Murray, 2016-12-01 The challenges posed by Decadence to Victorian moral conventions particularly sexual have been well documented but this book makes the case for understanding Decadence as a response to the ways in which place was accorded moral value in the period The book uses landscape as a key trope for exploring Decadent writing's approach to location and identity Drawing on a wide range of fin de siècle literature organised around a series of locations from Naples to New York Murray argues that Decadent writers developed a form of landscape and place based writing using a series of stylistic features to challenge the increasing homogenisation of both place and literary culture Decadence and the literature of the fin de siècle are re framed as a politically engaged form of landscape writing This is an ambitious and richly researched study The Dream of an Absolute Language Lynn Rosellen Wilkinson, 1996-01-01 Traces the reception of Swedenborg's
