Jayachandran, 2016-03-17 Innovation manifests itself as a key driver of improved productivity and sustainable growth in today s global economic landscape This book brings together perspectives and case studies from across the world discusses frameworks and actual conditions required for innovation and examines a variety of themes such as technology innovation research development team and human resource management product and process creativity and entrepreneurship development to augment strategic and competitive advantage It will prove essential to those in business and management entrepreneurship economics and development studies particularly those interested in innovation strategic planning and business leadership Spinoff , 1999 **The British Sitcom Spinoff Film** Stephen Glynn, 2023-12-07 This book constitutes the first full volume dedicated to an academic analysis of theatrically released spinoff films derived from British radio and television sitcoms Regularly maligned as the nadir of British film production and marginalised as a last resort for the financially bereft industry during the 1970s this study demonstrates that the sitcom spinoff film has instead been a persistent and important presence in British cinema from the 1940s to the present day and includes occasional works with distinct artistic merit Alongside an investigation of the economic imperative underpinning these productions i e the exploitation of proven product with a ready made audience it is argued that with a longevity stretching from Arthur Askey and his wartime Band Waggon 1940 to the crew of Krupt FM and their recent People Just Do Nothing Big in Japan 2021 the British sitcom spinoff can be interpreted as following a full generic life cycle Starting with the formative stage where works from Hi Gang 1941 to I Only Arsked 1958 establish the genre s characteristics the spinoff genre moves to its classic stage where secure for form and content it enjoys considerable popular success with films like Till Death Us Do Part 1969 On the Buses 1971 The Likely Lads 1976 and Rising Damp 1980 the genre s revival since the late 1990s reveals a more parodic final stage with films like The League of Gentlemen s Apocalypse 2005 adopting a consciously self reflective mode It is also posited that the sitcom spinoff film is a viable source for social history with the often stereotypical re presentations of characters and events an often blatant ideological metonym for the concerns

of wider British society notably in issues of class race gender and sexuality **Literary Spinoffs** Birgit Spengler, 2015-03-05
