Romanticism Against the Tide of Modernity Michael Löwy, Robert Sayre, 2002-01-01 A translation from the French of Michael Lowy and Robert Sayre's attempt to unify discussion of the diverse manifestations of of Romanticism **Meeting Without Knowing It** Alexander Bubb, 2016-02-11 Meeting Without Knowing It compares Rudyard Kipling and W B Yeats in the formative phase of their careers from their births in 1865 up to 1903 The argument consists of parallel readings wed to a biographic structure Reading the two poets in parallel often yields remarkable discursive echoes For example both men were similarly preoccupied with the visual arts with heroism with folklore balladry and the demotic voice Both struck vatic postures and made bids for public authority premised on an appeal to what they considered the mythopoeic impulse in fin de siècle culture My methodology consists in identifying these mutual echoes in their poetry and political rhetoric before charting them against intersections in their lives Kipling and Yeats were for much of their careers irreconcilable political enemies However a cross reading of the two poets bardic ambitions heroic tropes and interpretations of history reveals that to achieve their opposed political ends they frequently partook of a common discourse Supplementing this analysis with biographical context we can trace these shared concerns to their late 19th century artistic upbringing and to the closely linked social circles which they inhabited in fin de siècle London It is in fact their very mutuality during the 1890s which lent rancour to their ideological division after the Boer War In turn acrimony and denunciation only served to bind together all the more intimately in an argumentative spiral of revolving discourses two men who were often proximate but who actually met only in cartoons and satirical gossip **Brazilian Science Fiction Film** Alfredo Suppia, 2024-12-01 This book offers a pioneering critical history of Brazilian science fiction SF cinema from its first appearances in the mid twentieth century to the present Though frequently overlooked by scholars SF cinema from the Global South has reinvigorated the genre in recent decades In this comprehensive study the first of its kind in either English or Portuguese Alfredo Suppia draws out the unique

features and universal resonance of SF film in Brazil a country that has fittingly been called the land of the future In Suppia s analysis Brazilian SF stems from and responds to a long history of inequality in which everyday reality has often resembled a movie like dystopia Analyzing both short and feature films in the context of social political and economic transformations Suppia rethinks SF film in general from a southern perspective **The Saving Lie** Agata Bielik-Robson,2011-03-30 Hailed as our era s most profound theorist of literary influence Harold Bloom s own influence on the landscape of literary criticism has been decisive His wide ranging critical writings have plumbed the depths of Romanticism explored the anxiety caused by the influence of one generation of poets on another wrestled with the idea of a literary canon and examined the relationship between religion and literature **The Rhetoric of Romanticism** Paul de Man,2000-01-15 Cynthia Chase author of *Decomposing Figures Rhetorical Readings in the Romantic Tradition* The Identity Of Yeats Richard Ellmann,2016-01-27 This classic study of Yeats verse examines the poet s development of theme symbol style and pattern Through his knowledge of Yeats life as well as his published and unpublished work Ellmann recreates Yeats ways of thinking seeing and writing and clarifies his difficult poems **BOOK CLUB SET.** Tara Conklin,2019 **Romania Revisited** Alan Ogden,2022-08-01 Romania Revisited is the definitive story of the journeys made by English travelers to Romania between 1602 and 1941 The author Alan Ogden interweaves the impressions of previous generations into the witty account of his own journeys made in the summer and winter of 1998 Starting with the Transylvanian adventures of Captain John Smith in 1602 the bibliography is the most detailed inventory yet published of English travel writing on Romania The author s own journey is a comprehensive and perspicacious review of today s Romania Ogden focuses on the heritage and art of the country while providing a delightful account of his own experiences en route The book is illustrated with the author s own photographs based on the work of Kurt Hielscher in 1933 and with helpful maps drawn by the author Romania Revisited makes a valuable contribution to the study of the external perception of Romania over the centuries and is the perfect travel companion for today s visitor
