**Spice up Your Soul** Jenny Pugh, 2019-07-31 The objective of this book is to inspire and to remind us of our true nature and value as human beings The author Jenny Cailing Pugh had spent decades and most of her life searching researching introspecting and studying the essence of being human and she had come to the conclusion that the soul is the link that catapult human lives from any misery that humans experience in the material world to the Higher Self and Purpose of life The book shows the way to create miracles in your individual life when you feel like your situations become so difficult and beyond your control Once in a while if not often most people would find themselves entangled in life s various problems in any areas such as financial difficulties relationships in family and loved ones failures in career and business and many more as you continue to journey in life Many people just exist and drift by in life without direction because they are disconnected from the essence of their being they forget worse have no idea that they have a power within them that is all knowing and that could create miracles in their lives if only they had learned to reach deep down within them to the powerful essence of their existence Read my book and be blessed
