

The Labour Party

Nicolas Sigoillot

The Labour Party:

The Rise of the Labour Party 1880-1945 Paul Adelman, 2014-09-25 This popular study covers two major topics the formation of the Labour Party and its emergence as the main rival to the conservatives This transformation of the British political scene has been accounted for in a variety of ways Dr Adelman examines these explanations and concludes that while there is a consensus about the reasons for the creation of the Labour Party there is no agreement about why it rose to such prominence *The Politics of the Labour Party* Dennis Kavanagh, 2013-04-15 It would be difficult to think of any political party whose internal problems have been so publicly scrutinised as have those of the Labour Party in recent years The authors of *The Politics of the Labour Party* were not specifically asked to consider the question why Labour There has been no shortage of published views on that subject Instead they were invited to look at certain themes and topics of longer term significance With a focus on contemporary problems whose consequences are still unfolding *The Politics of the Labour Party* promotes an understanding of the context in which those problems occurred and will develop with its main theme being change Chapters included focus on power in party the developing incompatibility of intra party democracy and parliamentary democracy and the changing styles of political leadership Noted contributors such as the late Robert Mackenzie Colin Crouch and Dennis Kavanagh raise important questions about the changes in the relationship between the party and the trade unions remind us about the scale of Labour's recent decline in electoral support and investigate the party's ideas of representation and asks if Labour is still the workers party *The Politics of the Labour Party* provides simply the most authoritative analysis of the longer term tensions which lie behind the immediacy of day to day events **The Battle of Ideas in the Labour Party** Dimitri Batrouni, 2020-04-22 From Attlee to the birth of New Labour and the advent of Corbynism this book gives a lively account of the ideological developments and dramas in the Labour Party in recent decades Batrouni delves into the totemic battles between hard and soft left examining the destructive and creative elements of key periods of Labour's ideological exhaustion and ideational confusion Providing powerful insights from interviews with some of the most influential thinkers advisors and MPs in the party he goes on to examine the phenomenal emergence of Corbynism the impact of Brexit and what lies ahead for the party *Labour's Economic Ideology Since 1900* Christopher Kirkland, 2022-09-20 This book traces the economic ideology of the UK Labour Party from its origins to the current day Through its analysis the book emphasises key crises including the 1926 General Strike the 1931 Great Depression the 1979 Winter of Discontent and the 2007 2008 economic crisis In analysing this history the ideology of the Labour Party is examined through four core themes the party's definition of socialism the role of the state in economic decision making the party's understanding of inequalities and its relationship with the trade union movement The result is a systematic exploration of the drivers and key ideas behind the Labour Party's economic ideology In demonstrating how crises have affected the party's economic policy the book presents a historical analysis of the party's evolution since its formation and offers insights into how future changes may

occur *Labour's Renewal?* Gerald R. Taylor, 2016-07-27 This is an important critical assessment of Labour's periods of renewal and modernisation Beginning with an indepth analysis of the Policy Review of 1987-92 the author then considers how the lessons of this period influenced the Commission on Social Justice instigated by John Smith and Tony Blair's reform of Clause IV These events are considered as attempts to resolve traditional problems facing the Labour Party the abiding legacy and importance of these fundamental problems is assessed **Parliamentary Debates. House of Representatives** New Zealand. Parliament, 1971 **The Struggle for Labour's Soul** Raymond Plant, Matt Beech, Kevin Hickson, 2004 Contributors ranging from Chancellor Gordon Brown to the Guardian newspaper's Polly Toybee discuss the Labour Party's political philosophy and address key topics like globalization constitutional reform equality and the third way

Parliamentary Debates. Legislative Council and House of Representatives New Zealand. Parliament, 1986

