Wally Bryant who taught me to tie my shoes well after I started grade school said that she probably meant directly I was always hearing about the shortest distance between two points but directly never really meant as a crow would fly at our house When I got in the Navy I encountered hurry up and wait in its fullest glory It did not take me too long after that to figure out that the naval command had made some long distance calls to Grandma Gruver to really fully understand the significance of the word directly Now I since have heard the old song about the frog who went courting The Brothers Four related that Frogg took the direct approach This comes closest to my way of thinking In my book I never tell a girl that she is the most beautiful girl in the world if she isn't I suppose that there are exact syllable counts for all five lines of a limerick My feeling is to say the words in the straight way of speaking and still have the rhyme With the exact syllable count in place sometimes a person just can't say it all My grandma Young furthermore would have told me to tell a girl that I love her in words and syntax that she could understand While many of the poems are not limericks most are These are real girls and in all cases I like them very much Nearly all the girls have a copy of the poems I wrote them Sadly in the process some of the poems got lost To those girls I am very sorry
