Coming Full Circle: One Woman'S Journey

Through Spiritual Crisis Carol L. Noyes, 2014-08-13 Her journey of recovery from bipolar disorder and her insights are described in this book an autobiography of Carol Noyes When Carol went through mid life crisis in the spring of 2006 her world was turned upside down Carol was able to wean herself off drugs after over four years on psychiatric medications She found natural alternatives that effectively helped her to recover and to lead a productive life Carol believes that the current medical paradigm is inadequate and often unable to help individuals to heal and to bounce back Carol nearly died from a combination of the swine flu and lithium poisoning Her descent to the bottom of the metaphorical well provided the impetus for her to research non drug therapies These therapies along with faith hope and courage brought Carol back to a peaceful life Carol recounts her life and investigates the factors that precipitated imbalance She writes about her extraordinary experiences during expanded states of consciousness She also delves into the world of symbols and mythologies describing how they became poignant for her Carol calls her experience a time of spiritual awakening a time of developing self esteem learning to love herself and finding her true purpose She hopes that her insights will help others going through spiritual crisis Those interested in humanistic psychology personal growth and spirituality may find this book fascinating

Meditation for the Modern Man P. K. Sholapurwala, 2015-05-18 The book gives detailed knowledge about what meditation is and what it is not It defines the fine nuances and intricacies of the art of meditation and points the reader to the true path of conscious evolution building a higher self awakening self awareness and self analysis It stresses the fact that meditation can lead to transmutation of the self it can be a form of therapy or cleansing and ultimately leads to living a good life out of free will The word cognitive meditation is used to explain in detail the cognitive abilities of nonself awareness and their limitations It further goes on to explain the perception achieved by self awareness or the I The book has a separate section on meditation techniques and gives a point by point method which can be followed to achieve success A lot is explained about the obstacles faced during developing this meditation technique and elaborate examples and solutions are explained to overcome the same A detailed explanation of the differences between cognitive meditation and other meditation techniques and goals is presented in an easy to understand format Cognitive meditation is more scientific in nature not scrambled with religion and hence the author feels more suitable for the modern society
