Sperm Wars The Science Of Sex Paperback:

Sperm Wars Robin Baker, 2006-01-03 This classic work on the rules of sex updated for a new generation is still as provocative as the day it was published providing simple explanations for any and all questions about what happens in the bedroom Sex isn't as complicated as we make it In *Sperm Wars* evolutionary biologist Robin Baker argues that every question about human sexuality can be explained by one simple thing sperm warfare In the interest of promoting competition between sperm to fertilize the same egg evolution has built men to conquer and monopolize women while women are built to seek the best genetic input on offer from potential sexual partners Baker reveals through a series of provocative fictional scene the far reaching implications of sperm competition 10% of children are not fathered by their fathers over 99% of a man's sperm exists simply to fight off all other men's sperm and a woman is far more likely to conceive through a casual fling than through sex with her regular partner From infidelity to homosexuality to the female orgasm *Sperm Wars* turns on every light in the bedroom Now with new material reflecting the latest research on sperm warfare this milestone of popular science will still surprise entertain and even shock

Sperm Wars Robin Baker, 1998-11 Demonstrates that our sexual behavior in all its love enhancing relationship destroying exquisitely pleasurable risky exotic erotic forms is driven neither by our psyches nor our conscious minds but by biological imperatives evolution programmed into us millions of years ago These imperatives create a competition that the author calls sperm warfare Using a series of fictional scenes involving some form of sexual contact followed by an interpretation of the behavior from the viewpoint of an evolutionary biologist *Sperm Wars* gives you a window into sexual behavior your own that of others unlike any you've seen before

Sperm Wars Reginald Robin Baker, 1996 The Infanticidal Logic of Evolution and Culture A. Samuel Kimball, 2007 This book argues that because existence costs the two words are cognates any living thing must economize shift more of its energy costs onto the world including other living things than its competitors are able to that to economize is

therefore to engage in exchanges that are sacrificial at their core and that such economization is infanticidal in its ultimate implications A Samuel Kimball is Associate Professor of English at the University of North Florida *Family Values* Kelly Oliver,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company **Dollars and Sex** Marina Adshade,2013-03-19 Like Freakonomics Dollars and Sex takes economics and converts it into a sexy science by applying the principles of supply and demand and other market forces to matters of love courtship sex and marriage As she does in her hugely popular blog author Marina Adshade explores the marketplace for sex and love using research economic analysis and humor to reveal just how central the interplay of libido gender love power and economic forces is to the most important choices we make in our lives Call it Sexonomics **The Politics Of Lust** John Ince,2010-09-09 An attorney erotic arts activist and sexual theorist argues that the American culture s much touted sexual hedonism is in fact mere bravado Ince shows that though 30 years have elapsed since the sexual revolution negative attitudes are still prevalent toward nudity masturbation homosexuality and many other sexual subjects Sexual Selections Marlene Zuk,2002-06-04 Zuk s analogies are better than anyone s pithy insightful and funny Who said feminists lack humor Zuk made me laugh with deep pleasure more than once as she reviewed the lessons of feminism for our understanding of non human animals Her main point that studying the lives of non humans should not be for the lessons they seem to provide for our political purposes but for the pleasure of knowing nature on its own terms will be compelling reading for all naturalists feminists and not feminists alike Patricia Adair Gowaty editor of *Feminism and Evolutionary Biology* Marlene Zuk uniquely combines a great breadth of knowledge about the behavior of animals with an ability to challenge conventional wisdom She also writes with a graceful style and a mischievous wit The result is a bold fresh and feminist book about how our sex lives evolved Matt Ridley author of *Genome* This is an engaging and much needed book which I hope will be widely read Sarah Blaffer Hrdy author of *Mother Nature Maternal Instincts and How They Shape the Human Species* The Caveman Mystique Martha McCaughey,2012-09-10 Has evolution made men promiscuous skirt chasers Pop Darwinian claims about men s irrepressible heterosexuality have become increasingly common and increasingly common excuses for men s sexual aggression The Caveman Mystique traces such claims about the hairier sex through evolutionary science and popular culture After outlining the social and historical context of the rise of pop Darwinism s assertions about male sexuality and their appeal to many men Martha McCaughey shows how evolutionary discourse can get lived out as the biological truth of male sexuality Although evolutionary scientists want to use their theories to solve social problems evolutionary narratives get invoked by men looking for a Darwinian defense of bad boy behaviors McCaughey argues that evolution has nearly replaced religion as a moral guide for understanding who we are and what we must overcome to be good people Bringing together insights from the fields of science studies body studies feminist theory and queer theory The Caveman Mystique offers a fresh understanding of science science popularization and the impact of science on men s identities making a convincing case for deconstructing rather than

