The Lacquered Curtain Of Burma:

The Lacquered Curtain of Burma Eugene Lawrence, 2019-08-20 This book tells a story about the shaping of the historical social cultural religious and political Canvas of Burma now Myanmar by two powerful events the British colonial conquest and the Japanese occupation of the country during World War II The book tries to show how these influenced the dynamics of the Burmese and the ethnic communities largely the karens Traversing through historical Burma the book recounts the country strife for independence from colonial Britain and imperial Japan the post Independence conflicts in the country between the majority Burmese and the ethnic minorities exploding in insurrection by the karens the military coup of 1962 The stranglehold of successive military juntas and Nobel laureate Aung San Suu kyi s courageous yet inconclusive efforts to bring about change Touching on individual lives The novel creates cameos of Indians who migrated to Burma from then British India and the Indians who arrived in the country with the Japanese Army and the Indian National Army Capturing the upheaval of communities the uprooting of families and hard sacrifices made by those who could not emigrate the book portrays the deprivation of peaceful livelihoods to generations of citizens and immigrants alike forcing many to take up arms in the fight to preserve a heritage and many to restart their lives in New environments *Bulletin of the Burma Studies Group* Burma Studies Group, 1995 From Edinburg to India & Burma W. G. Burn Murdoch, 2022-04-06 Excerpt Some time ago I wrote a book about a voyage in a whaler to the far south to a white silent land where the sun shines all day and night and it is quiet as the grave and beautiful as heaven when it is not blowing and black as the other place A number of people said they liked it and asked me to write again therefore these notes and sketches on a Journey to India and Burmah They may not be so interesting as notes about Antarctic adventure and jolly old Shell Backs and South Spainers on a whaler but one journal ought at least to be a contrast to the other The first a voyage on a tiny wooden ship with a menu of salt beef biscuit and penguin to unsailed seas and uninhabited ice bound lands the other in a floating hotel with complicated meals and crowds of passengers to a hot land with innumerable inhabitants I trust that the sketches I make on the way will help out my notes when they are not quite King s English and that the notes will help to explain the sketches if they are not sufficiently academical for the general reader and moreover I fondly believe that any journal written in the East in these years of grace 1905 6 must catch a little reflected interest from the historic visit of their Royal Highnesses the Prince and Princess of Wales to India and Burmah **The British National Bibliography** Arthur James Wells, 2000 *Thailand, Burma* Dieter Rumpf, 1988 **Parliamentary Papers** Great Britain.
