Butera, 2021-11-03 Saudi women are the most powerful symbol of their rapidly changing country The Western political and academic debate has presented activists such as Loujain Al Hathloul and Samar Badawi as the heroic voice of all Saudi women The Saudi government has focused instead on a nationalistic rhetoric that presents Saudi women as the willing obedient and heroic handmaids of the New Saudi Arabia who speak with the voice of the Enlightened Prince Mohammed bin Salman Ironically both approaches have silenced the people they are meant to empower Saudi women The Kingdom of Saudi Arabia through the Eyes of Saudi Women argues that Saudi women cannot be empowered by the imposition from above of Western inspired reforms and that the future of Saudi Arabia is firmly grounded in its past Anita Butera provides a unique account of Saudi women's voices and their dreams for the future of the Kingdom of Saudi Arabia The author concludes that MbS by allowing the entrance of women into public space independently from men has allowed Saudi women to start a silent revolution that is changing the patriarchal system of Saudi Arabia and challenging the masculine nature of Saudi power

The Politics of Truth Management in Saudi Arabia Afshin Shahi, 2013-12-04 Exploring the management of truth in

the Kingdom of Saudi Arabia this book aims to investigate the ways in which the official truth is constructed and institutionalised in the country The Politics of Truth Management in Saudi Arabia argues that there are two interrelated notions which articulate the ways in which truth is conceptualised in Islam One at macro level constitutes the trans historical foundational principles of the religion a set of engrained beliefs which establish the finality and oneness of Islam in relation to other competing narratives The other at a micro level takes place internally to find truth within the truth Unlike Islamic truth at the macro level which is entrenched the Islamic truth at the micro level refers to the various attempts by different agencies to claim to have found the truth within the truth Wahhabism which is the product of an eighteenth century revivalist movement is portrayed as the most authentic reading of Islam It is seen as the *raison d'être* for the prevailing political mechanism in the country and is introduced as an example of truth management at the micro level Arguing that truth is not born in a power vacuum and often its construction and institutionalisation signify domination in one way or another this book will be of interest to students of Religion Politics and Saudi Politics more specifically

Regime Stability in Saudi Arabia Stig Stenslie, 2012-08-21 This book examines the structure of political power amongst elites inside Saudi Arabia and how they might cope with the very serious challenge posed by succession Presenting a new and refreshing theoretical approach that links elite integration with regime stability the author shows that the kingdom's royal elite is far more integrated than it has generally been given credit for Based on extensive field work inside Saudi Arabia the book offers a detailed up to date survey and assessment of all the key sectors of the elites in the country The author examines how the succession process has been used in highly different circumstances including deposition assassination and death by old age and demonstrates how regime stability in Saudi Arabia rests on the royal family's ability to unite and to solve the challenge of succession He offers a strong analysis of intra ruling family mechanisms and dynamics in this notoriously private royal family and addresses the question of whether as the number of royals rapidly grows the elite is able to remain integrated Providing a rare insight into the issues facing the royal family and ruling elite in Saudi Arabia this book will be of great interest to scholars and students of Middle Eastern politics and Saudi Arabia in particular

The Greater Middle East and the Cold War Roby C. Barrett, 2007-05-25 At the height of the Cold War the US sought to maintain power and influence in the Greater Middle East the region from Morocco to India in the context of a growing threat from Russia and the decline of British imperialism This original and important study illuminates this tense period in international relations offering many new insights into the global situation of the 1950s and 1960s Roby Barrett casts fresh light on US foreign policy under Eisenhower and Kennedy illuminating the struggles of two American administrations to deal with massive social economic and political change in an area sharply divided by regional and Cold War rivalries With a dramatic backdrop of revolutionary Arab nationalism Zionism indigenous Communism teetering colonial empires unstable traditional monarchies oil territorial disputes and the threat of Soviet domination of the region this book vividly highlights the fundamental similarities between the goals and application of

foreign policy in the Eisenhower and Kennedy administrations as well as the impact of British influence on the process. Drawing on extensive research in archives and document collections from Kansas to Canberra as well as numerous interviews with key policy makers and observers from both the Eisenhower and Kennedy administrations, Roby Barrett explores the application of the Cold War containment policy through economic development and security assistance. Within the broader context of the global Cold War struggle, the Greater Middle East also held the potential as the flashpoint for nuclear war, and Barrett analyses fully the implications of this for international relations. In the process, this book draws some unexpected conclusions, arguing that Eisenhower's policies were ultimately more successful than Kennedy's, and offers an important and revisionist contribution to our understanding of the Cold War and the Middle East.
