

LYLE STUART

The Killing of Corporal Kunze

Wilma Parnell
with Robert Taber

This true story begins with the discovery of the battered corpse of a German soldier in an American prisoner of war camp. The Nazi SS in the camp

(Continued on inside flap)

The Killing Of Corporal Kunze

Yan Bai

The Killing Of Corporal Kunze:

The Killing of Corporal Kunze Wilma Trummel. Parnell, Robert Taber, 1981-04-01 Recounts the circumstances surrounding the murder of a German prisoner in an American POW camp by Nazi SS prisoners *The Fifteen* William Geroux, 2025-03-18 The revelatory true story of the long forgotten POW camps for German soldiers erected in hundreds of small U S towns during World War II and the secret Nazi killings that ensnared fifteen brave American POWs in a high stakes showdown In the pantheon of American history it s very hard to find compelling original stories and even harder to find authors worthy of them In *The Fifteen* William Geroux delivers the goods John U Bacon New York Times bestselling author of *The Great Halifax Explosion* The American government was faced with an unprecedented challenge where to house the nearly 400 000 German prisoners of war plucked from the battlefield and shipped across the Atlantic On orders from President Franklin D Roosevelt the Department of War hastily built hundreds of POW camps in the United States Today traces of those camps which once dotted the landscape from Maine to California have all but vanished Forgotten too is the grisly series of killings that took place within them Nazi power games playing out in the heart of the United States Protected by the Geneva Convention German POWs were well fed and housed Many worked on American farms and a few would even go on to marry farmers daughters Ardent Nazis in the camps however took a dim view of fellow Germans who befriended their captors Soon the killings began In camp after camp Nazis attacked fellow Germans they deemed disloyal Fifteen were sentenced to death by secret U S military tribunals for acts of murder In response German authorities condemned fifteen American POWs to the same fate and in the waning days of the war Germany proposed an audacious trade fifteen German lives for fifteen American lives Drawing on extensive research journalist and author William Geroux shines a spotlight on this story of murder and high stakes diplomacy and on the fifteen American lives that hung in the balance from a fearless P 51 Mustang fighter pilot to a hot tempered lieutenant colonel nicknamed King Kong Propulsive and vividly rendered *The Fifteen* reminds us that what happens to soldiers after they exit the battlefield can be just as harrowing as what they experience on it

From German Prisoner of War to American Citizen Barbara Schmitter Heisler, 2014-11-29 Among the many German immigrants to the United States over the years one group is unusual former prisoners of war who had spent between one and three years on American soil and who returned voluntarily as immigrants after the war Drawing on archival sources and in depth interviews with 35 former prisoners who made the return the book outlines the conditions that defined their unusual experiences and traces their journeys from captive enemies to American citizens Although the respondents came from different backgrounds and arrived in America at different times between 1943 and 1945 their experiences as prisoners of war not only left an indelible impression they also provided them with opportunities and resources that helped them leave Germany behind and return to the place where we had the good life *The World within War* Gerald Linderman, 2013-10-16 Gerald Linderman has created a seamless and highly original social history authoritatively recapturing the full experience of

combat in World War II Drawing on letters and diaries memoirs and surveys Linderman explores how ordinary frontline American soldiers prepared for battle related to one another conceived of the enemy thought of home and reacted to battle itself He argues that the grim logic of protracted combat threatened soldiers not only with the loss of limbs and lives but with growing isolation from country and commanders and ultimately with psychological disintegration

Controlling Sex in Captivity Matthias Reiss,2018-06-14 Controlling Sex in Captivity is the first book to examine the nature extent and impact of the sexual activities of Axis prisoners of war in the United States during the Second World War Historians have so far interpreted the interactions between captors and captives in America as the beginning of the post war friendship between the United States Germany and Italy Matthias Reiss argues that this paradigm is too simplistic Widespread fraternisation also led to sexual relationships which created significant negative publicity and some Axis POWs got caught up in the U S Army s new campaign against homosexuals By focusing on the fight against fraternisation and same sex activities this study treads new ground It stresses that contact between captors and captives was often loaded with conflict and influenced by perceptions of gender and race It highlights the transnational impact of fraternisation and argues that the prisoners sojourn in the United States also influenced American society by fuelling a growing concern about social disintegration and sexual deviancy which eventually triggered a conservative backlash after the war

Hitlers Hangmen Brian Lett,2022-02-01 Before and after the outbreak of the Second World War there were sizeable Fascist groups active in Britain working to overthrow the British government Most of the Fascist leaders were interned in 1940 as soon as Churchill came to power but were freed in the better times of 1944 all the more embittered and just as intent on installing a Fascist government and taking revenge on Churchill By late 1944 there were hundreds of thousands of German prisoners of war in Britain many of them in camps brutally dominated by the SS and other Nazi fanatics When Hitler tried to restore Germany s position with his massive Battle of the Bulge offensive he gave orders for this to be supported by a break out from all of the POW camps under Nazi control Some of the escapers were to head for London to assassinate Churchill with the help of the British Fascists It was only by chance that the plot was foiled This is the incredible disturbing story of how close British Fascists came to impacting the outcome of the Second World War It is also a comprehensive investigation of the break out plot as it unfolded across Britain how it came to fruition and how it was quashed its repercussions and the many little known stories of escape and recapture which took place throughout the country

ABA Journal ,1981-08 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association

A German POW in New Mexico Walter Schmid,2005-06-15 First published in Germany in 2000 Schmid s experiences in the Southwest during WWII offer a unique glimpse of America as it looked to an enemy soldier

