

I'm a Spider

Objective: Building metacognitive skills.

Rationale: A working memory is the basis to all academic skills.

Materials: Copy the word cards on tag, laminate, and cut. Place the cards in a pocket chart.

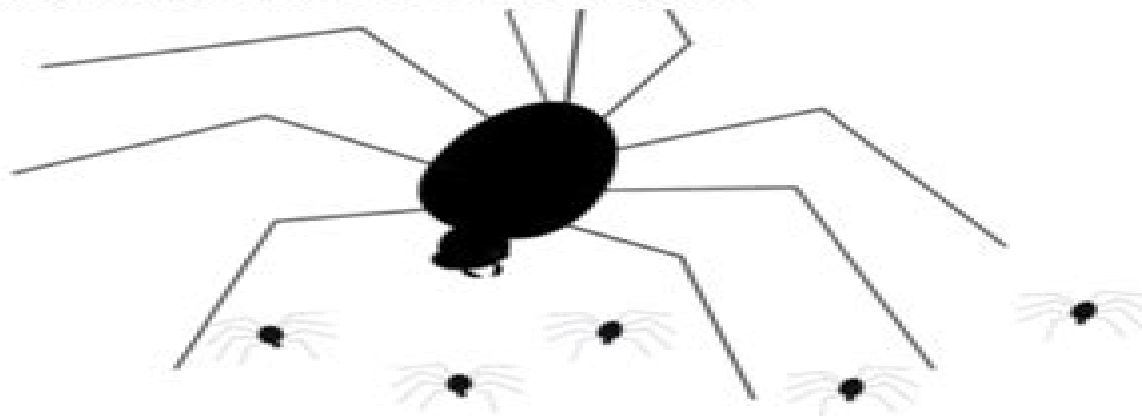

Seat the students near a pocket chart.

Today we are going to sing the song "I'm a Spider," and then play a game with the song. Sing the song through with the students using the traditional tune of *Bingo*!

Great! Now we are going to use our brain power! Point at the letter s. We are going to put the letter s into our brains. When we sing the song this time, we will only think the letter s and make a picture of it in our brains at the same time. (Turn all three s's over). Sing the song again. This time, when you reach the letter s, point at it and touch your head to remind students to think the letter.

Continue until all of the letters have been turned over.

All of the letters to spell spider are now locked in our brains. Does anyone think they can spell spider for me? Assist students to spell spider.
