W. Peake) to Z (Zephyrhills) Walter W. Jaffee,2008 History of 721 tankers contracted for by the U S Maritime Commission and its successor the U S Maritime Administration Provided by publisher **Steamboat Bill** ,1998 *Marine Engineers Review* ,1998 *The Mariner's Mirror Bibliography for ...* ,1999 *American Book Publishing Record* ,1998 The Forgotten Heroes Brian Herbert,2004-05 Recounts the contributions of the U S Merchant Marine in World War II as the lifeline of the Allied war effort while revealing that losses were so numerous that casualty numbers were deliberately withheld Books in Print ,1991 Ships Monthly ,1998 **The History of Our Country from Its Discovery by Columbus to the Celebration of the Centennial Anniversary of Its Declaration of Independence ...**

Abby Sage Richardson,1875 **The Allure of Battle** Cathal Nolan,2017-01-02 History has tended to measure war s winners and losers in terms of its major engagements battles in which the result was so clear cut that they could be considered decisive Cannae Konigsberg Austerlitz Midway Agincourt all resonate in the literature of war and in our imaginations as tide turning But these legendary battles may or may not have determined the final outcome of the wars in which they were fought Nor has the genius of the so called Great Captains from Alexander the Great to Frederick the Great and Napoleon play a major role Wars are decided in other ways Cathal J Nolan s *The Allure of Battle* systematically and engrossingly examines the great battles tracing what he calls short war thinking the hope that victory might be swift and wars brief As he proves persuasively however such has almost never been the case Even the major engagements have mainly contributed to victory or defeat by accelerating the erosion of the other side s defences Massive conflicts the so called people s wars beginning with Napoleon and continuing until 1945 have consisted of and been determined by prolonged stalemate and attrition industrial wars in which the determining factor has been not military but mat riel Nolan s masterful book places

battles squarely and mercilessly within the context of the wider conflict in which they took place In the process it help corrects a distorted view of battle s role in war replacing popular images of the battles of annihilation with somber appreciation of the commitments and human sacrifices made throughout centuries of war particularly among the Great Powers Accessible provocative exhaustive and illuminating *The Allure of Battle* will spark fresh debate about the history and conduct of warfare *The War for the Seas* Evan Mawdsley,2019-09-24 This impeccable myth busting study of WWII maritime operations sheds new light on the conflict with sharp analysis and an international perspective *The Sunday Times* UK Command of the oceans was crucial to winning World War II By the start of 1942 Nazi Germany had conquered mainland Europe and Imperial Japan had overrun Southeast Asia and much of the Pacific How could Britain and distant America prevail in what had become a war of continents In this definitive account Evan Mawdsley traces events at sea from the first U boat operations in 1939 to the surrender of Japan He argues that the Allied counterattack involved not just decisive sea battles but a long struggle to control shipping arteries and move armies across the sea Covering all the major actions in the Atlantic and Pacific oceans as well as those in the narrow seas this book interweaves for the first time the endeavors of the maritime forces of the British Empire the United States Germany and Japan as well as those of France Italy and Russia