Chronicles of Oklahoma ,2021 **Men in German Uniform** Antonio Thompson,2010-11-16 Examining the largest prisoner of war handling operation in U S history this book offers a meticulous account of the myriad history this book offers

a meticulous account of the myriad problems as well as the impressive successes that came with problems as well as the impressive successes that came with housing 371 000 German POWs on American soil during World War II Antonio Thompson draws on extensive archival research to probe the various ways in which the U S government strove to comply with the Geneva Convention s mandate that enemy prisoners be moved from the war zone and given food shelter and clothing equal to that provided for American soldiers While the prisoners became a ready source of manpower for the labor starved American home front and received small wages in return their stay in the United States generated more than a few difficulties which included not only daunting logistics but also violence within the camps Such violence was often blamed on Nazi influence and control however as Thompson points out only a few of the prisoners were actually Nazis Because the Germans had cobbled together military forces that included convicts their own POWs volunteers from neutral nations and conscripts from occupied countries the bonds that held these soldiers together amid the pressures of combat dissolved once they were placed behind barbed wire When these men in German uniform who were not always Germans donned POW garb their former social racial religious and ethnic tensions quickly reemerged To counter such troubles American authorities organized various activities including sports arts education and religion within the POW camps some prisoners even participated in an illegal denazification program created by the U S government Despite the problems Thompson argues the POW housing program proved largely successful as Americans maintained their reputation for fairness and humane treatment during a time of widespread turmoil

Professional Journal of the United States Army ,1998 **The Enemy Among Us** David Fiedler,2003 For residents of the mostly small towns where these camps were located the arrival of enemy POWs engendered a range of emotions first fear and apprehension then curiosity and finally in many cases a feeling of fondness for the men they had come to know and like BOOK JACKET Axis Prisoners of War in Kentucky Antonio S. Thompson,2024-01-01 During World War II Kentuckians rushed from farms to factories and battlefields leaving agriculture throughout the state particularly the lucrative tobacco industry without sufficient labor An influx of Axis prisoners of war made up the shortfall Nearly 10 000 German and Italian POWs were housed in camps at Campbell Breckinridge Knox and other locations across the state Under the Geneva Convention they worked for their captors and helped save Kentucky s crops while enjoying relative comfort as prisoners playing sports performing musicals and taking college classes Yet friction between Nazi and anti Nazi inmates threatened the success of the program This book chronicles the POW program in Kentucky and the vital contributions the Bluegrass State made to Allied victory **Military Review** ,1998 *Quarterly Review of Military Literature* ,1998 Axis Prisoners of War in Tennessee Antonio S. Thompson,2023-03-09 During World War II Axis prisoners of war received arguably better treatment in the U S than anywhere else Bound by the Geneva Convention but also hoping for reciprocal treatment of American POWs the U S sought to humanely house and employ 425 000 Axis prisoners many in rural communities in the South This is the first book length examination of Tennessee s role in the

POW program and how the influx of prisoners affected communities Towns like Tullahoma transformed into military metropolises Memphis received millions in defense spending Paris had a secret barrage balloon base The wooded Crossville camp housed German and Italian officers Prisoners worked tobacco lumber and cotton across the state Some threatened escape or worse When the program ended more than 25 000 POWs lived and worked in Tennessee **ABA Journal**,1981-12 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **America's Captives** Paul J. Springer,2010-03-17

Notwithstanding the long shadows cast by Abu Ghraib and Guantnamo the United States has been generally humane in the treatment of prisoners of war reflecting a desire to both respect international law and provide the kind of treatment we would want for our own troops if captured In this first comprehensive study of the subject in more than half a century Paul Springer presents an in depth look at American POW policy and practice from the Revolutionary War to the current wars in Iraq and Afghanistan Springer contends that our nation s creation and application of POW policy has been repeatedly improvised and haphazard due in part to our military s understandable focus on defeating its enemies on the field of battle rather than on making arrangements for their detention That focus however has set the conditions for the military s chronic failure to record and learn from both successful and unsuccessful POW practices in previous wars He also observes that American POW policy since World War II has largely sought to outsource POW operations to allied forces in order to retain American personnel for frontline service outsourcing that has led to recent scandals Focusing on each major war in turn Springer examines the lessons learned and forgotten by American military and political leaders regarding our nation s experience in dealing with foreign POWs He highlights the indignities of the Civil War the efforts of the United States and its World War I allies to devise an effective POW policy the unequal treatment of Japanese prisoners compared with that of German and Italian prisoners during World War II and the impact of the Geneva Convention on the handling of Korean and Vietnamese captives In bringing his coverage up to the so called War on Terror he also marks the nation s clear departure from previous practice American treatment of POWs once deemed exemplary by the Red Cross after Operation Desert Storm has become controversial throughout the world America s Captives provides a long needed overarching framework for this important subject and makes a strong case that we should stop ignoring the lessons of the past and make the disposition of prisoners one of the standard components of our military education and training Murder and Martial Justice Meredith Lentz Adams,2011 This book deals with four murder cases during World War II for which fifteen German war prisoners held in camps on American soil were sentenced to death and fourteen hanged It emphasizes one case that best illustrates how the War Department interpreted observed and violated the Geneva Convention of 1929 It also deals with the War Department s consequent diplomatic and public relations problems and with its attempts to control the prison camps Introduction **The Other Price of Hitler's War** Martin K. Sorge,1986-07-23
