Faith and Fiction Anita Gandolfo, 2007-08-30 In recent years there has been an explosion in the market for fiction on religious topics and themes most notably Dan Brown's The Da Vinci Code The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Gandolfo examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available The phenomenon surrounding Dan Brown's The Da Vinci Code has led to a cottage industry of interpretations attacks and commentaries but one thing is certain the book has had an enormous impact on American society culture and religious understanding not to mention the publishing industry which scrambles to find similar religious books to feed to an eager public But The Da Vinci Code is not the only book of its type on the market today In recent years there has been an explosion in the market for fiction on religious topics and themes with an entire series devoted to the impending Rapture as described in the Left Behind series Some fiction does not take an explicitly religious theme as these books do Instead writers like Andre Dubus and Ron Hansen imbue their creative work with spiritual and religious themes embedded in the everyday lives and concerns of their characters Regardless of the specific approach what is not in doubt is that American readers have made the authors of these works wealthy as bookstores cannot stock their shelves with enough copies Why the recent surge of interest in Christian fiction How does it reflect trends in our culture and our lives How has it changed our society and our understanding of spirituality and religion How accurate are these books in terms of the theology they espouse The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of

the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Faith and Fiction examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available *Children, Spirituality, Loss and Recovery* Joyce E. Bellous, 2013-09-13 The book demonstrates the hopeful stance the young take in response to ordinary suffering and significant trauma when adults talk with them about their losses Its underlying themes convey the truth that loss and recovery are normal in the process of growing to maturity It examines the strength of the child's capacity for resilience through partnerships with adults who allow children to focus on the loss and tell the story of its meaning to someone who really hears it The authors agree that adults need to perceive their own losses so that their attentiveness to the young is informed by wisdom that comes through self understanding but also agree that many adults do not offer that help to children because they believe it will make matters worse The book reveals this fear as a false notion by dealing with childhood traumas such as acquired disability warfare HIV AIDS death of one's parents and cultural dislocation The authors are experienced practitioners who provide practical and theoretical insight into the dynamics of loss and recovery The book offers hope for those who live and work with children and youth through its studied approach to addressing loss by describing young people's potential to work towards wholeness even in the face of fundamental losses to their security This book was published as a special issue of the International Journal of Children's Spirituality **Listening to Children on the Spiritual Journey** Catherine Stonehouse, Scottie May, 2010-06 Two children's spirituality experts draw on over a decade of field research to show how adults can effectively work with children to nurture their faith Welcoming Children Joyce Ann Mercer, 2005-11-01 This book develops a theology of childhood both from a theoretical basis in biblical theology especially the gospel of Mark and practical experience in children and youth ministry Mercer builds on classical theologians such as Augustine Calvin Barth and Rahner as well as modern feminist theologians such as Brock and Russell She gains insights from pastoral theologians such as Capps and Couture and from contemporary cultural criticism Mercer challenges approaches to educational and liturgical practices with children in congregations that segregate children from the rest of the church and its key practices of service mission worship care and learning She reframes ministries with children as processes through which the church as a community of practice forms children into an alternative identity that resists surrounding consumerist culture and walks in the ways of Jesus This book offers strategies for educational practices with children in congregations as it seeks to address the question What might educational practices that welcome children and contribute to their flourishing look like in the context of a faith community where children's learning happens in collaboration with experienced practitioners of faith Outlining a feminist practical theology of childhood it explores five basic theological claims 1 children as gifts and parenting as a religious practice of stewardship 2 welcoming those who welcome and care for children 3 children as already fully human 4 children as part of

the purposes of God and 5 acknowledging and transforming the sufferings of children      **A Relentless Hope** Gary E.