Entryism and the Revolutionary Socialist Left in Britain Nicolas Sigoillot, 2023-12-01 This book examines entryism in the context of the revolutionary socialist left in Britain from the inception of the Communist Party of Great Britain in 1920 to the departure of Militant from the Labour Party in 1992 Entryism is a tactic of penetration of a political party by another aimed at accomplishing objectives the nature of which can change depending on the type of entry This work shows to what extent there is not one type of entryism but several The adopted methodology is chronological with introductory chapters that study the context and the previous partial only attempts to define entryism The first part of the volume is dedicated to the relationship between the Communist Party of Great Britain and the Labour Party up until the middle of the 20th century The following two parts are dedicated to British Trotskyists before and after the Second World War In total 17 organisations that have practiced entryism are examined Through their objectives practices and results this work intends to formulate an exhaustive typology of the tactic which fills a definitional gap in political science and covers an aspect of Labour's History that has only been partially covered This volume will be of use to students and scholars interested in the history of the Labour Party and the Far Left in the United Kingdom *Leaders of the Opposition* T. Heppell, 2012-03-27 Timothy Heppell brings together a renowned group of contributors to consider the role of the Leader of the Opposition in British Politics The book argues that the neglect of opposition studies needs to be addressed especially given the increasing importance attached to the performance the Leader of the Opposition in the British political system **Claiming the City** Shelton Stromquist, 2023-02-14 Winner of the International Labor History Association ILHA 2023 Book of the Year Award for labor history For more than a century municipal socialism has fired the imaginations of workers fighting to make cities livable and democratic At every turn propertied elites challenged their right to govern Prominent US labor historian Shelton Stromquist offers the first global account of the origins of this new trans local socialist politics He explains how and why cities after 1890 became crucibles for municipal socialism Drawing on the colorful stories of local activists and their social democratic movements in cities as diverse as Broken Hill Christchurch Malm Bradford Stuttgart Vienna and Hamilton OH the book

shows how this new urban politics arose Long governed by propertied elites cities in the nineteenth century were transformed by mass migration and industrialization that tore apart their physical and social fabric Amidst massive strikes and faced with epidemic disease fouled streets unsafe water decrepit housing and with little economic security and few public amenities urban workers invented a local politics that promised to democratize cities they might themselves govern and reclaim the wealth they created This new politics challenged the class power of urban elites as well as the centralizing tendencies of national social democratic movements Municipal socialist ideas have continued to inspire activists in their fight for the right of cities to govern themselves **The New Statesman** ,1921 *Parliamentary Debates* New Zealand.

Parliament,1931 **The Political Economy of European Social Democracy** David J. Bailey,2009-05-19 Presenting case studies from the UK France Sweden Spain Italy and the transnational Party of European Socialists this text provides a theoretically innovative explanation for the new social democratic turn to Europe It will be of interest to postgraduate students and academics studying researching social democratic parties [Report on Labour Organizations in Canada](#)

Canada. Department of Labour,1924 *Parliamentary Debates* Australia. Parliament,1908 **Annual Report on Labour Organization in Canada** ,1918 **Breaking the deadlock** John Bartle,Nicholas J. Allen,2021-10-26 The 2019 General Election was historic In one fell swoop it resolved the longstanding stalemate surrounding Brexit and redrew the electoral map of Britain breaking the deadlock in Parliament and bringing about the fall of Labour s so called Red Wall Since 2016 Members of Parliament had struggled to reconcile a contested exercise in direct democracy with the established institutions of representative government The 2017 election was meant to bring closure to Brexit It did not its indecisive outcome merely exacerbated the challenges Parliament the courts and ultimately the Monarch herself became embroiled in the chaos of Brexit The scale of the Conservatives definitive victory in December 2020 was therefore a significant departure and a return to the status quo This latest edition of a prestigious and venerable series surveys the build up to the tumultuous election and its aftermath offering reasoned conjecture about the future of British party politics and democracy **Ted Grant Writings: Volume Two - Trotskyism and the Second World War (1943-1945)** Ted Grant, Continuing the theme of Trotskyism and the Second World War this volume covers the period 1943 45 The articles and documents contained within this book cover the period of the emergence of the WIL and the setting up of the Revolutionary Communist Party The book is divided into three sections The first deals with the situation in Europe as the war moved towards its conclusion and the Fascist regimes in Italy and Germany collapsed into chaos The second section deals with events at home and the tasks facing the labour and trade union movement The final section contains key documents and letters relating to the build up to the formation of the RCP As in Volume one Ted s writings are supplemented by other documents to provide a full picture of the situation

Housing Politics in the United Kingdom Brian Lund,2016-10-12 Affordable housing in the United Kingdom has become an ever more potent issue in recent years as rapid population growth and a long term lag in new housing construction have

combined to making finding secure affordable housing difficult for a broad range of people This book uses insights from public choice theory the new institutionalism and social constructionism to lay bare the historically entrenched power relationships among markets planners and electoral politics that have made this problem seem so intractable

As recognized, adventure as capably as experience approximately lesson, amusement, as competently as treaty can be gotten by just checking out a books **The Labour Party** after that it is not directly done, you could tolerate even more on this life, as regards the world.

We pay for you this proper as well as simple showing off to get those all. We meet the expense of The Labour Party and numerous books collections from fictions to scientific research in any way. along with them is this The Labour Party that can be your partner.
