The Vandellas the Supremes and The Shangri Las These seven sister groups serve as the basis for a broader look at the many girl groups of the period offering a roadmap through the work of the many stakeholder the singers songwriters producers and record labels that the girl group phenomenon made possible MacLeod also reviews the significant influence girl groups had on the many male bands of the 1960s as well as their influence on the post 60s movements from punk to new wave ultimately serving as the template for the girl groups and all girl bands that emerged in the 1980s Finally The Leaders of the Pack brings us to the present as MacLeod compares the original girl groups with female performers of today drawing lines of connection and contrast between them Leaders of the Pack is essential reading for students scholars and fans of 1960s music and culture It will further interest anyone interested in women s studies modern American and British culture and music history with important forays into such topics as the Civil Rights Movement second and third wave feminism and post war life