defending the caveman 50 Things You're Not Supposed to Know Russ Kick,2004-11-01 Ever feel like you re being kept in the dark Do you feel like the facts and history you rely on might not be the truth the whole truth and nothing but Russ Kick delivers a second round of stunning information forgotten facts and hidden history all thoroughly researched and documented Sized for quick reference filled with facts illustrations and graphic evidence of lies and misrepresentations 50 Things You re Not Supposed to Know Volume 2 presents the vital often omitted details on human health hazards government lies and secret history and warfare excised from your schoolbooks and nightly news reports Russ Kick and The Disinformation Company have published five successful books together since 2001 Each one has become a bestseller establishing Russ as the leader in gathering and disseminating the hidden history forgotten facts secret stories and covert cover ups that they don t want you to know *Cultural Encyclopedia of the Body* Victoria Pitts-Taylor,2008-09-30 Pop culture and the media today are saturated with the focus on the aesthetics of the human body Magazines and infotainment shows speculate whether this or that actress had breast implants or a nose job Americans are not just focusing on celebrities but on themselves too and today have unprecedented opportunities to rework what nature gave them One can now drop in to have cosmetic surgery at the local mall Contemplating the superficial nature of it all grows tiresome and pop culture vultures and students can get a better fix for their fascination with the body beautiful through the cultural insight provided in this amazing set Cultural Encyclopedia of the Body is a treasure trove of essays that explore the human body alphabetically by part detailing practices and beliefs from the past and present and from around the world that are sometimes mind blowing and eye popping Body parts are examined through a multifaceted cultural lens Readers will explore how the parts are understood what they mean to disparate societies how they are managed treated and transformed and how they are depicted and represented The entries draw from many disciplines that are concerned to some degree or another with human bodies including anthropology archeology sociology religion political history philosophy art history literary studies and medicine The encyclopedia proffers information on a number of cultures tribes and customs from East and West Ancient practices to the latest fad which in fact might continue ancient practices are illuminated Other considerations that arise in the essays include comparisons among cultures the changing perceptions of the body and issues of race gender religion community and belonging ethnicity power structures human rights *Sex In The Future: The Reproductive Revolution and How it Will Change Us* Robin Baker,2001-07-11 Provocative and often shocking Sex in the Future examines how advances in reproductive technology will change human behavior In vitro fertilization and surrogate motherhood could mean the end not only of infertility but also of the need for men and women to form relationships or for women to interrupt careers for pregnancy Sperm and egg storage mean people can literally shop for genes while cloning egg egg fertilization and other techniques will lead to fertility on demand in a Reproduction Restaurant What will all our choices be and how far down this road do we want to travel **The Monumental Impulse** George L. Hersey,2001 A highly original view of the relationship

between architecture and the biological sciences How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book Two Jon Knowles, 2019-03-31 The ghosts that haunt our sexual pleasure were born in the Stone Age Sex and gender taboos were used by tribes to differentiate themselves from one another These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city states and empires For the early Christians all sex play was turned into sin instilled with guilt and punished severely With the invention of sin came the construction of women as subordinate beings to men Despite the birth of romance in the late middle ages Renaissance churches held inquisitions to seek out and destroy sex sinners all of whom it saw as heretics The Age of Reason saw the demise of these inquisitions But it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime degeneracy and sickness The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists such as Alfred Kinsey and Margaret Sanger sought to carve out a place for sexual freedom in society However strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence Book Two of this two part publication traces the history of sex from the Victorian Era to present day Interspersed with personal hauntings from his own life and the lives of friends and relatives Knowles reveals how historical discourses of sex continue to haunt us today This book is a page turner in simple and plain language about how sex got screwed up for millennia For Knowles if we know the history of sex we can get over it **100 Things You're Not Supposed to Know** Kick, Russ, 2014-03-01 This book sheds light on those things that people in power government religious leaders corporations the rich and well connected would just as soon wish you didn't know To them secrets are power And they'll do whatever it takes to keep them that way suppressing the truth and covering up facts that might make the rest of us angry enough to challenge the powerful or at least to have a good laugh at their expense Using careful research and impeccable sources Kick uncovers the hidden truth For example self appointed censors warn constantly about the dangers of pornography but the fact is that pornography has existed since the first cave people carved dirty pictures on the walls It's also true that two atomic bombs were dropped on North Carolina although we managed to avoid nuking Greenland Texas Canada Britain and Spain George Washington embezzled government funds 1 of 10 people is not fathered by the man they believe is dad Barbie is based on a German sex doll The American colonists practiced cannibalism and much more This is a combined edition of 50 Things You're Not Supposed to Know volumes 1 and 2 first published in 2003 and 2004 **Evolution Rx** William Meller, 2009 Provocative science based and practical Evolution Rx presents a new and powerful way of understanding the human body based on evolutionary medicine **The Science Times Book of Insects** Nicholas Wade, 1998 **The Mother of All Pregnancy Books** Ann Douglas, 2009-12-14 Whether you're an expectant parent or you're just thinking about it this comprehensive guide features a nonbossy fresh and fun approach to the greatest adventure life has to offer Based on the best advice from over 100 Canadian parents this information is served up with a uniquely Canadian

spin Never one to shy away from the tough topics Ann Douglas addresses the concerns that all parents have to consider when facing pregnancy With over 225 000 Mother of All books sold in Canada Ann Douglas provides the inside scoop on what it s really like to have a baby The straight goods on preparing your body for pregnancy Practical advice on how to increase your chances for conceiving quickly The top ten worries for each trimester with a hefty dose of reassurance A glossary of pregnancy and birth related terms A sneak peek of life after baby This book is the manual for those looking for real world advice to help them during all the stages of pregnancy from conception to birth and all that can occur throughout **The Publishers Weekly** ,1972
